

A substantial sum for Oregon Shakespearean festival scholarships was presented to the festival association last week by Tudor guild. The check for \$3,800, largest ever presented to the association by the guild, was turned over to Angus Bowmer

(right) producing director of the international festival, by Mrs. Elliott B. MacCracken, guild president, last week. Frank Davis, guild treasurer, is shown with Mr. Bowmer and Mrs. MacCracken. (Smith photo)

### Guild Presents Scholarship Check

Asland - The largest single scholarship fund check was presented to the Oregon Shakespearean Festival this week by Mrs. Elliott B. MacCracken, president of the Tudor guild. The \$3,800 check represents proceeds from a large number of projects sponsored by the guild in its capacity as an auxiliary organization of the festival association.

Serving the festival for the last 12 years, Tudor guild's contribution is large enough to accommodate 12 scholarships - eight to actors, two to dancers, and two to technicians. These scholarships provide the means for the festival to maintain and to increase the established quality of its productions.

Several regular events and special projects are staged by Tudor guild each year. Key activities include such varied affairs as the annual theatre party and the popular book fair. Tudor guild gifts, also, functions throughout the year, answering mail order requests for an ever-growing list of unusual items. But, whatever the event may be, it has only one real purpose and that is to raise the maximum amount of money possible for the betterment of the festival's acting company.

Beyond the money-raising efforts, the guild also functions as a service organization, offering many valuable aids to each year's actors. Always popular with Asland company members are the tension-easing casting night dinner and the vaudeville closing night party. But even more valuable for actors on here - subsistence scholarships

are the guild's assistance in the finding of low-cost housing, the furnishing of basic living utensils, and the offering of an always-available emergency loan fund.

### Local Teachers Back From Texas

Miss Shirley Laney and Miss Nancy Purviance, 227 South Ivy street, have returned from a three-week visit in San Antonio, Tex., with Mrs. Maud Little, mother of Miss Laney and a physical education teacher at Asland High school.

Miss Purviance is physical education teacher at Crater High school.

Visiting with them are Miss Jane Lowell and Miss Nadine Falls, both physical education teachers in Albany, Ore.

Fashion's new cape look is interpreted in orange and red printed cotton. The cape effect begins at the sleeves to give a fluid look to the back of this high fashion design by Bud Kilpatrick.

### Awards Presented To Club

Central Point-State awards won by the members of the Central Point Garden club at the recent convention of the Oregon Federation of Garden clubs were presented when the group met recently at the home of Mrs. Gaston Floux, Grant road.

The club was presented a trophy for youth activities by Mr. and Mrs. Ed Greene, Oregon Agricultural Chemicals, Tulelake, Calif., and won third place for the bird scrapbook prepared by Mrs. C. W. Anhorn.

In the litterbug coloring contest, Zella Clark won first place in the 9-11 age group and Marsha Wilson won first in the 12-14 age group. Both are members of the Daffy Dill juniors.

Elaine M. Haley received second place for her poster on "Enemies of the Forest." Vern Swanson received honorable mention for his "Timber Tomorrow" poster.

Other awards were made to Mrs. Anhorn for outstanding junior activities, and James Anhorn for all around junior gardener. Mr. and Mrs. C. C. Hoover gave awards to Cathy Anhorn (9-11 age group) and James Anhorn (12-14 age group) for tree planting.

Convention reports were given by Mrs. Walter Rick, Mrs. A. O. Floyd, and Mrs. Arnold Bohnert.

A new member, Mrs. C. L. Campbell, was presented a corsage by Mrs. L. C. Gorden.

Mrs. Kenneth Mainwaring and Mrs. Ira D. Fitzgerald were visitors.

During the meeting plans were made to decorate the chapel at Camp White during July.

Members bringing horticultural specimens were Mrs. Glen Ward, Mrs. Gorden, Mrs. E. E. Reames, and Mrs. Ricks.

Co-hostesses for the desert luncheon were Mrs. Floyd and Mrs. Donald E. Faber.

Mrs. Arnold Bohnert is pictured here with the trophy which Central Point Garden club receive at the 1963 convention of the Oregon Federation of Garden clubs for outstanding work in youth activities.

### Family Returns From California

The Rev. and Mrs. K. L. Mathewson and their son, Randy, 302 South Grape street, have returned home after a trip to Yosemite National Park, Lassen National Park and into Southern California. They were accompanied by Mrs. Bessie Mathewson, Route 2, Box 227-D East Vilas road, mother of the Rev. Mr. Mathewson.

They were met by their son and grandson, Cordell Mathewson, in San Diego, where he has just completed basic training in the naval reserve.

After touring local points of interest they were accompanied home by young Mathewson.

### California Visitors

Shady Cove—Guests of Mr. and Mrs. Jack Thomas have been their daughter and family, Mr. and Mrs. Gary Hafner, Ontario, Calif.

The Hafners missed seeing Mrs. Hafner's grandmother, Mrs. Frances Miller, who is visiting another daughter, Mrs. Carol Franklin, San Diego, Calif.

### WORK SMARTER — NOT HARDER

By BERNICE STRAWN Oregon State University

Too many things to keep in mind? Let your minute timer help you remember. Set it to remind you when to start dinner, the time to make a phone call, to reduce the heat under the potatoes, or when the 3-minute eggs are done.

And if you want to chill a can of fruit juice in a hurry, put it in the freezer. Then set the minute timer for 20 minutes and take it out before it freezes.

Backyard barbecuers take note. Beware of makeshift grills.

One family grilled meat on an old refrigerator shelf which was perfectly safe in the refrigerator. But intense heat above hot coals melted the cadmium plating, which stuck to the meat. The result was cadmium poisoning.

Many household metal products are coated with cadmium. Grill only on equipment intended for this purpose.

"Why don't my clothes get clean?" We hear this question often. There are several possible reasons. Maybe the water isn't hot enough, or you don't use enough detergent to get out the soil. Is the washer overloaded?

Try adding a few less garments, check to see that they roll over freely. Are whites washed separate from colors? Is the water hard? Maybe you need a water conditioner. Add it to the first rinse as well as to the wash water.

Wash clothes often, before they are excessively dirty. Agitate heavily soiled clothes in water with detergent for one minute, stop washer and let soak 5-10 minutes, then agitate again for 5-10 minutes. Liquid chlorine (bleach) diluted in the wash water with detergent helps remove soil. Check label on the bottle for the amount to use. And do measure it.
