

Board Members Are Elected at Meeting Of Cancer Society

The sixth annual meeting of the Jackson County Unit of the American Cancer Society was held recently at North's Chuck Wagon.

Many volunteers attended the no-host social hour and buffet dinner to hear a resume of the 1962-63 activities.

During the business meeting, 17 new board members, a new slate of officers and delegates

for the annual district meeting were elected. Lectures and a panel discussion on cancer of the cervix and the intestinal tract followed.

Mrs. Florian Shasky played the piano during the social hour. Paul Selby, master of ceremonies, welcomed volunteers and stressed their individual importance in the national cancer control program. The invocation was given by the Rev. Norman Northrup of the First Christian church.

Entertainment by Trio Entertainment also was provided by the Checkmates, a girl's trio from Medford High school. The misses Jacque Long, Chris Helman, and Patricia Selby sang four songs.

Dr. R. M. Turner presided over the business meeting. The 17 new board members represent all parts of the county as follows: Medford, Mesdames David Bodker, Ray Frisbie, Billy Love, N. H. Gladfelter, and Dr. Paul Walker; Ashland, Hawver, James A. Redden, Kenneth Wright; Central Point, Mesdames Vern Parent and Richard Dunn; Ashland, Mesdames Ray Black, Richard Geary, Robert Pellkofer, How-

ard Pierce, and Robert Turner, Eagle Point, Mrs. W. W. Jackson.

Elected delegates who will attend the annual division meeting in Cottage Grove are Mrs. Ray Frisbie and Mrs. Howard Pierce.

New Officers Named
New officers of the executive board of the local unit for 1963-64 include: Dr. Albert Clark, president; Dr. Paul Walker,

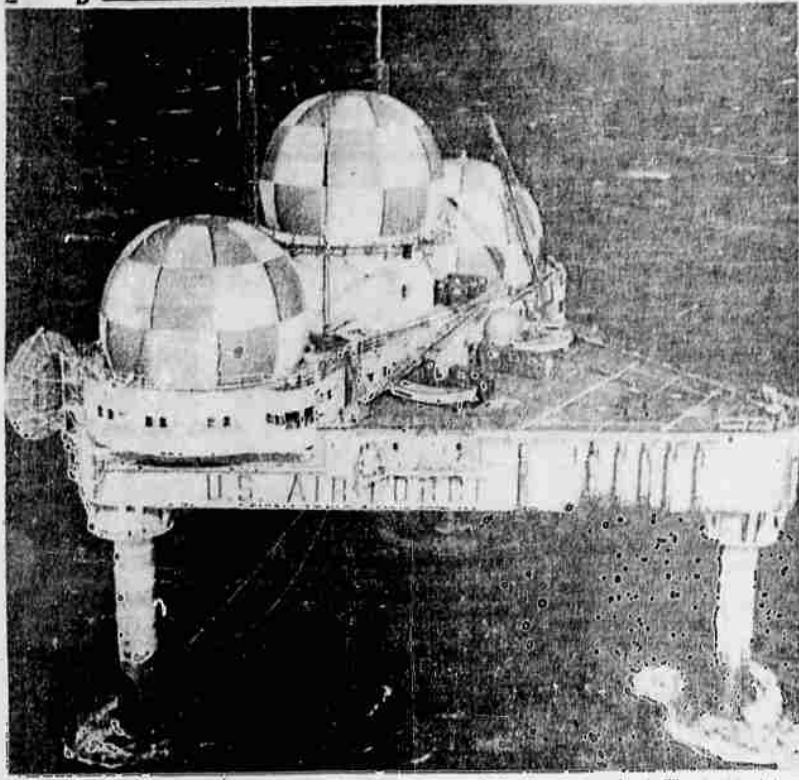

president-elect; Kenneth Wright, treasurer; and Mrs. Richard Dunn, secretary.

Following the elections, reports were given by Mrs. Ray Frisbie, Mrs. T. C. Groomes, and Mrs. Ann Hamilton on last year's service, crusade, and educational programs.

