Dodgers Beat Yankees Again

Johnny Podres, Perranoski Team For Second Win

American Leaguers Lose by 4-1 Score

NEW ORK (UPI)—The Los Angeles Dodgers made it two straight victories over the New York Yankees in the World Series today when they downed the American League champions, 4-1, behind the seventh-inning pitching of Johnny Podres and Ron Perranoski.

A crowd of 66,455 at Yankee Stadium saw Podres shut out the Yankees for 8 1/3 innings before Hector Lopez doubled with one out in the ninth.

Perranoski Called
Manager Walt Alston promptly called in relief ace Ron Perranoski, who was greeted by a single by Elston Howard, scoring a run, but then got Joe Pepitone to hit into a force play and Clete Boyer to strike out.

Podres, who shut out the Yankees in the final game of the 1955 World Series to give the Dodgers their only championship while in Brooklyn, did not allow a Yankee baserunner to reach third until the ninth. He struck out four in posting the fourth series win of his career.

The Dodgers jumped off against first-time series starter Al Downing for two runs in the first inning and made it 3-0 in the fourth when Bill Skovron homered into the right field stands. Willie Davis' double and a triple by Tommy Davis added the fourth run in the eighth.

The Dodgers were aided in the first inning by imperfect fielding plays by Penitente and right-fielder Roger Maris — although neither was officially charged with an error.

Wills Picked Off
Maury Wills singled to open the game and was promptly picked off first. The slim little speedster slid safely into second base, however, when Penitente's throw was high and wide to Tony Kubek. Jim Gilliam singled and went to second when Maris' throw from right field held Wills at third.

Then came the big break of the game. Davis lined to right field directly at Maris. But the Yankee rightfielder slipped twice, then fell to his knees and the drive went for a two-run double.

Maris left the game with a bruised left shoulder in the third inning when he crashed into the right field fence attempting to field the first of T. Davis' two triples.

The scene shifted to Los Angeles for the third game of the series on Saturday with the Yankees needing four victories in five games to win their 21st series championship in 28 tries. The 1956 Yankees are the only team ever to lose the first two games of a seven-game series and then rally to win the series.

Rights Commission Vote Slated Monday

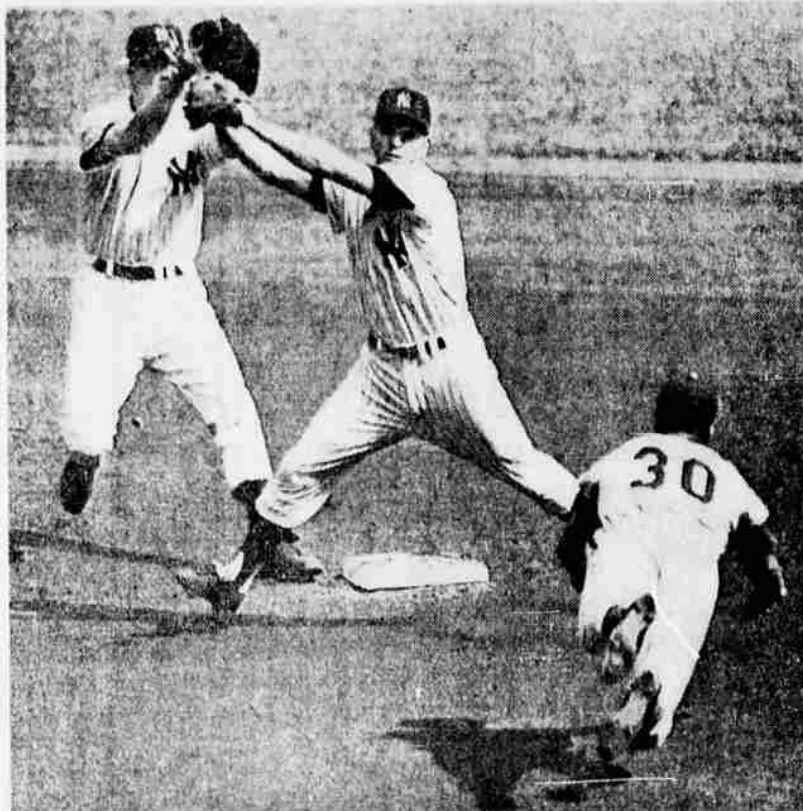

WASHINGTON (UPI) — The House today scheduled a vote for Monday on a stop-gap measure to give the federal Civil Rights Commission a new one-year lease on life.

