Outdoor atmosphere with indoor comfort. Completely air-conditioned.

Academy Offers Cycle Safety Rules For Back to School

Evanston, Ill. — (UPI) — Do the children bike to school? The accident prevention committee of the American Academy of Pediatrics offers these safety suggestions for bike riders.

—Do not ride bicycles on streets with heavy automobile traffic. If it is necessary to cross or turn at a heavy traffic intersection, dismount and walk the bike across at the pedestrian crossing.

—If local laws allow riding on sidewalks, be careful of pedestrians.

—Ride with the flow of traffic, on the right side of the street, not against it.

—Do not ride a bike after dark unless necessary. If it is necessary, have a bell or horn, a headlight, and a red reflector on the rear.

—Do not ride double on one bike. It makes balancing difficult and prevents a clear view of the road.

—Do not perform stunts on the street.

—Keep the bicycle in good condition. Check tire pressure, oil and grease the bicycle when necessary.

—Do not ride too far, too rapidly. The tired bicyclist is not a safe one.

—Use hand and arm sig-

nals to indicate a turn or stop, just as automobile drivers do.

—Do not hitch a ride on any moving vehicle.

Teen-Age Love For Jewelry Continues

As the love affair between teen-agers and jewelry continues unabated, the demand for identification bracelets, anklets, pendants and charm bracelets becomes stronger than ever. Anklets in sterling, gold filled and karat gold are of plain chains with oblong or oval shields.
