

'Football's Finest Hour' To Be Held

Portland-Neither team will have a decided weight advantage in the annual footballers' hospital all-star football game Aug. 17 in Multnomah stadium.

A check of the 27-man rosters of the State and Metro teams showed that the Metro backfield will average 173 pounds against 174 for the Staters. Up front the Metros will have a 2-pound edge - 196 pounds to 194.

The game - often called "football's finest hour" - brings together outstanding senior high school players of last year on a State versus Metropolitan basis.

Although there will be no advantage in the left department, State does figure to have an edge in the fact that Head Coach Fred Spiegelberg will have his quarterback back from last year's championship Medford team, Dan Miles.

Miles' familiarity with Spiegelberg's style of play is considered by most coaches to be a "real plus" for the Staters since Spiegelberg won't have to "break in" a signal caller. Bob Hull of Jefferson in Portland, will not have his own quarterback.

Hull's choices for the important quarterback position are from different schools, and he will have to acquaint them with his style of play.

Spiegelberg, probably the state's most successful high school coach, has not enjoyed too much success in the role of an all-star mentor, but the word is out that he plans to bend every effort this year to turn up with a winner.

State hasn't been in the winner's column since 1958 when they scored a narrow 7 to 6 victory. The closest they came to a win was in 1961 when the teams ended in a 19 to 19 deadlock.

The two squads will report here Aug. 4 for 2 weeks of intensive practice.

Tickets for the contest are now on sale by mail from Shrine game headquarters at 1119 S.W. Park ave. Reserved seats are \$3 and \$2. On Aug. 5 they will go on sale at J. K. Gills in downtown Portland and at Stevens & Sons jewelers in Portland (Lloyd Center) and Salem.

Jalopies Set To Roll At Speedway Track Sunday Afternoon

Jalopies of every make and model are entered in this afternoon's auto races at the Medford Speedway oval track in White City. With a maximum value of \$100 set on the entries, the public is in for an afternoon of fender-crunching slam-bang racing.

The last Jalopy derby, held two weeks ago, provided many exciting moments and race officials say today's events will be bigger and better. Those who saw the last race will remember that only nine cars out of a field of twenty-one finished the main event. Several times there were pile-ups involving up to 10 cars that brought the crowd to its feet.

Today's races will feature more cars and better weather will provide a faster track. Some drivers gained experience from the last race and there are a host of new cars and drivers registered for today's action.

A field of from 40 to 50 machines is expected to be in competition for this second race of the season.

Every driver will have his own fan club in the stands to cheer him on toward victory. Those who earn the right to enter the winner's circle will do so only after proving their driving skill, the dependability of their jalopy, and a little "luck" in most instances. Win, lose, or draw, the majority of the drivers have a good time in their adventures on the track.

Spectator gates are slated to open at noon. Drivers may use the track after 10 a.m. for practice. Time trials are scheduled to begin at 1 p.m. followed by the races at 2 p.m. Officials expect to have all events completed by 4 p.m.

The races today will be longer in length than those of two weeks ago. Heat races will be 10 laps in length, the semi-main will go for 15 times around the track and the main event is slated to be a 25 lap affair. The trophy dash will remain at four laps.

Trophies will be presented to first place winners in all events and merchandise awards are made possible by Medford area merchants. Jalopies representing Ashland, Medford, Talent, Phoenix, Eagle Point, Gold Hill, Central Point, Jacksonville, and Grants Pass are entered.

Bleacher seating is available at the track for some 1200 persons. A concession stand will be in operation and admission will be charged.

The Medford Speedway oval is located six miles north of Medford off Crater Lake highway. Turn right at Cascade Shopping center (in White City) on Antelope rd. and follow the signs. The track is one mile east of the shopping center.