NEWS BRIEFS

OPTIMISM VOICED ON COLUMBIA TREATY
WASHINGTON (UPI)—Senate Majority Leader Mike Mansfield expressed optimism today that ratification of the Columbia River Treaty by Canada might be forthcoming in the near future.

SENATE APPROVES FISHING FLEET FUNDS
WASHINGTON (UPI)—The Senate Wednesday approved a \$50 million subsidy program to help Alaskan fishermen build new vessels for "wet war" competition against huge fleets of Russian and Japanese trawlers.

LEGISLATION BUILT ON "FIRST-COME" BASIS
WASHINGTON (UPI)—Democratic leader Mike Mansfield said today it would be "first-come, first-served" in the Senate for civil rights and tax-cut legislation.

A DASHING DODGER—Maury Wills of the Los Angeles Dodgers dives in to steal second base as second baseman Bobby Richardson of the New York Yankees stretches for a high, wide throw from first baseman Joe Pepitone in the first inning of the second game of the World Series at Yankee Stadium today. Shortstop Tony Kubek is backing up Richardson on the play. (UPI)

County Receives \$148,320 Check From Reserves

Jackson county has received a check for \$148,320.99 for its share of the former reserve fund received from the state land board from timber receipts.

According to County Treasurer Karl Janouch, the money goes to the irrevocable school fund. Formerly, he said, part of the timber receipts were held, according to state law, in a reserve fund. The 1963 Legislature ordered that this fund, which has accumulated for six years, be distributed to the schools throughout the state.

Jackson county's payment was based on the last school census of 24,856 school children.

Apportionment Planned
Apportionment will be made at the next meeting of the Jackson county rural school board.

Other funds received by Jackson county include \$1,368.52 from the U.S. government for the county's share of money derived from the sale of public lands. This money goes into the general fund.

Of the \$436,732.02, which the county received from the U.S. forest service for 25 per cent of the forest reserve receipts, \$327,549.07 has been added to the general fund and \$109,183.02 to the county schools.

PAPER PRICES UPPED

PORTLAND (UPI)—Columbia River Paper Division of Boise Cascade Corp. announced a \$20 a ton increase in the price of its lowest grade bond papers effective at once.

Brand Inspectors To Be Approved

SALEM (UPI)—Brand inspectors checking cattle at the North Portland Union Stockyards in the future will be approved by both Oregon and Washington, the State Agriculture Department said today.

A recently approved agreement between the two states means that inspectors from both states can clear cattle from either state.

Oregon has five men on duty at the stockyards. Washington has had one full-time and one part-time man, but will add another part-time man under the new agreement.

SHORT ELECTED

Salem, N. G., Sept. 23-26. Culture Director J. S. Short was elected to the executive committee of the National Association of State Department of Agriculture during the group's annual convention in Washington, D. C., Sept. 23-26.

American Army Captain Killed In Viet Nam Action

SAIGON, South Viet Nam (UPI)—A United States Army Special Forces captain was killed early today in an ambush laid by Communist Viet Cong guerrillas along a road near the Cambodian border about 85 miles north of Saigon.

An American military spokesman said that eight Vietnamese army men, including one officer, also were killed. Viet Cong casualties were unknown.

The Communist guerrillas sprang the ambush just as the first of a two-truck supply convoy passed over a mine they had planted in the road. The mine exploded, blowing the truck off the road and setting it afire.