Dr. Clark, newly installed president, introduced Dr. Brian Switzer, Dr. Richard Schwann, Dr. Robert Duck, and Dr. Earl

Lawson as speakers for evening. Dr. Robert Turner acted as moderator for the discussion on cancer of the cervix and the intestinal tract.

Each physician stressed the need for periodic complete cancer detection examinations. Cancers of the cervix, the colon, and the bowel can be cured in nearly all cases when the malignancy is found in its earliest stages.

TEXAS TOWER SINKS—The 1,800 ton platform of Texas Tower No. 2 sank in 500 feet of water while being towed to Kearney, N.J., the U.S. Corps of Engineers reported. The incident happened 150 miles east of Provincetown, N.J. The tower is shown before it was dismantled. (UPI)

School News

Howard School

There are 12 children in Flossie Murray's special education room this year. There are four girls and eight boys, and we expect two more girls soon.

We have each written our own story. We drew pictures of our stories. We invited Harold Bower in to listen to us read them.

The three first grade classes at Howard school have been learning about safety.

We studied school rules for safety on the playground, in the classroom, and going to and from school. We also had our first fire drill.

Officer Allen of the Medford police department highlighted the safety program with a talk on bicycle safety, warnings about strangers, and other precautions.

We have three second grade rooms at Howard school this year. Mrs. Beardsley, Mrs. Joanne Wickman, and Mrs. Margaret Mann are the teachers.

The following students are new in the school: Philip Rupp, Coral Dixick, Diane Taylor, Barbara Corrigan, Michael Fitzmorris, Steven Lane, Gerre Lynn Heseock, Jerry Williams, Shirley Selby, Ricky Mendenhall, Susan Burrill, and Sue Hatley.

The third grade rooms have several children new at Howard school this year.

New students in Mrs. Audrey Berry's third grade are Gaylene Dizick and Dale Natho. Both attended Wilson school last year.

Debra McCuen, Brenda Norton, and Dixie Dunnivant are new students in Mrs. Huldah Fisher's third grade. Debra attended Jackson school last year, Brenda came to us from Paramount, Calif., and Dixie came from Clovis, Calif.

Gaylene Dizick and Mike Norum brought their guinea pigs to school.

Mrs. Jacqueline Riggs' fourth grade welcomes three new students to Howard school. They are Gail Norton, Cindy Natho, and Keith Stofft. They all came to us from California. Sharon Adams is new from Arlington, Ore.

We voted for room officers. They are president, Laurie Trautman; vice president, Deleen Ross; secretary, Michael Icenhower; and sergeant-at-arms, Gail Norton.

In Social Studies we have been learning about the earth and how to read maps and globes. We are collecting different kinds of maps and displaying them.

Jack Bailey's fifth grade welcomes Vicki Bogener, Paula Rupp, and Sherry Maloney to Howard school.

In History, we have been drawing pictures of important people and places to make a time line. By putting the pictures in order around the room, it will make it easier for us to remember what has happened and who was involved in United States history.

Mrs. Nita Birdseye's fifth grade class had a swimming party at the Flanagan pool after school recently. This was a good-bye party for Gary Wolty, who moved to California. The class made a big card for him, which everyone signed.

Eva Barnett, Louise Hatley, and Cindy Haworth also have moved away.

Officers were elected by the class. They are president, Tommy Madden; vice president, Jimmy Ingram; secretary, Alicia Colley; representative to student council, Billy Jones.

Buddy Bales shot a seven-point buck, which weighed 187 pounds.

Ronald Quackenbush's sixth grade class has 25 students. Students new to Howard school this year are Danny Munyon, Robert Hensen, Ronnie Ellison, Tommy Carrigan, and Donald Lane.

Class officers elected for the first six weeks are Fred Rone, president; Leneva Spices, vice president; Joan Anders, secretary; and Judy Bohannan, treasurer. Sheila Beare was elected Junior Red Cross representative for the room.

Speakers Bureau Is Formed at College

ASHLAND—Faculty and students at Southern Oregon college have formed a Speakers Bureau to explain the Oct. 15 Tax Referral measure to interested groups in the area.

