

Record Sum Voted To Push Program of Space Exploration

Stock Prices Close Lower on Uninspired Trading

NEW YORK (UPI)—Stocks closed lower today for the first time in three sessions. Trading was uninspired and moderately active.

Electronics posted the best gains featuring RCA, IBM, Havag, Raytheon and Texas Instruments up substantially. However, Beckman and Minneapolis-Honeywell finished lower. Continental weakened in the oils but General American and Union Oil of California improved.

Steels improved slightly on news that production last week posted its seventh consecutive gain. Armco and Jones & Laugh-

lin improved but Wheeling declined.

DOW JONES AVERAGES
NEW YORK (UPI)—Dow Jones final stock averages: 30 industrials 743.86, off 1.20; 20 railroads 169.74, off 1.19; 15 utilities 139.15, off 0.20, and 65 stocks 261.27, off 0.74. Sales Monday were about 4.05 million shares compared with 5.12 million shares Friday.

Young Men Sought In Robbery of Motel

ONTARIO (UPI)—Law enforcement officers from Eastern Oregon and Southwest Idaho were on the lookout today for two young men who robbed the Moore hotel of \$377 early Sunday.

Police Chief James Jones said the robbers, both about 28, took the money at pistol point from a night clerk shortly after 4 a.m. Their faces were covered with cloths.

Student Is Winner In Poster Contest

Larry Reavis, Medford High school student and son of Mr. and Mrs. Vern Reavis, 211 Summit ave., was fourth place winner in the 1963 Knights of Pythias Highway Safety Poster contest held recently in Raleigh, N.C.

He received a \$25 U.S. Savings bond. His winning poster was entitled "Watch the Road" and won a \$10 cash award plus a blue ribbon as first prize in the Oregon State Grand Lodge Knights of Pythias contest in Portland.

The student and his parents were guests of the local lodge and of the local Contest Chairman Charles A. Lasher Thursday evening during a dinner in the Candle Light room at the Medford hotel. The contest winner was presented an engraved desk pen set from Talisman lodge, Knights of Pythias.

The contest was held in May in cooperation with the Medford police, Oregon highway department and Jackson county high schools.

Goldwater Beating Predicted by Morse

JACKSONVILLE, Fla. (UPI)—Sen. Wayne Morse (D-Ore.) said Sunday that "there is no hope" for Sen. Barry Goldwater (R-Ariz.) if he gets the 1964 Republican presidential nomination.

Morse said Goldwater would "be beaten worse than Franklin Roosevelt beat Alf Landon in 1936." The Oregon Democrat made the comments at a news conference here.

PROTESTING FRENCH MINERS REMAIN UNDERGROUND

LENS, France (UPI)—One hundred fifty miners protesting the closure of a pit at Cermelles remained underground for the fourth consecutive day today.

They have bedded down in piles of hay and established their own cooking facilities. They took in enough food for a week. Mine authorities want to close the pit due to low productivity.

PRINCESS GRACE CONSIDERING FILM OFFER

MONTE CARLO, Monaco (UPI)—Princess Grace was reported today to be considering an offer of \$1 million, tax free, to star in a new film, "The Great Adventure."

Foreign Briefs

NBC GETS EXCLUSIVE ON OLYMPIC GAMES TV TOKYO (UPI)—The National Broadcasting company today acquired exclusive U.S. television rights for the 1964 Olympics for a reported \$1.2 million.

Announcement that the contract, awarded on a competitive bidding basis, had been signed was made by NBC Board Chairman Robert W. Sarnoff at a press conference here.

Surveying Pamphlet Is Now Available

The Jackson county surveyor's office has prepared a pamphlet for distribution to the public to explain the need and purpose of surveying.

