MANOR-ISMS

By ETHELYN EVANS

More than 50 members joined a special bus tour of the Lava Beds, the Klamath Basin and the Tulelake Wildlife refuge.

This was the second trip to these scenic spots arranged for members since the Manor opened. Again Dr. Elmo Stevenson, president of Southern Oregon college, Ashland, made the trip more worthwhile and very interesting by leading the group and giving short lectures and explanations. The travelers returned to report a truly enjoyable time and were brimful of information about that section.

Dr. R. H. Henderson, eye, ear and nose specialist who came here from Hendersonville, N.C., moved to that city when he retired after 33 years practice in Chicago and Willmette, Ill. He and his wife are off on an extended trip with many stop-overs, beginning with Willmette and ending in Tulsa, Okla., where they will spend Thanksgiving with a son who is teaching at a university there. Both the Hendersons will be missed in the square dancing group. Also, I hear that at least five members were recruited to substitute for Dr. Henderson in his constant and expert landscaping work on the Manor grounds.

The Ralph Moores have climbed aboard a Trailways Cruise bus bound for the New England states and northern New York, Washington, D.C. and way points. The real object is to view the autumn colors. Here is hoping they will have

a "brilliant season" so to speak. The color and profusion does vary from year to year, you know.

Some recent additions to our Manor family: Mrs. E. R. Uiter, Modesto, Calif., (California heads the list of states represented in Manor membership, having by far the largest number of former residents now living here), Mrs. Lillian Mary Capsey, from our "hometown," Medford, (which also has a large and growing contingent in residence on the "Hill") and Mr. and Mrs. George Young from Paso Robles, Calif., have moved into an apartment on the eighth floor. Before retiring, the Youngs operated large cattle feeding ranches near Coffeyville, Kan. Other newcomers are Mr. and Mrs. Edgar Maybury, Carmel, Calif. The Mayburys have been frequent visitors to Southern Oregon since they have a daughter, Mrs. Ogdon Kellogg, who lives in Gold Hill.

The Manor has a new Member's council to serve the coming year. We find that under Councilmember Miss Emily Devore's chairmanship, our lecture room is to be redecorated, with donated funds, and used as sort-of-a-showcase for exhibiting varied works of art created by our members. It's quite true that the room has been most serviceable in the past but strictly utilitarian. Likewise, the popular recreation of lawn bowling will receive additional equipment, authorized by the council but paid for from donated funds. So many members are generously willing to help improve our Manor home.

Mrs. Anne J. Garby is the new Manor council representative to the Jackson County Inter-community council.
