TAX STRATEGY

"I have been watching your column expecting you to make an apology on your predictions of last November and December that there was to be a substantial tax reduction in 1963," a Texas reader wrote me recently. He explained that he had followed my suggestion to prepare for tax cuts in 1963 by shifting some income from 1962 into 1963 and paying some deductible 1963 expenditures in advance and that as a result he is "now being penalized by reaching a higher tax bracket."

Okay, I apologize in print to the physician and congratulate him for being a sufficiently successful doctor to have reached that higher tax bracket. I also confess that as long ago as mid-January, I admitted to friends with whom I had made bets on across-the-board tax reduction in 1963 that I'd lost, and months ago I paid off in wooden nickels. (As an incidental piece of intelligence for you, a wooden nickel today costs 10 cents.)

Now having bent my head and sent my pence, permit me to remind you that I was in mighty high-level company last November-December when I was forecasting tax reductions this year.

The tax package President Kennedy presented was being written then and the inside reports I saw revealed few of the "reform gimmicks" which bogged down the bill from the very day it was submitted to Congress. The obvious sluggishness in the economy last fall was adding a note of urgency to proposals for across-the-board tax cuts to stimulate business investment as well as consumer spending and to keep the faltering buiness advance alive. There was extraordinary agreement among all shades of economic-political opinion that our punitive tax rates were acting as a dangerous brake on the economy. The squabbles over tax reforms could not be foreseen because we didn't expect such controversial proposals.

The character of this Congress and the civil rights explosion could not be anticipated either. Confidence that tax reductions would be voted to take effect at some date in 1963 ranged from President Kennedy to Chairman of the House Ways & Means Committee Mills to many of the most informed men in industrial, financial, and labor circles.

It's mid-August and the earliest we can now hope for tax reduction is 1964. What are the prospects?

The limb still invites me, so here I go crawling out again with the guess that before this session of Congress adjourns, major tax relief will have been voted both for individuals and corporations, beginning in 1964. A good guess still is that the net reduction (after reforms) will be in the neighborhood of $10 billion a year, to take effect over a two-year period.

Our economy will need this stimulant increasingly as the months roll on. We are moving toward the 31st month of this business expansion which makes it "old" by any yardstick for peacetime business advances. The key force now keeping our economy in an upward trend is the rising rate of business spending on new plants and equipment — and much of this rise stems directly from the tax incentives Congress and the administration gave businessmen in 1962 to spur this vital spending. The need for substantial tax reductions is as great today as ever.

There will be hitches before an acceptable tax bill emerges. Nothing is set yet. The timing of action is fuzzy. Still, tax cuts to take effect beginning in 1964 are likely.

What would this mean to you? If you want to crawl out on the limb with me, it would be sound tax strategy for millions of you to try in the remaining months of this year to shift some income from 1963 into 1964 and to move ahead some 1964 deductible expenses into 1963. By so doing, you'll reduce your 1963 taxable income and raise your 1964 income and if tax rates are cut for 1964, you'll achieve an overall tax saving.

P.S. For the sake of all taxpayers and the nation, dear doctor, I hope you write me a thank-you note next time.

You do a world of good when you send $1 Food Crusade packages
please care — hunger hurts!

how do you answer the hunger in a child's eyes, if he lives thousands of miles away? By joining CARE'S Food Crusade, you span the world to help feed hungry school children, orphans, refugees, the aged and sick, desperately poor families.

what you do is share our farm abundance—staples donated by the U.S. Food for Peace program. CARE adds other foods, packs various units to match country needs. Every $1 you give sends one package—with your name and address, to bring a personal message of friendship from the American people.

where need is urgent, CARE delivers your gifts. You cannot specify persons, but you may choose any of these places: Colombia, Cyprus, Dominican Republic, Ecuador, Greece, Haiti, Hong Kong, Iran, Israel, Jordan, Korea, Macau, Mexico, Pakistan, Poland, Sierra Leone, Turkey, West Berlin, Vietnam, Yugoslavia.

EVERY $1 SENDS A FOOD PACKAGE IN YOUR NAME
