Two of Fischer Quintuplets Get Bottle Feeding

ABERDEEN, S. D. (UPI) — Two of the 12-day old Fischer quintuplets—James Andrew and Mary Magdalene—were on bottle feeding today.

Dr. James Berbos, the general practitioner who delivered them and has been tending them since, said he did not know when the three others would begin feeding by bottle.

James Andrew took a couple of tugs at the bottle Saturday. But late Wednesday was the first time that Berbos switched them to bottle feeding.

James Andrew, the fourth born, has been the heaviest, the hungriest and the most active of the five since their births a month prematurely on Sept. 14.

One of lightest Mary Magdalene, the second born, was one of the lightest quintuplets when they were weighed for the first time five days ago. She weighed 3 pounds, compared with 3 pounds 13 ounces for James Andrew and 3 pounds 8 ounces for Mary Ann, the smallest.

The official report from St. Luke's hospital said all five continue to squall and kick, indicative of their excellent condition. Their color also is good.

Berbos said he was aware there was still a risk involved with babies of that size, but he said he was very enthusiastic, and an attitude of confidence prevailed at the hospital.

The quint's mother, Mrs. Mary Ann Fischer, 30, went home Monday to be with her husband, Andrew, 38, and their other five children.

Little Hope Seen For Rights Measure

WASHINGTON (UPI) — The administration's congressional lieutenants apparently believe they have little chance of getting a broad civil rights bill to the White House this year.

That is the interpretation of Senate Democratic Leader Mike Mansfield's announcement that debate would begin today on legislation to make the U.S. Civil Rights commission a permanent government agency.

This was seen as the forerunner to an about-face in previous strategy. The congressional leadership had said it would seek Senate action on House-passed civil rights and tax cut bills, in that order, before adjourning.

The civil rights bill is many weeks away from House action. Without new legislation, the six-year-old Civil Rights commission must go out of business Nov. 30. The President has asked in the catch-all civil rights bill, for a four-year extension.
