# RAIL STRIKE AVERTED

## New Law Provides For Arbitration On 2 Key Issues

### Strike Held Off For Six Months

Washington - (UPI) - Last-minute action by Congress and President Kennedy kept the nation's railroads operating today and prevented a strike over the bitter work rules dispute.

The House overwhelmingly approved and Kennedy signed into law Wednesday night legislation providing for binding arbitration on the two key issues - firemen's jobs and composition of train crews.

The legislation removed the threat of a railroad strike for at least six months. After that period, it would be possible for a walkout to take place over other issues such as pay schedules and job jurisdiction.

### Action Hailed

It was the first time in memory that Congress had ordered arbitration in a peacetime labor dispute. The railroads hailed the action, but the rail unions termed it a "regrettable and backward step" that could affect labor-management relations.

The President, who signed the bill 30 minutes after the House approved the Senate-passed measure, said it reaffirmed "the essential priority of the public interest over any narrower interest."

### Work Rules

The railroads had threatened to put into effect at 12:01 a.m. today new work rules that would eliminate 37,000 firemen's jobs. The unions said they would strike if the rules were imposed.

When the House completed congressional action with the strike deadline only eight hours away, the railroads promptly pulled down their notices of the rules changes and the unions cancelled their strike orders.

### WEATHER

FORECAST: Variable cloudiness and continued warm through Friday with chance of isolated thunderstorms over the mountains. Low tonight 34, high Friday 93. Highest yesterday 92. Lowest this morning 92.

### Our Skies Tonight

Sunset today 7:32 p.m. Sunrise tomorrow 6:31 a.m. Moonset tomorrow 2:08 a.m. The Moon rises low tonight and will be full next Tuesday. The planet Venus, today is almost directly behind the Sun and is invisible. Venus is now over 160 million miles from the Earth, its greatest distance this year.

**MORNING ACCIDENT** - Forrest Alan Newman, 17, of 126 Elk st., is being treated at Sacred Heart hospital for injuries suffered shortly before 11 o'clock this morning when his motorcycle hit the rear of a vehicle waiting for the traffic signal at the corner of South Central ave. and 10th st. According to Medford police, both vehicles were southbound on Central ave. when the accident occurred. Apparently Newman did not see the traffic signal or the stopped car prior to the collision. Medford firemen were called to wash gasoline from the street following the accident. Driver of the car and condition of the boy were not known at presstime.

## Senate Committee Approves Treaty By 16 to 1 Vote

Washington - (UPI) - The Senate Foreign Relations committee today approved the limited nuclear test ban treaty by a vote of 16 to 1.

Sen. Russell B. Long (D-La.) was the lone dissenter.

The committee voted to send the pact barring all but underground nuclear tests to the Senate floor for consideration starting Sept. 9. The committee members agreed that their written report would contain "understandings and interpretations" regarding continued U.S. test preparedness.

### Usual Reservation

Chairman William J. Fulbright (D-Ark.) said the committee members made the "usual" reservation that they would be free to vote for or against the treaty on the floor, regardless of their vote in committee.

No formal reservations to the treaty were proposed in committee but three procedural motions were offered and rejected.

One by Sen. Bourke B. Hickenlooper (R-Iowa), defeated by a 10-7 vote, would have requested President Kennedy to furnish the committee copies of his treaty correspondence with Soviet Premier Khrushchev.

A second by Sen. Karl E. Mundt (R-S.D.) proposed delaying the treaty vote until 48 hours after the printed record of the hearing was available. This was rejected by an 11-5 vote.

## Burglary Suspect Returned to City

David Clarence Moore, 37, of Eugene and Medford, who has been charged with larceny not in a dwelling in connection with the Grandview market burglary Aug. 18, was returned to Medford from Eugene last night by Medford police.

Moore was booked in city jail, and was to be taken to Jackson county jail today. Bail was set at \$3,000.

Officers were continuing their investigation of the case this morning.

