

Grange News

Live Oak Grange
Forty-five members and one visitor met at Live Oak Grange recently for the regular business meeting. Master Harold Van Hoy presided. Roll call showed one officer absent. Luella Downes was voted into membership. Several committee reports were given. Frank Hull, delegate to State Grange, gave a summary of the most important resolutions. Cassie Golding, HEC chairman, announced that the Bloodmobile will visit Rogue River Aug. 7. Plans were made for the building committee to poison the weeds on the grounds around the hall. Other problems of maintenance and fuel for winter were discussed. During the lecturer's program, Kwik Van Hoy, presented to the treasurer the \$75 check, which Live Oak won as first prize in the recently concluded visitation contest. Also won, with first prize, was the plaque bearing an apple. The plaque will be inscribed for hanging on the wall. Following the meeting, snacks and coffee were served by Maxwell Green and Lily Whitson.

Phoenix Grange
The last meeting of Phoenix Grange was the social evening with Mrs. Olive Floyd in charge of the literary program. It was learned that Phoenix won third place for the visitation meetings. The awards were an agate shaped plaque and \$35 in cash. The meetings were sponsored by Pomona Grange. Charles Johnson reported on the success of the recent "Town and Country" breakfast. A rummage and white elephant sale is planned for September so members are being asked to start gathering articles for the event. One visitor from Agency Lake Grange in Klamath county attended the meeting.

Human Control Room Provided Employees

Tokyo—(AP)—At an electrical company in Japan, aggressive employees are invited to blow off steam against their boss. They go to a place called the Human Control room where a stuffed effigy of the boss hangs—for punching or stabbing with a bamboo pole. The northern lights occur more often and extend farther south in the sky just before and after the equinoxes March 21 and Sept. 21.