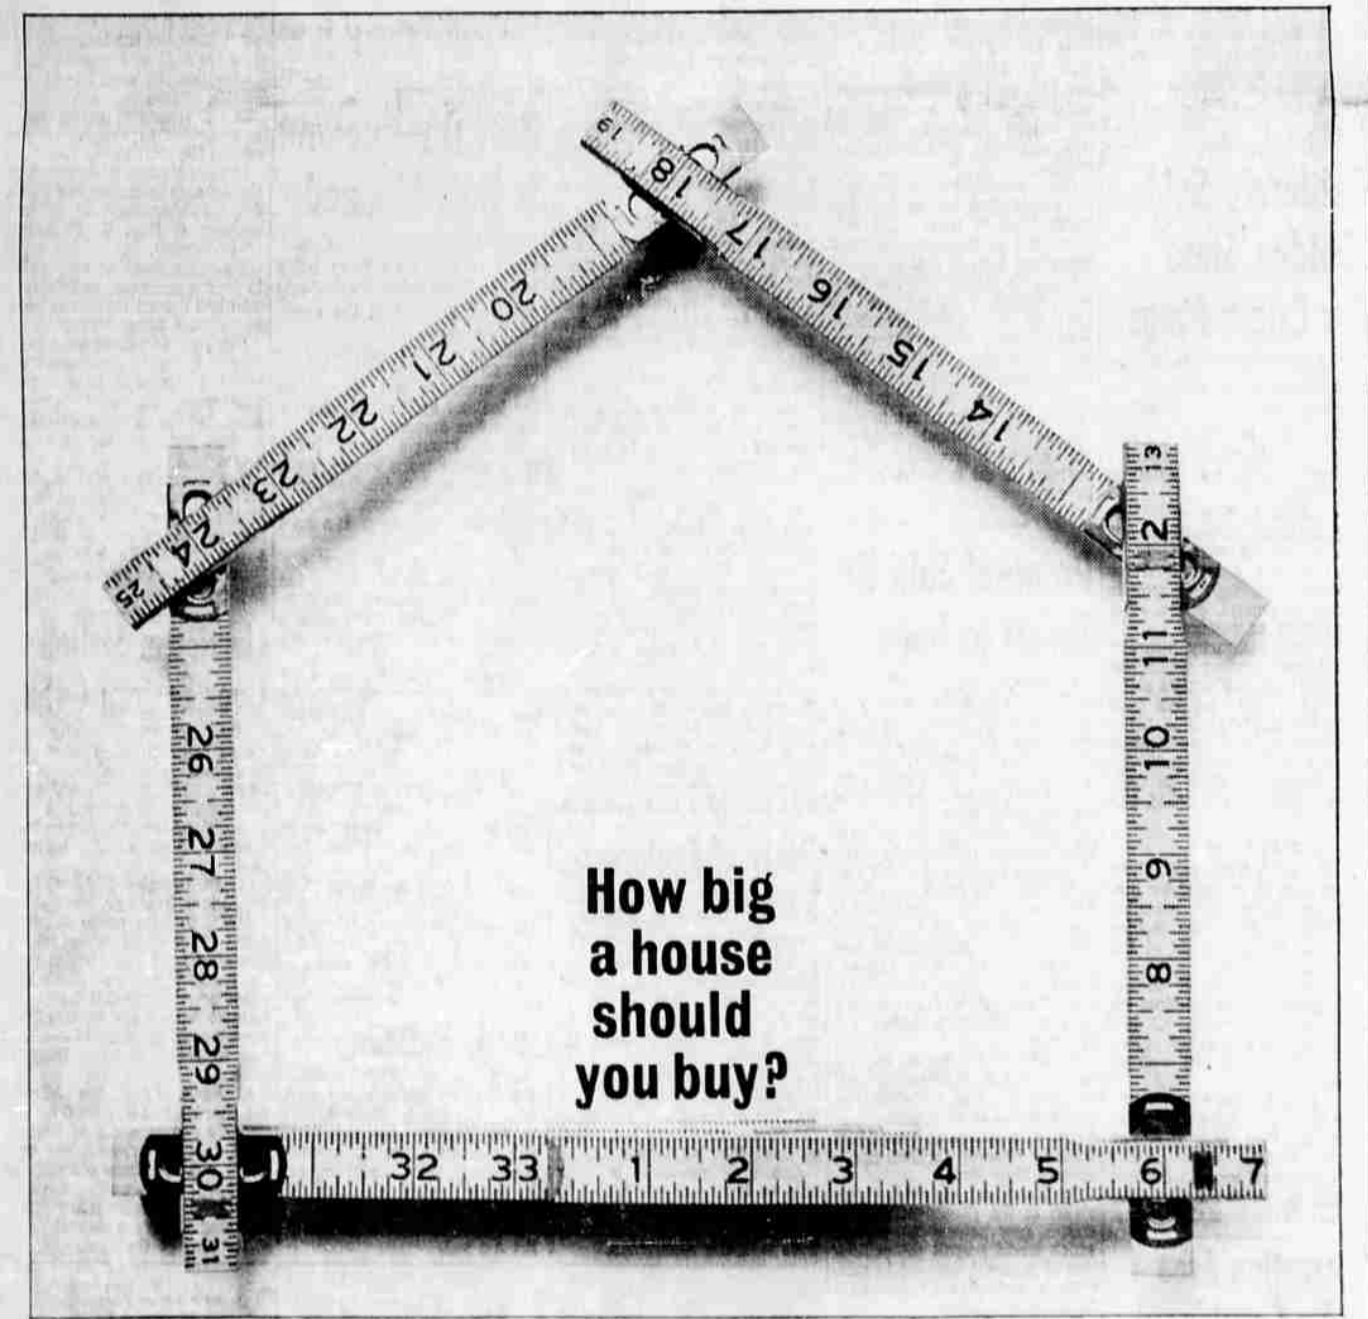

A person generally employs a land surveyor to make a survey only once during a lifetime, the pamphlet explains. Since such employment is so infrequent, the average person is not aware of the logical steps to be followed in selecting a surveyor.

A survey should be made before purchasing real estate, dividing any parcel of land for sale and prior to construction of any structures on property in which a person has an interest, according to Mark Boyden, Jackson county surveyor.

The pamphlet answers such questions as how to choose a surveyor, how much a survey will cost, what a surveyor will do for his customer and how to authorize a survey.

The pamphlet further gives the definitions of types of surveys, gives the various survey measurements, and shows a diagram of the rectangular system of surveys.

de Cobre (Copper Canyon) and started walking through the mountainous country toward civilization.

How big a house should you buy?

What size home will be right for your family? How much should you spend? How much cash is required? And what about future expenses? There are so many questions when you're planning to buy a house. Do you know how to find the answers?

In "How Much House Can You Afford?" a booklet specially prepared for New York Life, Arthur M. Watkins meets these various problems head on, and furnishes clear, down-to-earth information for every prospective home buyer.