Union President James R. Hoffa said he believed the first national contracts would take effect in his own Central Conference, consisting of 12 Midwestern states.

The resolution, adopted at a two-day meeting, declared that a national bargaining would remove wages as a factor in competition among truckers. A single national contract also would free the unions to use boycotts and selective strikes across the nation. They are now prohibited where separate contracts are in effect.

Raymond Harold McCoy, 31, arrested by city police immediately after the burglary, is now in Jackson county jail awaiting grand jury action on a charge of burglary not in a dwelling. A second warrant was served on him last Friday, charging him with obtaining money by false pretenses. Several checks, brought to police attention, were basis for the second arrest, officers said.

## 520 May Die Over Labor Day Week End

By United Press International

The National Safety Council has estimated that as many as 520 persons may die and 21,000 suffer injuries in Labor Day week end traffic.

Last year's Labor Day week end claimed 501 lives in traffic accidents, a record for the 78-hour period.

The council estimated Wednesday the total number of traffic deaths during the three-day holiday would range between 430 and 520. From 17,000 to 21,000, it said, would be injured during the holiday, which begins at 6 p.m. local time Thursday and ends at midnight Monday.

## Soviet Experts Tour Columbia Basin Area

Eltopia, Wash. - (UPI) - Seven Russian irrigation experts, who don't like to get up early, toured the Columbia Basin project of central Washington Wednesday.

The seven, here as part of a U.S.-Soviet cultural exchange program, inspected the water distribution facilities of the great irrigation project.

## Founder Dies

Seattle - (UPI) - Foster D. Wheeler, 87, founder of the Grandma's Cookie Co., Portland, died at his home Wednesday.

**MASSIVE DEMONSTRATION** - This picture was taken from the air during the massive civil rights demonstration at the Lincoln Memorial in Washington, D.C., Wednesday. More than 200,000 persons took part in the March on Washington. (UPI)

## March Hailed as Huge Success, Praised by Kennedy, Officials

### President Feels March Advanced Negroes' Cause

Washington - (UPI) - The greatest civil rights march in U.S. history, hailed as a huge success by its backers, gave new impetus today to the American Negro's centuries-old struggle for racial equality.

A vast throng, estimated by Police Chief Robert V. Murray to have numbered more than 200,000 at its peak, converged on the capital Wednesday for the rally - which resembled more a revivalist camp meeting than a militant civil rights demonstration.

At the end of a long and weary day, with words of praise from President Kennedy and Washington officials, they streamed out of the city by bus, train, plane and auto in the same disciplined manner that prevailed throughout the "march for jobs and freedom."

### March Leaders

The President, who met with the 10 march leaders for more than an hour, declared that the march had advanced the cause of the nation's 20 million Negroes and of all mankind.

He said he could not help but be impressed with the "deep fervor and the quiet dignity" of the gathering. He pledged to push for new civil rights legislation, and to continue efforts for more jobs "and to eliminate discrimination in employment practices."

The Rev. Fred L. Shuttlesworth, a Baptist preacher who was one of the leaders of the Birmingham, Ala., civil rights battle, said the march would "inevitably lead to an outbreak of little Washingtons all over the country."

### Formal Filing of Referral Petitions Expected Shortly

Salem - (UPI) - Formal filing of petitions to refer the 1963 legislature's \$60 million tax increase measure to a special election Oct. 15 is expected Friday afternoon or Saturday, J. Francyl Howard said today. Deadline for filing is 5 p.m. Sunday.

Opponents of the tax measure already have well over 30,000 valid signatures. A total of 23,185 signatures was needed. Jack Thompson, elections supervisor, said if the petitions are filed Friday, the formal certification of the measure to a special election by Secretary of State Howell Appling Jr. could take place Tuesday.

### Pickler Arraigned On Assault Charge

Jorge Noriega, 26, a fruit picker, was arraigned in Jackson county district court this morning on a charge of assault with a dangerous weapon. His case was continued for him to retain an attorney.