The guerrillas then opened fire on the second truck and set off a second mine. Soldiers riding in the second truck dived into the road and scrambled for what cover could be found. When they opened fire in return, the Viet Cong retreated.

The captain was the 3rd U.S. military man to be killed in combat since the build-up of American assistance began in January, 1961.

Meanwhile, American military sources said an estimated battalion of Communist rebels completely overran two strategic hamlets in the Dak Bot region 20 miles southeast of the provincial capital of Pleiku. They drove the hamlet's estimated 2,000 inhabitants back into the jungle-covered mountains from which they had come only four months ago.

The sources said the attack occurred early Monday morning and that preliminary surveys of the government's losses indicated that an estimated 70 weapons were missing and possibly captured by the Viet Cong. (See Story on Page 2A)

Short Agenda Faces City Council Tonight

The Medford city council will consider one of the shortest agendas in recent months when it meets at 7:30 o'clock tonight in city hall.

The only public hearing scheduled concerns the proposed annexation of 4.7 acres of property south of Garfield rd. and east of Marsh lane.

City Manager Robert Duff will present an oral report to the council on the package of Safeway Stores for the request of liquor license for their new market at West Main and Hamilton sts.

The only resolution concerns acceptance of a completed six-inch water main on Crestbrook rd.

Officials Deny State Known as Gambling Spot

PORTLAND (UPI)—Oregon law enforcement officials took issue today with Rep. Paul A. Fino (R-New York), who declared the state is a "gamblers' paradise" which contributes more than \$250 million a year to crime syndicates.

"He must have received some misinformation," said Atty. Gen. Robert Y. Thornton. "We haven't had a valid gambling complaint in Portland for the past year," said Police Chief Dave Johnson.

Kennedy Defends Projects Against Waste Charges

HEBER SPRINGS, Ark. (UPI)—President Kennedy defended a new federally financed \$48.7 million dam today and defended such projects against charges that they are "boondoggles" and a waste of tax money.

He pointedly asked whether it was not more wasteful to stand by and see life and property lost through floods and to leave untapped the energies of the nation's streams and rivers.

He said water developments ultimately pay for themselves, serve homes and farms and factories and produce "billion-dollar" benefits for all.

Wealth Said Created
"These projects protect and create wealth—new industries, new income, new incentives and interests," the President said in remarks prepared for dedication of the Greers Ferry dam and reservoir here.

The presidential speech was the first of two in Arkansas today. The second was scheduled this afternoon at Little Rock where Kennedy's appearance had produced advance rumblings over the racial segregation issue. Kennedy's main emphasis there was expected to be on his tax cut program, however.

Kennedy went to Arkansas primarily at the invitation of Chairman Wilbur D. Mills (D-Ark.) of the House Ways and Means Committee, who piloted the administration's \$11 billion tax reduction bill to House passage last week.

Oil Paintings Are Reported Missing

Fifteen oil paintings, valued by the artist at about \$15,000, have been reported lost somewhere between Mt. Shasta, Calif., and Winston, Ore., according to information received by Medford city police.

The paintings were lost from a cartop carrier by the artist, Robert K. Suk Han, Pacific Grove, Calif., on Sept. 30, while he was driving north on Highway 99.

Han told police that one painting, a picture of a bull, was valued at \$1,000, and that another depicting a bird in "modernistic" style, was valued at \$2,000.

Han also reported the loss of a broken alligator suitcase containing several suits of clothing, which he believes came loose from the cartop carrier at the same time the paintings were lost.

The American prelate, one of the council's liberal group, said that all of the reforms under consideration — such as those in the liturgy and organization of the church — depend on getting back to sound and dynamic preaching of God's word.

He said unfortunately preaching today is often done in a "resultant manner," as if it were incidental to the liturgy.

He said the state board, for example, no longer "seeds out" men to measure the size of your blackboards."

