# Giants Win Four in A Row; Downed Mets Suffer 19 Losses

By FRED DOWN  
UPI Sports Writer  
Willie Mays is on the move but even a .419 batting surge may be too late for the San Francisco Giants.  
The \$100,000 centerfielder who had been bogged down close to the .250 mark this season has made 13 hits in his last 31 at bats to boost his average to .281.  
The Giants have moved with him—six victories in their last 10 games—but that isn't

going to be enough to overtake the Los Angeles Dodgers unless they do an en foldo to end 'em all.  
The Giants ran their current winning streak to four games Thursday when they whipped the New York Mets, 8-6, as Mays drove in four runs with a homer, double and single. Willie McCovey also weighed in with three hits and knocked in two runs in San Francisco's 12-hit attack.  
The loss was the 19th in a row on the road for the Mets—qualling a 47-year old major league record for futility away from home.  
Ten Left On  
The Mets made 12 hits, including a run-producing single and a two-run homer by Duke Snider, but left 10 runners on base against the combined pitching of Billy Pierce, Bob Bolin and Billy Hoefl. Bolin, who yielded one run and six hits in 3 1/3 innings, scored his sixth victory against three losses.  
The victory enabled the third place Giants to move

## Yank Men Favored

Warsaw (UPI)—The United States track and field team, favored to capture first places in eight of the 10 men's events scheduled for today, was expected to break fast from the starting blocks in the opening day of a two-day dual meet with Poland.  
The Americans, determined to atone for their disappointing performance at Moscow last week end, appeared relaxed and finely tuned, a condition which the athletes attributed to the "informal" and "friendly" atmosphere here.  
The Yanks were reported in excellent shape following Thursday's light workout in sweltering 95-degree heat with the exception of John Pennell, world record-holder in the pole vault.  
The victory enabled the third place Giants to move

Readers Welcome  
Newspaper Advertising  
...It's Not an Intrusion!  
People really want newspaper advertising and have said so. Surveys usually show well over 80% in favor of newspaper advertising; less than 70% for magazines; and under 40% in favor of advertising on radio and TV.  
Your advertising's first job is to win a friendly feeling for your product. It stands to reason you will win more friends by running your advertising where most people want it.  
If you want to sell more people you have to reach them when they are receptive. Newspapers reach more of the most receptive people.