Noriega was arrested by Jackson county sheriff's deputies about 6:30 p.m. Wednesday after a two-hour search in the area of the Fruit Growers League labor camp north of Medford.

Treated at Sacred Heart hospital for a nine-inch cut in his side was Antonio Vazquez Gonzalez, 23, another fruit picker.

Sheriff's deputies this morning said they were notified about 4:30 p.m. Wednesday that Gonzalez had been injured following an argument regarding who would pay for some groceries. Following the incident, Noriega ran from the scene, and was later discovered in the tall grass in a nearby orchard.

Both men were reported to be from Mexico, but had been living in Texas and New Mexico prior to being hired here.

When Noriega appeared in district court this morning he was accompanied by an interpreter. He is being held in the county jail with bail set at \$1,000.

### First Death from Whooping Cough In Years Noted

The first whooping cough death in many years in Jackson county has occurred, Dr. A. Erin Merkel, county health officer announced today. The three-year-old child had not received whooping cough immunization, he said.

Dr. Merkel said that with this death it is emphasized that whooping cough still is a threat to the younger child and may cause death because of several of its complications.

Dr. Merkel and physicians throughout the county strongly urged that all parents take advantage of the protective immunization against whooping cough, especially in children from two months to six years of age.

The health officer said that it is important to keep up the booster inoculations at periodic intervals.

### Combined With Vaccine

Dr. Merkel said that at the present whooping cough vaccine is combined with two other equally important immunizing agents, diphtheria and tetanus, and should be started when the child is between two and three months of age. After the series of three shots has been completed, the routine recommendation is to follow with a booster dose about 1 1/2 years later and again about six years of age or before the child enters school.

Dr. Merkel explained that the whooping cough vaccine is not 100 per cent effective in preventing the disease, but it can greatly reduce the severity and complications if the child should contract whooping cough following immunizations.

It was reported that whooping cough is quite prevalent in the county at the present.

### Two Career Girls Slain in Apartment

New York - (UPI) - Two young career girls, one the niece of author Philip Wylie, were found Wednesday night stabbed to death and tied together in their apartment on Manhattan's swank East Side.

The victims, found in the bedroom of the flat, were Janice Wylie, 21, an employee of Newsweek magazine who hoped to become an actress, and Emily Hoffer, 23, daughter of a prominent Minneapolis surgeon, who had planned to start teaching school next month.

The bodies were removed from the third-floor apartment shortly after midnight and taken, still bound together, to the morgue at Bellevue hospital where autopsies will be performed later today.

## NEWS BRIEFS

ITEMS FROM AROUND THE GLOBE

**DIEM PROMISES TO REMOVE GUARDS**  
Saigon, South Viet Nam - (UPI) - South Viet Nam's official press agency said today that President Ngo Dinh Diem has promised to remove police guards from Buddhist pagodas and free imprisoned monks and nuns who will obey the newly installed Buddhist leaders.

**FREIGHTER LOCATES DEBRIS**  
Miami - (UPI) - The freighter S. S. Azalea City radioed today that it had located debris believed to be from two jet tankers missing since Wednesday with 11 Air Force men aboard.

**VOLUNTEER MAY DESCEND SHAFT**  
Sheppiton, Pa. - (UPI) - Rescue officials may decide today whether to let a volunteer descend the escape shaft now being widened to Louis Bova more than 300 feet underground.

**KHRUSHCHEV ARRIVES AT RESORT**  
Kopar, Yugoslavia - (UPI) - Soviet Premier Nikita S. Khrushchev arrived at this northern Adriatic resort today on the last leg of his "private" Yugoslav visit that has turned into almost a triumphal friendship parade with President Tito.

**AWAITS DEPARTURE** - A contestant in a beauty contest needs many changes of clothes. And D'Ann Fullerton, Miss Oregon, has a fair wardrobe as indicated by the luggage which surrounded her while she waited for departure at Portland International airport Wednesday for Atlantic City, N.J., and the Miss America contest.