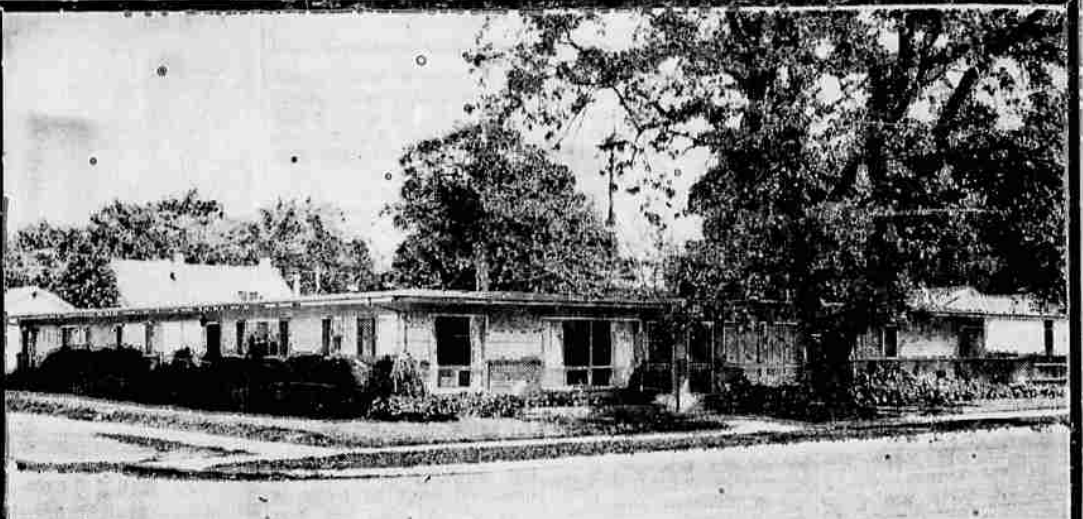

Those interested in hearing about Measure No. 41 are asked to contact Hugh G. Simpson, SOC director of information, for

Medford Site of Farm Work Training

Congressman Robert B. Duncan, D-Ore., was notified today that Medford will be a site for Department of Health, Education and Welfare classes to train local unemployed in fruit farm work.

Fifty persons in the Medford area will be selected through tests administered by the Unemployment Bureau for a two-week course beginning Nov. 4, Duncan said. They will be taught orchard pruning and other specialized fruit work.

Authorized under the Manpower Development and Training Act of 1962, the project will cost an estimated \$2,750. Several other classes for the unemployed also have been approved for cities in the 4th Congressional District, he said.

FOR SALE!
By OWNER

5-Plex, Retirement Income Property!
Very desirable location—close to schools and church. Deluxe Units, four 2 bedroom and one single bedroom. For information call 773-6241, Weekdays, 8 to 5 P.M.

Quotes From the News

By UNITED PRESS INTERNATIONAL
MOSCOW—Premier Nikita Khrushchev, acknowledging crop failures in the Soviet Union:
"We speak openly about our failures. We are used to the fact that the capitalists are laughing today. But tomorrow they will recognize our successes."

SAN FRANCISCO—An ambulance attendant, describing how schoolboys set fire to and severely burned an eight-year-old girl who was polio-stricken and walked with braces:
"She couldn't do anything but stand there and burn."

SAN FRANCISCO—Erna Taft Benson, former secretary of agriculture, opposing wheat sales to Russia:
"If my enemy is hungry and I feed him, he becomes strong."

UNITED NATIONS — U.S. Ambassador Adlai Stevenson, acknowledging the civil rights problem in the United States:
"What troubles we have today are the result of progress made yesterday. But we are moving — swiftly now and surely — in the direction of equal rights for all in the last corner of the land."

Housewife Hurt By Flying Arrow

TORRANCE, Calif. (UPI)—A 46-year-old housewife was recovering Tuesday from surgery required when she was struck by an arrow that came soaring through a kitchen screen door.

Mrs. Rita Lamperth, 46, Torrance, was struck in the right thigh Monday by the three-pointed, steel-tipped arrow — apparently shot by someone aiming at a jackrabbit or a cow on a nearby hillside.

Doctors at the Little Company of Mary hospital in this Los Angeles suburb said the woman was "in no danger and in fairly good condition."
