Oregon Employer Tax Cut Possible

Salem - (UPI) - A \$6 million tax reduction for Oregon employers appeared likely, according to State Employment Commissioner David H. Cameron.

Cameron said it appeared the state unemployment trust fund is big enough to permit the department to allow experience rates to go into effect next Jan. 1.

Employers have been paying a 2.7 per cent tax on their payrolls since 1958. Under the new schedule next year's rates will range from 1.8 to 2.7 per cent.

Employers have been paying \$38 million a year in unemployment taxes, Cameron said. The proposed new rates would bring in \$32 million a year.

JOHNNY CARSON WEDS New York - (UPI) - Television comedian Johnny Carson, host of NBC's "Tonight" show, was married Saturday to former TV hostess and model Jo Anne Copeland.

Leader of Mail Train Holdup Known

London - (UPI) - A London newspaper said Saturday night police have identified the leader of the gang which pulled the record \$7.3 million Royal mail train robbery as "an ex-military type with commando training."

The News of the World in its first Sunday edition added that police would disclose neither the name of "the major" who actively led the gang nor the name of the mastermind who planned history's greatest cash robbery in minute detail.

A police spokesman said the information "had not come from Scotland Yard" and declined to comment on the report.

The News of the World said "the major" left behind tools issued by the army when he fled from the gang's hideout at an isolated farm in Leatherslade.