Look Ahead to the Future. According to Mr. Watkins, also author of "Building or Buying the High Quality House at Lowest Cost" and other books, there are two basic considerations: the size of your family and the size of your income—now and in the years ahead. If your family is still growing, you must be sure the house is large enough, or can be expanded. The author also supplies charts and figures to guide

your financial planning, including down payment, monthly costs and operating expenditures.

Facts About Mortgages. Mr. Watkins thoroughly discusses the relative merits of old house vs. new house, and gives pertinent facts on mortgaging: how to tailor a mortgage to your budget, how to save money on total interest charges, how mortgage insurance can enable your family to keep their home should the breadwinner die. Also, he helps you appreciate your home as an investment.

Read this free booklet. Where do you start? Whether or not you use the services of a real estate broker, Mr. Watkins gives a number of helpful pointers on how to search for your own particular "dream house." So the best way to begin is by getting this informative booklet. For your free copy, send the coupon, or ask your New York Life Agent. *The New York Life Agent in Your Community is a Good Man to Know.*

Allowance Less Than Kennedy Originally Asked

WASHINGTON (UPI)—The House Appropriations Committee voted a record \$5.1 billion today to push space exploration despite a Republican warning that Russia may orbit a 100-megaton bomb while this country concentrates on sending a man to the moon.

