# McKinley Is Singles Titlist

Chicago — UPI — Chuck McKinley won his second successive men's singles title at the National Clay Courts championships Sunday by defeating Dennis Ralston in a battle of two young men who hold the key to the United States Davis Cup fortunes.

Both McKinley and Ralston frankly admitted after McKinley's 6-2, 6-2, 6-4 victory at River Forest that the Davis Cup was foremost in their minds.

McKinley, 22, San Antonio, Tex., the Wimbledon champion, said he was not going to think about turning pro until after the Forest Hill, Davis Cup and other championships — "and a lot could happen before then," he said.

# Connolly Saves Win For U.S.

Moscow — UPI — American track and field athletes showed their thanks today on hammer thrower Hal Connolly for saving a narrow team victory over the Russian men, but many wondered out loud, "who'll save us in the 1984 Olympics?"

A 1-2 finish in the 1,500-meter run by Daryl Burleson and Tom O'Hara was the highlight of five Sunday victories that enabled the Yanks to edge the Soviet men, 118-114. This was the narrowest American margin of victory in the five meets that have been held between these two leading world track and field nations.

Russian women swept the 11 events on the two-day program to rout their United States counterparts, 75-28.

From the Soviet standpoint, the most heralded achievement was Valery Brumel's world record high jump of 7 feet, 5 3/4 inches. The Russians won six of the final day's 11 men's events but could not overcome the 61-54 advantage the Yanks had piled up in Saturday's competition.

Still, the United States might have lost this meet for the first time had it not been for Connolly's unexpected victory in Saturday's hammer throw.

The 32-year-old Connolly, now teaching in Finland with his wife, Olga, had notified U.S. officials that he would be unable to compete against the Russians because of a back injury. He changed his mind at the last minute and came to Moscow for the meet.

Had it not been for Connolly's victory, the U.S. undoubtedly would have lost the men's competition, 117-116.

# 21,198 Driver Licenses Suspended

Salem — UPI — During the first six months of this year the driver's licenses of 21,198 persons were suspended in Oregon, the State Department of Motor Vehicles said today.

Oregon courts reported more than 123,000 traffic violation convictions in the six months period, a 6 per cent increase over a year ago.

Mandatory provisions of the law resulted in 18,652 license suspensions ranging from 30 days up to several years.

Another 2,546 were suspended by the department under its discretionary authority.

Included in the mandatory suspensions were 1,224 licenses of persons convicted of drunk driving.

Most of these were 90 suspensions as a result of a first conviction on the charge.

However 189 were involved in second-time convictions which brings a year's suspension and 64 were to three-time offenders who are suspended for three years.

Failure to comply with the state's financial responsibility law was the chief reason for license suspension during the period.
