Why To Vote "Yes"
Less than a week remains before the Great Tax Election of 1963.
Most people, we suspect, have already made up their minds how they will vote. Probably a majority will vote "no."

WHILE THE tax measure is less than perfect, it is far from as bad as its detractors claim. It is based on the ability to pay, it broadens the base somewhat, and it has a number of desirable reform features.

WHILE THE consequences of a defeat are largely unpredictable, some of them are known. There would have to be immediate and drastic cuts in the budgets of many state services, including a slash in the colleges' and universities' funds that would be crippling, just on the eve of the largest enrollment increase in history, as the war baby "bulge" comes along next year.

IF THE Legislature is called, some of these cuts may be ameliorated, by the device of cutting into basic school support (which is property tax reduction). Still other cuts could be made, or other taxes levied — subject, of course, to another referendum.

SOME OF the reasons given for a "no" vote are instructive. They include:
-It will bring a sales tax sooner.
-It will eliminate the need for any new taxes.
-The budget is too large.
-The budget is ok, but the tax bill is the wrong way to raise the money.
-The tax bill hits those least able to pay.
-The tax bill doesn't broaden the base enough.

Obsolescence Profitable
Are the new stainless steel razor blades as good as the advertisements say they are?
No. They're better.
Gillette boasts its new blades will last for seven shaves; Schick says it will go 15 or more. Actually, those who have used them say they will last for 20 or more comfortable shaves.

On Eugene Panel
WASHINGTON (UPI) — Sen. Milward L. Simpson (R-Wyo.) will go from Washington to the Western Republican Conference opening Thursday at Eugene, Ore.

Orderly Government
To the Editor: The enclosed clipping from a Salem newspaper is the most concise and illuminating explanation that I have seen regarding the tax bill.

Definite Stand
To the Editor: In regard to the Democratic party's 'censure' of the Republican party's failure to take a definite stand on the controversial tax referendum, it must be pointed out that the Republican party has indeed taken a very definite stand.

Urges Support
To the Editor: I would like to urge the people of Medford to vote YES for Measure 1 on Oct. 15. As a student at the University of Oregon, I am very concerned about proper educational opportunities for Oregon's youth.

Can't Afford "No"
To the Editor: Oregon, it seems, is faced with two related major crises, one concerning the Oct. 15 tax referendum measure and the other, the problem of increasing enrollment in our schools and colleges.

Our Senators Solve Everything

That's a great television show our Senators have got going: Cosa Nostra! Starring squawking Joe (The Mobster) Valachi. Dramatic, suspenseful, revealing! Only I'm a little worried whether the Senators can keep up the pace. They're running out of crimes for Mr. Valachi to confess to.

Israel, encircled by hostile Arab states, is in turn encircling the besiegers.
This turn - about is the result of a remarkably effective program of technical assistance to underdeveloped nations which from a modest start in 1956 now operates in Africa, Asia, the Mediterranean basin and even in Latin America.

Pharmacy Week
To the Editor: The week of October 6 to 12 has been designated National Pharmacy Week. Although the week will pay tribute to the many thousands of pharmacists in America, in reality it will be just another seven days in the busy life of the man who spends 24 hours a day, 7 days a week, 52 weeks a year, in offering his professional services for your continued better health.

Essentially, the program concentrates on agriculture and water resources, formation of youth groups and public and private enterprises in which the Israelis have the greatest experience.
The most characteristic aid is carried out by young Israelis from the agricultural collectives (kibbutz) and agricultural cooperatives (mochav). In Africa, these young instructors aid nations in developing both their own agriculture and defense.

THE INCOME TAX MEASURE

This is one of a series of brief presentations of some little-known aspects of the income tax measure on which Oregon voters will decide at a special election on Oct. 15.

A "yes" vote approves the law; a "no" vote defeats it, leaving some \$60 million less income than appropriations.

Table with 4 columns: Biennium, Appropriations (Millions), Percent Increase. Rows for 1955-57, 1957-59, 1959-61, 1961-63, 1963-65.

QUESTION
Wouldn't the defeat of the Tax Law require some budget cutting?
ANSWER
Yes. But the governor can only cut services, and these only in a very few of the state's activities. The biggest budgets he can cut are higher education, mental and penal institutions, and welfare.