Fisher spoke to the Multnomah County School Boards association.

He said the state board, for example, no longer "seeds out" men to measure the size of your blackboards."

Explosion Levels Store Building In Birmingham

Negro Youth Held As Arson Suspect

BIRMINGHAM, Ala. (UPI)—A food store operated by a white man in a Negro neighborhood exploded and burned Wednesday night during an apparent arson attempt.

Police held a Negro youth, picked up while being treated for burns in a hospital emergency room, on suspicion of arson.

The explosion blew out the front of the Discount Meat Center, caving in the roof and touching off flames. Firemen quickly extinguished the fire, but the store was a shambles.

A crowd of about 50 Negroes gathered at the scene in northeast Birmingham but remained orderly. Police officers, some carrying submachine guns, surrounded the area.

Fire officials said the store was doused with gasoline from two five-gallon cans found in the ruins, and flames from a heater caused the gasoline fumes to explode.

Officers said the Negro youth, Johnny Lewis Ruffin, 20, was treated for first and second degree burns on his left side. He told police he was burned in a warehouse fire and flagged down a motorist who took him to the University hospital. Officers said, however, they learned the youth caught a taxi in the vicinity of the store and went home where relatives drove him to the hospital.

Negro leaders, meanwhile, indicated dissatisfaction with the progress of racial negotiations aimed at easing racial tensions in this steel city. Dr. Martin Luther King Jr. and the Rev. Fred Shuttlesworth planned a meeting Monday to decide whether to resume racial demonstrations.

Chief Johnson said if Fino's figure was accurate "you'd be stumbling over bookies in the smaller towns." And, he added, in October of 1962 there were only four federal wagering stamps applied for or in existence in Portland. All four are out of business now, he said.

Irish Urge Against Spread of Weapons

UNITED NATIONS, N.Y. (UPI)—Ireland called on the great powers today to follow up the Moscow test ban treaty with a new agreement to prevent the spread of nuclear weapons to countries not now possessing them.

Irish External Affairs Minister Frank Aiken, in a speech prepared for delivery to the General Assembly, declared:

"We must at our peril use all the influence and power at the disposal of the United Nations to close the door of the nuclear club now, no matter how insistently aspiring members may demand admission. If we can prevent it, there must be no fifth member."

Rusk Briefs JFK On Gromyko Talks

WASHINGTON (UPI)—Secretary of State Dean Rusk took time out today from his cold war talks with Soviet Foreign Minister Andrei Gromyko to brief President Kennedy on how his latest round of East-West relations was going.

The President and Rusk conferred for about 30 minutes but the White House announced no details of the meeting.

U. S. officials said that in the course of the new talks with Gromyko, Rusk had found that the Soviets still are standing firm on their demand for eventual liquidation of the Allied position in Communist-encircled West Berlin and have not altered their position on other potentially explosive issues pertaining to Germany.

Salem Officer Named As Kliever Successor

SALEM (UPI)—Reg. Gen. Dwight N. Anderson, 36, Salem, has been named adjutant general and chief of staff for Gov. Mark Hatfield, it was announced today.

Anderson, formerly adjutant general, succeeded the late Maj. Gen. Paul L. Kliever, who died last month.

Col. Staryl C. Austin Jr., 43, Salem, has been appointed assistant adjutant general to succeed Anderson.

Congregational Church Superintendent Dies

PORTLAND (UPI)—The Rev. Paul A. Davies, 70, superintendent of the Congregational Conference of Oregon from 1943 to 1952, died of cancer in a hospital here Wednesday night.

RAMON MORALES Ousted in Pre-Dawn Coup

Casualties Said Heavy During Military Seizure

Air Force Said Bombing Troops

TEGUCIGALPA, Honduras (UPI)—Military leaders today deposed President Ramon Villeda Morales and seized power in a pre-dawn coup. Heavy casualties were reported in street fighting.

