RUBBLE SEARCHED - Left without a home this group of people finds shelter and safety in a "cottage" in Skopje, Yugoslavia, as rescue workers search earthquake rubble

for additional survivors or victims. Emergency supplies were being brought into the destroyed city from around the world. (UPI)

Decision Reached In Tillamook Milk Market Dispute

Tillamook - (UPI) - Clatsop County Circuit Judge Avery Combs has handed down a lengthy decision in the three-way Tillamook milk marketing dispute.

The dispute involved the Tillamook County Creamery association and Tillamook Fluid Milk Shippers association as defendants and the Tillamook Cheese and Dairy association as plaintiffs.

At issue was ownership of distribution and processing facilities, control of shipments of about 100,000 pounds of milk daily and responsibility for paying costs of the operation.

Combs ruled the TCDA is autonomous and can conduct its grade A fluid milk business without interference from the other two associations.

Not Holding Company The court also found that the creamery association is not a holding company and may not dictate the policies and management of TCDA except where it is clearly spelled out in contracts; that the creamery association is entitled to sell the Grade A milk produced by members of the TCDA under a marketing agreement of 1950, but that it must make an accounting of the proceeds from milk sales and that the marketing agreement does not give the creamery association the right to loan funds belonging to TCDA, although it has the right to negotiate such loans with customers subject to approval of the TCDA directors.

Glacier Park Search for Student Abandoned

Glacier Park, Mont. - (UPI) - Glacier National Park officials today abandoned an organized search of 9,604-foot Going-to-the-Sun Mountain for David Wilson, 21, of Severna Park, Md.

Wilson, a student at Ohio Wesleyan university, has been missing since July 21. An air and ground search has failed to find a trace of him.

The youth, a summer employee of the National Park service, set out alone July 21 to climb the mountain, but failed to return. He had signed the register at the summit.

LEAPS TO DEATH

Portland - (UPI) - Mrs. Ethyl Marie Scott, 66, Lake Grove, leaped to her death from the Ross Island Bridge into the Willamette River here Saturday.

HEADS CATTLEMAN

Silver City, Idaho - (UPI) - Walt Morgan, Jordan Valley, Ore., was elected president of the Owyhee Cattleman's Association Saturday.

DR. WARD RESTS DEFENSE

London - (UPI) - Dr. Stephen Ward abruptly rested his defense on morals charges today with a plea against being made a sacrifice to the public demand for punishment of those responsible for Britain's sex scandal.

SYNCOM IN PROPER POSITION

Washington - (UPI) - The National Aeronautics and Space Administration expects the Syncom-2 satellite to be in its proper position of a "hanging orbit" within a few days.

More Hines Lumber Operations Closed; Further Spread Seen

By United Press International

Northwest lumber unions closed down more Edward Hines Lumber Co. operations this morning before sitting down to discuss further spread of the strike that has idled nearly 28,000 workers in four states.

However, Scott Paper Co. and the International Woodworkers of America were expected to announce agreement today in Portland on a new contract covering 440 loggers

and boom men who supply logs to the company's mills at Everett and Anacortes, Wash.

Pickets appeared at the Hines sawmill and glue-up factory at the town of Hines, near Burns, at 6 a.m. today.

Others closed logging operations near Hines and at Sebec. About 800 men were idled, according to Herman Gerhardt, general manager of the operations.

Gerhardt said negotiations with the Lumber and Sawmill Workers Union broke down Friday after the company refused to consider a one-year contract.

The only Hines Co. workers still on the job today were at Bates, in Grant county. Gerhardt said 144 men were working in woods crews and at a sawmill there. The LSW and the IWA struck Hines

plants at Westfir and Deenear Hood River, Thursday.

Meanwhile, officials of the two unions were scheduled to meet in Portland this afternoon to map out further strikes.

The meeting was set after the 30-member advisory committee of both unions Sunday authorized extension of the strike to any companies that fail to agree soon on new contracts to replace those which expired June 1.

Harvey Nelson, president of Region 3 of the IWA, demanded all firms meet terms of an agreement reached with Simpson Timber Co. July 19. It called for wage increases of 3 1/2 cents spread over three years.

"We realize the impact the closing of the lumber industry could have on the West Coast but we know our demands are reasonable and the employers can meet them without economic hardship," Nelson said.

Kennedy Returns To White House

Washington - (UPI) - President Kennedy returned to his desk today after a refreshing week end of sun and sea at Hyannis Port, Mass.

