Two Injured in City Accidents

Two area men were taken to Sacred Heart hospital for treatment Wednesday after they were involved in separate vehicle accidents in Medford, according to city police. Fred Carl Corbin Jr., 27, Applegate, was reported in good condition today after he was hurt when he was thrown from the motorcycle he was riding as it collided with a car driven by Elva Luther Frederick, 62, Central Point. The collision occurred about 5:20 p.m. at East Main st. and Barneburg rd. Officers cited Corbin for disobeying a stop sign.

Warren David Durham, 79, of 929 Beal lane, was treated as an out-patient at Sacred Heart hospital after he was injured when the bicycle he was riding collided with a vehicle operated by Stanley Lorain Hogenson, 60, of 1913 Birch st. Mary Bulah Cassal, 65, Shady Cove, was cited for violation of basic rule after the car she was operating struck a parked vehicle registered to Calvin Gale Walker. County To Check On Vacating Road

The county court will check the legality of vacating Flat Creek rd. off Elk creek rd. near Crater Lake highway. The Medford district office of the bureau of land management requested the vacation by petition.

However, during an earlier circuit court case the circuit court had declared the thoroughfare a public road. County Engineer Robert Carstenen questioned that the road could be vacated without consulting the district attorney.

In its petition, the BLM declared the road is in a sad state of repair and is unsuited to log hauling without extensive rehabilitation and proper maintenance. However, the BLM cannot legally expend money for maintenance of a public road. The BLM proposed to acquire necessary rights-of-way across the Neva Taylor property and make the road part of the federal access road system. Mrs. Taylor has agreed to the right-of-way and an agreement has been reached with Elk Lumber company, the other property owner affected.

KIMMY SAYS—

Editor's note: This column is written by a Medford teen ager who has chosen the nom de plume of "Kimmy." Other teen agers in the area—and, who knows, perhaps even parents baffled at their offspring's behavior—are invited to write to "Kimmy," in care of the Mail Tribune, for suggestions or advice on manners, dress, behavior and similar subjects.

Dear Kimmy: There is a very nice boy that I am interested in. How do I go about getting him?

Lonesome Dear Lonesome: Show this boy that you are interested in him by being especially sweet to him. Show that you care more about him than the other boys. If the boy likes you a little now, remember, it's because you are you. What I'm driving at is, don't try to act like anyone else but yourself.

Nothing enchants a boy like a warm smile and a wink with sincerity behind them, meant just for him. Good luck and I hope you're not Lonesome too much longer.

Dear Kimmy: What would you do if a boy whom you liked very much, told you that he didn't know if he loved you or not because he didn't know what love meant? He might not be alone because now he's got me thinking on what love really is. Kimmy, what is love and how do you know that you are in love?

Dumb One Dear Dumb One: Don't consider yourself Dumb, just because you don't know what love is. Love, as it would be defined in a dictionary, is a very strong affection, deep emotional feelings between two people, in this case, I can't really tell you how you'll know that you are in love, other than just saying that - you'll know it, better.

House Committee To Start Monday On Tax Cut Study

Washington - (UPI) - After a 26-day interruption, the House Ways and Means Committee will resume work Monday on the big tax cut President Kennedy wants enacted this year.

Although Kennedy aides have been pressing for faster action, it is doubtful that a bill can be steered to the House floor for a vote before mid-August.

The committee's bill is expected to provide a reduction in everybody's federal income taxes, effective next Jan. 1. The odds strongly favor House passage.

Confident of Action Although Senate action on the tax bill is certain to be delayed by a struggle over civil rights legislation, administration aides professed confidence that Congress would complete action on both measures this year.

The White House has put top priority labels on both bills. Kennedy has insisted that an economy-stimulating tax cut is needed to avoid danger of a recession next year and to create new jobs to curb unemployment which is much higher among Negroes than whites.

Chairman Wilbur D. Mills (D-Ark.) suspended tax action by the Ways and Means Committee on June 18 to give the staff time to draft legislation embodying the committee's tentative decisions. The draft will be ready Monday.

It probably will take the committee at least two weeks to hammer the tax bill into final shape. Then, it will take additional time to clear the measure to the House floor.

New Revenue Expected As it stands now, the draft includes tentative decisions that would yield \$600 million of the \$3.6 billion in new

ERADICATION OF BRUCELLOSIS GOAL

Salem - (UPI) - The goal of complete eradication of brucellosis among cattle in Oregon was reaffirmed at a joint meeting Wednesday of the brucellosis advisory committee and the state board of livestock auction markets.

Cattlemen suggested that a return to testing at livestock auction markets of all eligible cattle might be the only answer to eradication of the disease.

Auction market representatives said they thought all livestock auctions would cooperate if this was the only way of achieving eradication.

Material failures are responsible for only 12.4 per cent of the fatal airplane accidents in the U.S.

New York had been the most populous state in the Union since 1820 and still has about 10 per cent of the U.S. people, though 29th in area.
