# Miss Thriftway Wins Heat In Annual Diamond Cup Race

Coeur d'Alene, Idaho - (UPI) - The second heat of the sixth annual Diamond Cup hydroplane race on Lake Coeur d'Alene Saturday started as a Miss Bardahl-Miss Thriftway duel but Miss Thriftway with Bill Muncy in the seat, went on to win easily after the Miss Bardahl went dead in the water on the south turn of the second lap.

The first lap time of both boats was a dead heat at 1:09.429 miles per hour. After Tom Musson's Bardahl went dead in the water it was Muncy's race all the way. Muncy turned in his

fastest lap in the third lap with an average speed of 111.340 miles per hour. Muncy's average speed for the race was almost 10 miles faster than the winner of the first heat as he was clocked

at 109.287 miles per hour for the 15 miles as he picked up the 400 first place points. Earlier in the first heat Mira Slovak gunned the Miss Exide of Seattle to the lead on the first turn and never

lost it as he won the heat. Other finishers in the second heat were the Dollar Bill driven by Norm Evans who took second place with an average speed of 96.586 miles per hour. Finishing last in the heat was The Tempo, driven by Bob Schroeder with an average speed of 92.917.

### 'Togetherness' Is Key To Organized Playing

The formula that has worked for the Metro all-stars in the annual Shriners' hospital football game is going to get a try from the State all-stars. It's called "togetherness."

In 1954 the State all-stars completely overwhelmed the Metro, 50 to 9. To make matters worse, the win was the fourth in a row for the Staters, and officials of the colorful pigskin classic were concerned about getting the Metro "back in the game."

Up to that time the Metro players - all of them from the Portland area - lived at home during the two-week practice period prior to the game. The Staters were quartered in a downtown hotel.

Metro coaches argued they were handicapped by the fact their players didn't get to know each other. There was no "togetherness," they complained. Shrine game officials had the answer. In 1955 the Metro squad was brought together on the Lewis and Clark college campus, where they lived and practiced.

The next year the game ended in a 7 to 7 tie. Since 1957 the Staters haven't won a game, their best effort being a 19 to 19 tie in 1961.

For the past several years State coaches have argued that the Metro were favored by having quarters on the L-C campus, where the coaches could keep a close watch and the players could get to know each other. Living in a downtown hotel, they as-

# U.S. Mens Track Team Scores Win Over Poland

By DON LARRIMORE Warsaw - (UPI) - A come-from-behind triumph by Jim Dupree in the 800 - meter run and a sprint sweep by Henry Carr and Paul Drayton led the United States' men's track team to a 125-83 victory over Poland Saturday and erased some of the disappointment the Yanks suffered in Moscow.

The Americans won seven out of 10 men's events on Saturday's program - and a total of 16 out of 20 in two days - to show that they are a more powerful squad than their close 119-114 win over Russia last week indicated.

In addition, the U.S. women's team won two out of five events Saturday - four out of 10 in two days - and lost to the Polish women by a surprisingly close 58-47 score.

A half - capacity crowd of 40,000 watched the closing program at 10th Anniversary stadium, believing at first the Poles could make the final score close but finally having to settle for the fact that their team improved slightly on its 131-81 loss a year ago.

Dupree, Carr, and Drayton played major roles in dazzling Polish hopes as they thwarted two of the host nation's greatest stars, miler Witold Baran and sprinter Marian Folk.

Baran, a square - shouldered, powerful runner who competed in the United States in the last indoor season and finished second in the 1,500 meters here Friday, had been counted on by Poland to take the 800 meters.

But Dupree, of Los Angeles, after trailing for the first 500 meters, stormed into the lead

and then held off Baran's closing rush to win the event in 1:48.2, four-tenths of a second slower than his winning time at Moscow. Baran was right on his heels in 1:48.6 as four - minute miler Cary Wiegand of the U.S. Marines took third in 1:49.5.

It was a day of great disappointment for Folk, one of Europe's top sprinters. In the 200-meter dash, Carr of Arizona State, the world's fastest curved - track sprinter, led all the way to win in 20.8 seconds and Drayton of Cleveland nosed out Folk for second as both were timed in 21.0 seconds.

Then in the closing men's event, the 1,600 meter relay, the Polish team was disqualified when Folk dropped the baton on the leadoff leg.

In addition to Dupree, and Carr, U. S. men's victories were scored Saturday by Rex Cawley of Southern California in the 400 - meter hur-

dles in 50.8 seconds; Pat Traynor of Villanova in the 3,000 meter steeplechase in 8:43.6; Dave Davis of the U.S. Marines in the high jump with 6 feet, 11 1/2 inches; and the 1,600 meter relay team of Ullis Williams of Arizona State, Cawley, Lester Milburn of Texas Southern, and Carr in 3:30.6.

Poland salvaged victories in the hop - step - and - jump by world record holder Josef Schmidt with 55 feet, 1/2 inch, the javelin throw by Janusz Sidlo with 261 feet, 1 1/2 inches, and the 5,000 meter run - the only Polish men's track victory in two days - by Kazimierz Zemny in 13:54.4.

Winning for the U.S. women were Fran Davenport of Vista, Calif., in the javelin throw with 166 feet, 10 3/4 inches, and Willye White of Chicago in the broad jump with 21 feet, 3/4 inch.
