They'll Do It Every Time — By Jimmy Hatlo

NOW YOU KNOW

The Amazon River is the world's mightiest flow of fresh water, according to the National Geographic Society. With its tributaries, it drains 2.7 million square miles of South America.

"I could've got one wholesale–but in the Classified Ads they're cheaper!"

SERVE FOOD—Members of the Gray Ladies, American Red Cross, are here serving food as aides to dietetics staff for a "cook-out" hosted by the Klamath Falls ARC. Entertainment following the outdoor dining in the Veterans Memorial park, with its built-in kitchen, included Juanita Stevens, Klamath Falls, Oregon state twirling champion, and Karen Ramey, Klamath beauty winner. It was one of several "cook-outs" scheduled during the summer months for the disabled veterans residing at the Veterans Administration facility at White City.

Station Wagon Is Fished From Lake

Elmer Hopkins of Talent went fishing at Emigrant lake Friday and no one has reported on his fish catch. Onlookers were too concerned with fishing his station wagon out of the lake.

Jack Center, who operates a wrecking service on Highway 66, said Hopkins parked his car on the bank at the east end of the lake about 75 yards from the shore line and started fishing with his back to the vehicle.

The next thing Hopkins noted was a great splash, and he turned to see his car missing. It had catapulted out 100 feet into the lake and was completely submerged.

Center and his 11-year-old son, Billy, were called to the scene. Billy dived into the lake to locate the car, then stood on top of it. Center estimated the depth of the water over the car at 2½ feet. He was assisted in recovering the station wagon by Otto M. Patterson, a near-by tourist, who donned a swimming suit and got into the act.

Center said apparently the brake on Hopkin's car just didn't hold.

Californian Flown To Hospital Here

William C. Rose, 329 Britt ave., a member of a Pacific Power and Light company crew working near Patrick Creek, Calif., was the 1,600th patient to be flown by Mercy Flights Inc.,

Rose was flown from Crescent City, Calif., to Medford for medical treatment Saturday afternoon.

Lue H. Hayes, Somes Bar, Calif., is reported in good condition at Sacred Heart hospital where he was taken Friday after a log rolled from a truck onto him near Orleans, Calif.

Hayes was taken from the woods to the Orleans airstrip where a Mercy Flights Inc., plane brought him here.

Also flown by the nonprofit air ambulance service Friday was Emory Tibbets, who also was brought to Sacred Heart hopsital here from Gold Beach. He was reported in good condition suffering from back injuries received when he fell from a snag.

KEEPS WORLD INFORMED

New Delhi – (UPI) – An Indian Foreign Office spokesman said Friday night India is keeping "all friendly governments" informed about a menacing Red Chinese military buildup on the northern border.

President Harding was the first to use the radio, President Truman was the first to be seen on television.

The Family Council

Editor's note: The Family Council consists of a judge, a psychiatrist, three clergymen, three editors and a women's editor. Each article is a summary of a family disagreement presented to the Council. The Council deals with problems, major and minor, encountered by guidance counselors and social workers. Edited by Mrs. Alma Denny. (Copyright by General Features Corp.)

Samuel P. – She's neglecting our children to spite me.

Viola P. – He expects perfection on my skimpy allowance.

* * *

Samuel P. – My wife and I separated three months ago after eight years of marriage. Our two daughters are with her. I'm permitted to have them Sunday afternoons, but when I call, the house is a mess, the children undressed and dirty, their mother smelling of liquor. I can figure only that she's goading me to strike her so she can have me arrested and go on the welfare rolls.

Viola P. – It doesn't take much to make him strike me. That's a habit – and that's one reason I want to discourage him from coming around. He'd like to find the kids all dolled up so he can take them out and show them off. Well, they're lucky to have any clothes on their backs with the few dollars I get from their father. Besides, I'm afraid to leave them alone with him. Out of my sight, he might do them harm.

* * *

The Council: Those are crocodile tears each parent sheds for the children. Each fears the other will harm the youngsters. Indeed, each must look within himself and herself to see what is being perpetrated on their little girls, and what he and she can do (not "make" the other do) to brighten the young lives. Samuel might proceed as follows: Enlist the aid of a social worker (obtainable through the Family Service Association of America) to accompany him on one of those Sunday afternoon visits. If what he says is true about the sight which greets him, that separation agreement might well be revised, the children deemed "neglected," and Viola "unfit." She, in turn, might recognize that salvation for herself, her children, her home may well lie in marriage counseling aimed at restoring the eight-year union. Samuel evidently still cares. Counseling might help him talk without his hands! If she's really concerned for her daughters, she'll behave and cooperate. At present these two seem to be merely "using" the kids to hurt each other.

Plan for Parking Lot Is Presented

Robert J. Carstensen, Jackson county engineer, has prepared a plan for converting the lot south of Parco D'Alba into a parking lot for cars.

The plan was presented to the Jackson county court, which has taken it under advisement, County Commissioner Don Faber reported yesterday.

The plan will provide adequate parking space for the vehicles of people visiting the county extension offices, the Jackson county health department building, now under construction, and the park, Faber said.

It will provide parking area for about 70 cars. Entrance will be made from Maple Grove rd.

The parking plan is part of preparations being made to care for the people who will be visiting the health depart, target date for completion of which is Feb. 1, 1964. The way construction is progressing, Faber said, the building may be completed by Dec. 1.