Some army units in the 4th and 5th military zones, central Honduras, and the civil guard were resisting the coup.

The air force was reported bombing loyal troops at Santa Barbara, 100 miles northwest of Tegucigalpa. Six contingents of army troops were en route to Santa Rosa de Copan to demand the surrender of the holdout garrison there.

Curfew Ordered
Military leaders ordered a 7 p.m. to 6 a.m. curfew and instructed residents to remain in their homes. The civil guard and all armed civilian groups were placed under military control. Civilians with arms and munitions in their possession were ordered to turn them in immediately to the nearest army post.

An Army commander from the 3rd Military Zone said Villeda Morales was overthrown to put a halt to "restlessness and anarchy" in the country and halt "flagrant violations of the constitution and obvious communist infiltration."

Second Coup
It was the second military coup against a constitutional government in Latin America in eight days. The Dominican regime of President Juan Bosch was toppled last week.

Villeda Morales was deposed just 10 days short of completing a six-year mandate. General elections for his successor were scheduled for a week from next Sunday.

Wilson Is Appointed Attorney for Jones

James Wilson, Central Point, has been appointed lawyer for Rancy Jones, 24, of Los Angeles, by district court after Frank J. Van Dyke, disqualified himself.

Jones is charged with grand larceny in connection with the theft of a car Sunday owned by Joseph Albert Josephson, 54, Prospect, an employee of the U. S. forest service. Van Dyke is the U. S. Commissioner here.

The Californian has been questioned by officers regarding the assault of Josephson near his home in Prospect early Sunday. Jones was arrested by Oregon state police on Highway 232 north of Fort Klamath Sunday afternoon. Earlier that day Josephson's car was abandoned at Fort Klamath.

Jones was arraigned in district court Monday noon for grand larceny and bail was set at \$5,000. Wilson said today that he was conferring with his client and no decision had been reached regarding a preliminary hearing.

Thomas Sentenced To Prison Term

GRANTS PASS — Norman Stewart Thomas, 22, Grants Pass, found guilty of involuntary manslaughter in the July 12 death of Lloyd Miles Harper, 48, was sentenced to 10 years in Oregon state penitentiary Wednesday afternoon.

Sentence was imposed by Circuit Judge Orville J. Millard. The maximum sentence for involuntary manslaughter is 15 years.

Gerald Oden, 25, Wolf Creek, found guilty of voluntary manslaughter in the same case, was sentenced to 15 years by Judge Millard last week.

Crew in Area of Whiskey Creek Fire

Rogue River National forest this morning had a crew on a one-fourth acre area on Whiskey Creek in the Applegate district where a fire occurred yesterday.

The fire burned in logging slash on steep and rough terrain. The forest service was "not definitely certain" of the cause.

Fire fighters were dispatched about 1:30 p.m. and a crew was on the fire until midnight.

'Successful Season' Is Reported at Lake Area

Jackson county's Howard Prairie Recreation area is completing a "most successful season" from a standpoint of both recreation days furnished and financial gains, Charles S. Collins, executive vice president of the Cal-Ore Recreational Development association, reported today.

The report of the concessionaire, Johnson Stores, shows a gross gain over this time last year of 16.8 per cent. This gain is remarkable, Collins pointed out, considering that tourism for the state as a whole will be slightly down from the World Fair stimulated travel of 1962.

The increase is in line with plans made at the conception of the project which called for a continuing investment program by both the county and

the concessionaire designed to produce revenue increases to average 15 per cent each year for about a four-year period, Collins noted.

Fishing has been improving at the lake, according to Collins, and it is likely that final reports will maintain the 16.8 per cent increase.

Using the standard formula for calculation of indirect revenue from recreational areas a slightly over \$1,000,000 will be added to the economy of this area from the Howard Prairie operation, Collins said.

This looks like an excellent return for an investment of approximately \$140,000 of county funds. This figure does not include a considerable investment made by the concessionaire, Collins added.