Kennedy's schedule was open, with no formal appointments listed. This usually indicates a lull in current issues including the nuclear test ban treaty, railroad labor negotiations, and others.

The President and a host of relatives, including his own two children and their 19 Kennedy - side cousins, joined Sunday night in celebrating Mrs. Jacqueline Kennedy's 34th birthday. The partying was a private family affair, and so were the gifts.

Saturday, Kennedy met at his Hyannis Port home with Under Secretary of State W. Averell Harriman, chief U.S. negotiator at the treaty, and with Secretary of State Dean Rusk, who will be flying to Moscow this week for its formal signing.

Skelton May Seek Oregon House Seat

Eugene - (UPI) - Keith Skelton, who served in the 1957 and 1959 legislatures, is apparently going to seek an Oregon House seat in 1964.

Mrs. John Shepherd, Eugene, today announced a committee formed to promote Skelton's candidacy and said the former lawmaker "will announce his candidacy at the appropriate time."

Skelton was chairman of the powerful Ways and Means committee of the legislature in 1959. He headed the Interim Committee on Government reorganization in 1958.

Morse To Be Honored In Massachusetts

Somerville, Mass. - (UPI) - Sen. Wayne L. Morse (D-Ore.) will be honored by the Somerville Young Democrats at their first annual dinner Sept. 28.

True Cash Value Increases in State

Salem - (UPI) - True cash value of utility properties in Oregon is \$65 million more than a year ago, the State Tax Commission said today.

The commission values all utility property in the state for property tax purposes, although collection is made on the county level.

The total true cash value of utilities was put at \$1.373 billion, compared to the 1962 value of \$1.313 billion.

Electric companies continue to lead other utilities in both dollar growth and dollar valuation. The \$644 million in electric company valuation is 5.5 per cent above last year and makes up 46.7 per cent of the total utility value.

Biggest percentage growth was in the pipeline category which recorded a 156.7 per cent gain. The reason was the new Southern Pacific Pipeline Co. project which runs from Portland to Eugene with large tank farms near Albany and Eugene.

The pipeline value jumped from \$3.5 million to \$9.2 billion.

De Gaulle Rejects Test Ban Pact; Tells Friendship

French President Charles de Gaulle has rejected the Moscow partial test ban agreement and turned down Khrushchev's non-aggression pact proposal.

De Gaulle said he is in the United States, Britain and Russia to discuss disarmament of nuclear weapons.

He also declared that relations between the United States and France are based on "friendship and alliance" and went out of his way to stress friendship for the U.S.

The story is on page 2A.

Hatfield Schedules Luncheon, Speech

Salem - (UPI) - Gov. Mark Hatfield will attend a Weyerhaeuser Co. press luncheon in Coos Bay Tuesday and Georgia-Pacific Corp. board dinner in Portland that night.

Thursday the governor will speak to the Oregon Wesleyan Methodist Conference in Aurora in the morning and in the evening will attend the awards dinner of the Emerald Empire Rodeo in Eugene.

Saturday Hatfield will be present at the Oregon National Guard Governor's Review at Camp Riley.

CAMP CONVENES

Mapleton - (UPI) - The week-long Oregon Teen-Age Republican Summer Camp convened here Sunday night.

DRIVERS TO STRIKE

Idaho Falls, Idaho - (UPI) - Drivers of the Atomic Energy Commission buses operated by the Phillips Petroleum Co., said today they will go on strike at 12:01 a.m. Wednesday.

Harriman Questioned on Clause in Test Ban Treaty

Congressional Leaders Look at Withdrawal

Answers Said 'Open and Frank'

Washington - (UPI) - Congressional leaders today closely questioned Undersecretary of State W. Averell Harriman about the so-called "withdrawal clause" of the three-nation nuclear test ban treaty.

The clause provides that any of the nations signing the treaty—the United States, Britain and Russia—may resume nuclear testing on three months notice if they believe their national security is at stake.

The clause might come into play, for example, if France or Red China developed a significant nuclear capability.

Harriman, who initiated the pact in Moscow for the United States, met behind closed doors with members of three of the most powerful committees of Congress to discuss the treaty and answer questions.

Others invited

The Senate Foreign Relations Committee has jurisdiction over the treaty but invited members of the Senate Armed Services Committee and the House-Senate Atomic Energy Committee to attend.

Sen. Hubert H. Humphrey (D-Minn.) said Harriman also was asked about reported opposition to the treaty by the Joint Chiefs of Staff, but referred the question to the military leaders themselves.