The total space allowance was \$251 million less than was authorized by Congress in separate legislation earlier this year and \$612 million less than President Kennedy originally wanted.

The appropriations committee also dropped its annual blockbuster on Kennedy's continuing drive to build fallout shelters not only in federal structures but also in schools, hospitals and other non-profit institutions over the nation.

It voted funds to continue location and marking of potential shelter spaces in existing buildings, public and private, but banned further funds for socking these spaces and denied every cent sought for new shelter construction.

Highlight of Bill
The actions highlighted committee approval of a \$13 billion appropriation bill carrying funds to finance 26 so-called "independent offices" and agencies of the government in the 12 months that started July 1.

The committee claimed to have cut the measure by \$1.5 billion, or 10.6 per cent below the President's budget requests. Some of the claimed cuts were real and some reflected optimistic bookkeeping devices.

The Federal Communications Commission got the \$150,000 it wanted to set in motion a new emergency communications net that will enable the President, or an authorized agent, to communicate instantly with the populace over up to 1,700 AM radio stations.

Money for Plane
A \$60 million request by the Federal Aviation Agency to press work on a \$1 billion supersonic passenger plane was approved intact. Funds also were granted for construction of new federal buildings in 27 cities, but costs were shaved 10 per cent.

In its majority report to the House, the committee made no mention of President Kennedy's recent suggestion that this country and Russia work jointly on the moon venture which previously had been pictured as a high priority race.

But Rep. Louis C. Wyman (R-N.H.), a minority member of the subcommittee that drafted the bill, termed the race concept "daytime moon-madness." He said the President's proposal to cut Russia in on the program "cut the entire Apollo program with fiscal uncertainty."

Injured Woman Brought Here

Mrs. Mildred May, 52, of Eugene, who was injured in a two-car accident on Highway 97 north of Klamath Falls Friday evening, was reported in critical condition at Rogue Valley hospital here.

Mrs. May was brought to Medford Saturday evening suffering from fractured right leg and wrist and head injuries. Her husband, Homer F. May, who is a Eugene jeweler, was hospitalized in Klamath Falls.

Killed in the accident was State Rep. William O. Kelsay, Roseburg.

Another woman, who was injured Sept. 26 in an automobile accident in Jackson county, is now reported in poor condition at Rogue Valley hospital. Mrs. Lucille Marietta Whitlock, 46, of Coleville, Calif., has previously been listed as critical by hospital officials. Her husband, Robert Edlow Whitlock, 51, was killed in the accident.

House Expected To Extend Rights

WASHINGTON (UPI)—Speaker John McCormack (D-Mass.) predicted House approval today of the Senate passed measure to extend the Civil Rights commission for another year.

The House leader said he expected to have the two-thirds majority vote needed for approval under a procedure which would avoid House Rules committee clearance first.

McCormack adopted this course of action to avoid possible delaying tactics by the Rules Chairman Rep. Howard W. Smith (D-Va.) an opponent of civil rights legislation.

The commission is in a state of suspension now because its two-year term expired Sept. 30. But, 60 days are allowed for clearing up the agency's business. So far, it has lost about 20 staff members because of the uncertainty over getting an extension and 40 more members received a one-month notice last week.

Chinese Communist Interpreter Scales Soviet Embassy Wall in Tokyo To Ask Officials for Political Asylum

TOKYO (UPI)—An interpreter for a Communist Chinese scientific delegation climbed over the wall of the Soviet Embassy before dawn today and asked for political asylum, diplomatic sources reported.

The Japanese Foreign Office identified the defector as Chou Hong-chin, 44, who came here with the delegation last month for an international conference on oil pressure machinery.

The sources said Chou made his way to the Soviet Embassy about 4 a.m. today, climbed over the seven-foot concrete wall, and asked Soviet officials for asylum.

Airline sources said five members of the delegation left for home today but three others, including the leader, remained in Tokyo.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, sooty, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.
