Mickey Cohen Said To Be Recuperating

Atlanta—(UP)—California racketeer Mickey Cohen, clubbed unconscious by a fellow inmate at the Atlanta federal prison Wednesday, spent a good night and was reported in satisfactory condition today.

Cohen, 49, whose skull was fractured by three blows from a length of pipe, was reported "mentally clear." An operation to relieve the pressure on his brain was performed Wednesday after the incident.

Berl Estes McDonald, 32, a forger from St. Stephen, S.C., was charged with attacking the former gambling king pin in the prison's radio-television repair shop.

Authorities said the attack was the result of a personal quarrel between the two men and had no gangland overtones.