He said Harriman explained that nuclear explosions for peaceful purposes—such as excavations for dams or canals—were prohibited if there was any danger that fallout would contaminate the atmosphere of another nation.

Senate Democratic Leader Mike Mansfield of Montana said the committee members' questions were "searching and blunt" and Harriman's answers were "open and frank." He said Harriman assured the senators there were "no gimmicks," nor any "side agreements" included.

Rangeland Burns Near Weiser, Idaho

By United Press International

Strong, shifting winds swept a fire out of control across 15,000 acres of brush and rangeland near Weiser, Idaho, today, but firefighters had more success with a 5,000-acre range fire on the Yakima Indian Reservation in Washington.

A spokesman for the Bureau of Land Management said 350 men were battling the Idaho fire today and seven planes loaded with borate solution were standing by.

The blaze broke out early Sunday and had burned only about 250 acres in the McCord Butte area 15 miles northwest of Weiser up until 11 p.m. Then winds of 20 to 30 miles an hour sprang up and the fire "scattered in all directions," the BLM said.

Two representatives of BLM complained to Mrs. Clyde Wilhelm, wife of the riding concessionaire, recently that the horses were trespassing.

The county court also is considering the possibility of constructing a well and pump for the riding stables to pump fresh drinking water into the large storage tank adjacent to the house of Lily Glen. Present drinking water is hauled up to the Howard Prairie riding concession 110 gallons at a time and placed in the storage tank.

SCENE OF FATALITIES—Sheriff's Deputy Ray Twitcheell takes measurements at the scene of an accident at Kings highway and South Stage rd. intersection, in which two couples were killed when the car crashed into a bank and slid back into an irrigation ditch. Measurements indicate the car

skidded 84 feet before jumping the 21-foot wide ditch, deputies said. The car apparently was traveling south on Kings highway at the time of the accident. State police, city police and sheriff's deputies investigated the fatalities. (Knackstedt Photo)

Two Couples Are Killed When Car Crashes into Embankment

Two couples were killed in a one-car accident at South Stage rd. and King's highway intersection early Sunday morning.

Killed were Golden Wilma Swartsley, 50, and Wilburn Joye Swartsley, 53, both of 1150 James rd., Medford; Glee Ernestine Davis, 33, and Richard Lee Davis, 36, both of Novato, Calif.

State police said the car was headed south on King's highway at a high rate of speed, and the driver must have failed to see the stop sign until almost upon it. The car skidded 84 feet, jumped a 21-foot wide irrigation ditch, struck the bank and fell back into the water, officers said.

The four people apparently were killed by the impact. All four bodies were grouped around the steering, police said.

The wreckage was reported by James Watkins, 1414 South Stage rd., about 2:45 a.m. Sunday. Officers estimated

of Lebanon, died Sunday night when his car crashed through a barricade on a dead-end road near Shreveport, La.

Oregon has recorded 40 traffic deaths so far this month, compared to 37 for the first 29 days of July, 1962. A total of 293 persons have lost their lives in Oregon traffic this year, compared to 231 for a similar period in 1962.

United Press International reported one other traffic fatality in the state during the week end, one Oregonian was killed in a crash in New Mexico and another in a Louisiana accident.

James Blanchette, 26, Portland, was killed when his car slammed into the back of a towing truck on the Baldock Freeway in Portland Saturday night.

Lawrence Wilson, 28, Portland, was one of five persons killed in a head-on collision near Gallup, N.M.

Frank Pearson, about 35,

Youngster Held In Death of Child

Coeur d'Alene, Idaho - (UPI) - Kootenai County Pros. Atty. William Reaga said today he was preparing a petition for a juvenile court hearing for a 14-year-old Worley boy held in connection with the death of Lynnette Renee Langworthy, 2, of Worley.

A report from the Spokane county coroner's office said the child had a ruptured liver and severe internal bleeding. Deputies said the Wheeler boy had been a baby sitter for Lynnette and her 4-year-old brother while the mother worked at a nightclub.

Officers said the boy admitted striking Lynnette several times during the evening and placing his hand over her mouth when she cried. He also admitted striking her on previous occasions when he was baby sitting with the children, they said.

American Units On 'Reinforced Alert Status'

Patrol Ambushed In South Korea

Seoul, Korea - (UPI) - Communist North Korean raiders today killed two American soldiers and critically wounded a third. The United Nations Command quickly placed some U.S. units on a "reinforced alert status."

The Communists crossed into South Korean territory and ambushed a U.S. Army jeep patrol with submachine gun fire and Soviet-made hand grenades.

