\$99.95

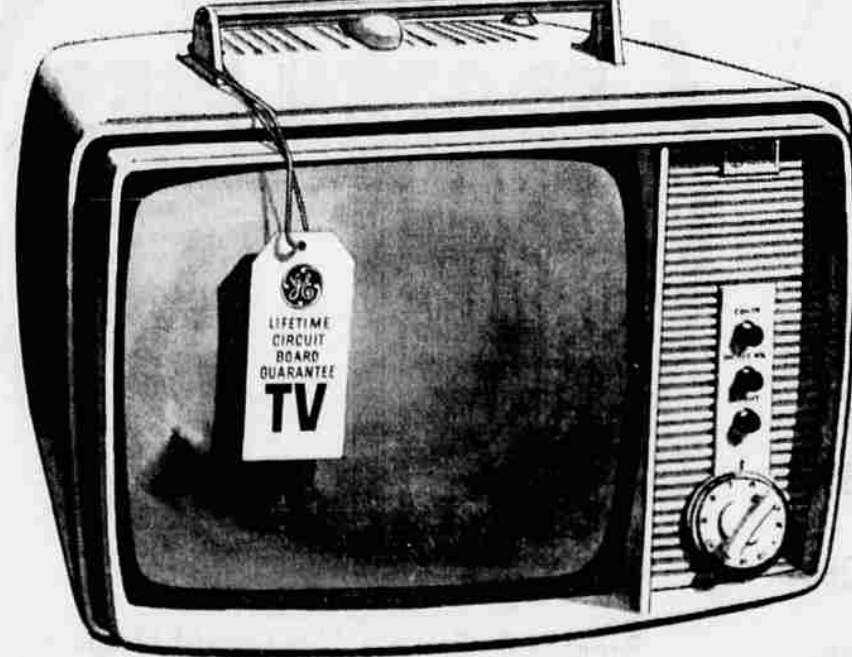

TV

What a reception! Never have we shown a new product that caused such a stir. Imagine... a sleek 12-pounder with an 11-inch screen and priced under a hundred dollars! General Electric's new "Personal Portable" is a triumph of American engineering. Come in and see it... heft it... and resist owning it, if you can. Seldom do you get a quality improvement and a price reduction at the same time. In this case, technical ingenuity did just that. Better performance, greater dependability, and the clearest, brightest picture of all! So good it has a lifetime guarantee on the precision-etched circuit board, a one-year warranty on the picture tube, and a 90-day warranty on all other parts. See it in our store today. Carry it out by one finger, if you wish. Just as easy on your pocketbook.
