

THE WEEK IN CALIFORNIA

# Lawmakers Take Another Trip To Sacramento; Consider Funds

By United Press International  
The state's lawmakers were packing their bags for another trip to Sacramento and a second look at the state's finances following a six-month session that ended in burial of Gov. Edmund G. Brown's tax program.

They begin their special session - which could last for a few days or a few months - at the request of Brown, whose plan to accelerate tax collections to balance a record budget was crushed in the final hours of the general session that ended two weeks ago.

Before they left, they passed an "austerity" budget of \$3.1 billion for 1963-64, a budget stripped of \$104,000,000 in new programs and proposed increases in various departments, most notably education. With this, a special session seemed a foregone conclusion.

**Last Minute Meetings**  
Brown was holding last minute meetings to decide by what means he would attempt to restore the lost income, but he said his new plan, like the old one, would not require new taxes. At the same time, he said he would "take a look" at any new taxes that could be approved in the special session.

**Hearing:** The chairman of the House Subcommittee on Un-American Activities said he would ask the Justice Department to prosecute 12 persons for alleged unauthorized trips to Cuba.

**Wendy:** Dark-eyed, dark-haired brunette Wendy Lee Douglas, 19, Sacramento, was chosen Miss California for 1963 in Santa Cruz. What most impressed the judges was Wendy's delivery of a selection from "Porgy and Bess" and her singing of "Summertime" from the same opera.

**Book:** The State Supreme Court ruled that the constitutional protection in response to committee questions.

**Rep. Edwin E. Willis, (D-La.),** made the statement after two days of hearings in Los Angeles by the committee. Pickets paced the federal building during the hearings, most of them urging the committee be abolished. Most of the 12 witnesses invoked constitutional protection in response to committee questions.

**California's contestant for the Miss America crown** won a screen test, a \$1,100 scholarship, and 80,000 miles of travel for personal appearances for which she will receive between \$16,000 and \$20,000. Wendy said she wanted a career on the stage when it's all over. The runner up for the title was Jacqueline Ann Biene, 20, Fresno.

**Counterfeit:** Oakland police and U.S. Secret Service agents smashed what they called the largest counterfeiting operation in the history of the U.S. Secret Service when they confiscated \$14 million in bogus \$20 and \$50 bills they described as "near perfect."

**Agents raided a restaurant** owned by Joseph Memoli, 40, and found \$1.2 million in counterfeit bills, later arrested Eugene Allen, 36, San Leandro, an electronics engineer who allegedly had been "aging" the bills. Allen yielded another \$200,000 in fake bills.

**Also arrested was a 270-pound tavernowner,** Guy J. Smith, 39, Oakland. The operation, carried on in an inconspicuous house, produced what agents called the largest cache of bogus money seized since that of Nazi Germany in World War II.

**The most vocal cries for more money have come from educators,** who say population increases and related needs demand more finances. Elsewhere, there were these developments:

**Special programming for the summer season** has been announced for the members of the Medford Toastmasters. The first meeting in this new schedule will be held Monday, July 8, at 6:30 p.m.

**The program will be presented by** Wall Nunley, Dan Hull, Tom Upton, John Brandenburg and Bob Boyer. Topic evaluator will be Jack Hoffbuhner and the general evaluator, John Austbo.

**Other meetings have been scheduled for** July 15, July 22 and July 29.

## New Action On Pilot Butte Inn

Portland - (UPI) - The acting U. S. Attorney Friday petitioned for removal of court action on efforts to auction the Pilot Butte Inn in Bend from the Deschutes County Circuit Court to the U. S. District Court.

The action by acting U. S. Atty. Sidney Lezak would remove the case from Deschutes County where a restraining order has been issued against the U. S. Marshal and sale of the inn has been set for Thursday, July 11 in the Deschutes County Courthouse.

A hearing is set for the previous day, July 10, by Federal Judge Willm East to determine if the sale should go on as scheduled.

Sale of the large hotel in downtown Bend by the U. S. Marshal became bogged down for the third time a week ago when a restraining order was served by Sheriff Forrest C. Sholes.

The action was termed a "conspiracy by a bunch of members of the local bar" by California attorney Edward Bloom who represents the plaintiff, Martin T. Byrne in a civil suit against Jack Daniel Corbett and others, alleged owners of the property.

## Portland Revokes Simmons License

Portland - (UPI) - The City Council Friday revoked by unanimous vote the instructor's license issued two months ago to William Gressinger to conduct the Simmons Institute here.

## State's Mineral Production Declines

Portland - (UPI) - Oregon's mineral production declined \$600,000 in 1962 from the previous year, the Bureau of Mines, Department of the Interior said Saturday.

The Institute, which advertises sales technique and personality development courses, was denied a vocational school license by the State Superintendent of Public Instruction following a hearing in May.

The Bureau's Division of Mineral Resources at Albany said Oregon's total mineral output in 1962 was valued at \$52.4 million, compared to some \$53 million in 1961.

Gressinger has filed notice of appeal in circuit court. The city attorney's office said the Institute has continued to operate in Portland without a state license. Gressinger claims to hold the franchise for the Simmons Institute here.

Principal commodities were stone, sand and gravel, cement and nickel ore. The value of the state's stone production decreased slightly due to a lower average value per ton of crushed stone and fill material produced for Army Engineers' projects.

Police disclosed earlier this year that Charles M. Simmons served 2 1/2 years in prison in Kansas for a 1937 arson conviction and that he has been indicted on a charge of fraud in California.

Output of nickel ore was about the same and sand and gravel production rose by nearly \$1 million.

## NLRB Overrules Ballot Challenge

## Seaside Mayor Replies To Bar

Seaside - (UPI) - Mayor Maurice Pysker answered criticism this week by the Oregon State Bar association of the firing of Municipal Judge Frank Walters.

Walters was asked to resign by the city council. He was charged with being too lenient and imposing small fines.

Measles Top List of Diseases in County  
Measles again topped the list of communicable diseases in Jackson county with a total of 18 cases, 13 of the red variety, and five cases of German measles, last week.

Mayor Pysker said that Judge Walters was not consistent and "was unreasonable in dealing out penalties, not only unreasonably low for major offenses but out of reason for minor charges which in our judgment would defeat the intent of our ordinances."