The UNC called it a "vicious and unprovoked sneak attack." There was no sign the Americans had been able to return the Communists' fire. Flying White Flag

The jeep was flying a white flag that serves to identify UNC vehicles when they enter the Demilitarized Zone. The Reds struck while the jeep was crossing a 15-foot wooden bridge across a small stream, about 10 miles east of the truce village of Panmunjom, on a road that runs along the foot of a hill about 300 feet from the southern limits of the demilitarized zone, the UNC said.

UNC officials could not reconstruct the attack with certainty because there were no living witnesses besides the wounded soldier. Creel said the attackers were North Koreans but it was not known for certain whether they were soldiers, although the UNC was assuming they were.

The three soldiers, on truce line duty, were driving to a guard post in the demilitarized zone between North and South Korea. It was about 5:30 a.m. and they were still in South Korean territory, about 75 feet from the demilitarized zone, when they were hit.

The attack was deliberately planned, premeditated, and executed in a grey early dawn," a UNC spokesman said. As a result of the attack, he added, "elements of the 1st Cavalry Division were placed on a reinforced alert status" along the truce line. The three soldiers were members of the 1st Cavalry.

In Washington the Army Victims Identified

In Washington the Army identified the dead soldiers as Pfc. Charles T. Dessart III, 19, son of Mr. and Mrs. Charles T. Dessart Jr., of Drexel Hill, Pa., and Pvt. David A. Seiler, 24, son of Mr. and Mrs. Erich M. Seiler of Theresa, Wis.

The wounded man was identified as Pfc. William L. Foster, 26, husband of Mrs. Teresa Foster and son of Mrs. Mary C. Moore, both of Baltimore, Md.

"He may not live," UNC spokesman Col. George Creel of Birmingham, Ala., said.

It was the second North Korean attack on U.S. troops guarding the Korean truce line in less than a year, and it came within two days of the 10th anniversary of the truce ending the Korean War.

British Archers Beat Oregonians

Sherwood - (UPI) - British bowmen outshot Oregon's archers Saturday.

The Nottinghamshire Archery Society defeated the Sylvan Archers to capture the annual International Archery Shoot for the third straight year. The decision left the series divided at four victories apiece.

The score was 10,739 points to 10,617. Each side shot at targets in its own nation and sent their scores by cable.

The Oregon match was held as part of the three-day Sherwood Robin Hood Festival here.

Rubble Searched For Quake Victims

Skopje, Yugoslavia - (UPI) - Rescue crews today used French sound detection equipment to search the earthquake rubble of this city for possible survivors following Sunday's rescue of a couple trapped 55 hours.

Little hope was held out that others remained alive under the debris, but French disaster squads working with the Yugoslavs were using equipment of the type that located survivors buried in the 1960 earthquake in Agadir, Morocco, in which 12,000 died.

The toll of the quake that struck this city of 200,000 persons has been placed unofficially at 2,000. At least 1,000 bodies have been recovered and an equal number are feared buried.

Indian Ships Search for Wreckage of Lost Plane

Bombay, India - (UPI) - Three Indian naval vessels with sound-detection gear swept the turbulent seas west of here today, seeking the wreckage of an Egyptian airliner that crashed Sunday.

Hope of finding survivors among the British-made Comet's eight crewmen and 54 or 55 passengers was abandoned Sunday night. The search ships kept a sharp lookout for the bodies of victims.

Small boats were sent out early this afternoon to investigate an air force pilot's report that five bodies had been seen floating in shallow water near the scene of the crash.

Uncertainty as to the num-

NEWS BRIEFS

ITEMS FROM AROUND THE GLOBE

TFX CONTRACT SAID 'FAVORITISM'

Washington - (UPI) - Sen. Milward L. Simpson (R-Wyo.) charged today the Pentagon's handling of the controversial TFX fighter plane contract was "shot through with political interest and favoritism."

PITTSBURGH MILK DRIVERS STRIKE

Pittsburgh - (UPI) - A milk drivers strike affecting more than 2 million consumers in 10 Western Pennsylvania counties went into effect today when negotiators failed to reach an agreement after a marathon bargaining session.

DR. WARD RESTS DEFENSE

London - (UPI) - Dr. Stephen Ward abruptly rested his defense on morals charges today with a plea against being made a sacrifice to the public demand for punishment of those responsible for Britain's sex scandal.

SYNCOM IN PROPER POSITION

Washington - (UPI) - The National Aeronautics and Space Administration expects the Syncom-2 satellite to be in its proper position of a "hanging orbit" within a few days.
