## Korth's Resignation Expected To Ignite Naval Controversy

By CHARLES W. CORDDRY  
 United Press International  
 WASHINGTON (UPI)—Navy Secretary Fred Korth's resignation was expected today to fire up a controversy over the Pentagon and Congress over the future of the nuclear power for naval ships.

Intentionally or otherwise, the Texan's retirement decision served to emphasize a dispute that has smoldered for many months between the Navy and the Defense Department over the speed with which the fleet should shift to atomic propulsion.

Namara in a dramatic congressional controversy.

More than a decade ago, Rickover and a few congressional supporters practically forced nuclear propulsion of submarines in a hesitant Navy. But today the outspoken admiral has the support of the Navy from Korth on down, and of the Atomic Energy Commission (AEC) in pressing for a speedier switch to atomic surface ships.

Chairman John O. Pastore,

D.R.I. of the joint Congressional Atomic Energy Committee told McNamara in a letter dated Oct. 9 that he would hold hearings on the new aircraft carrier, which McNamara wants to be conventional-powered.

Coincidentally, that was the same day the Navy got the word from McNamara that he was against Korth's proposal of last Jan. 23 that the flattop be built with nuclear propulsion. The Navy saw in that decision a threat to its broader proposal that all future ships of more than 8,000 tons displacement, chiefly frigates but also carriers, have atomic power.

### Police Applicants To Have Clean Record

No applicant will be considered for a position on the Medford city police department unless he had a "spotless police record," according to Dudley L. Ferguson, administrative assistant to the city manager.

Ferguson made the statement in connection with the announcement of two vacancies on the city police force. Applications are now being received for the positions.

Minor traffic citations may be overlooked, Ferguson said, but major offenses, either civilian or military, will serve to disqualify the applicant.

Beginning salary for the position of patrolman is \$404 a month. The applicant must be at least 21 years of age, and be between 5 feet 10 and 6 feet four inches tall.

### Gains in Sugar Issues Feature Firm Stock Market

NEW YORK (UPI)—Gains of a point or more in a handful of sugar issues featured a firm stock market today.

Strength in the sugar group continued to reflect effects of the hurricane that severely damaged Cuba's sugar crop and thus reduced the potential world sugar supply. American Crystal advanced more than 2. Holly, South Puerto Rico and Great Western also were up 1 or better.

Steels were firm and autos narrowly mixed. Du Pont shed nearly a point in the chemicals, Abbott Labs lost nearly a point in continued reaction to news it has a broken off merger talks with G. D. Searle.

Other racial developments: Clinton, La.: A Louisiana court Monday issued a warrant for the arrest of James Farmer, national director of the Congress of Racial Equality (CORE) for leading racial demonstrations. Farmer failed to show up for a hearing Monday against Negroes charged with violating a restraining order against picketing white merchants.

Movie House Picketed  
 Gastonia, N.C.: Several hundred Negroes picketed two segregated movie houses Monday night without incident. It was the second consecutive evening of picketing.

Tallahassee, Fla.: A group of white Florida State University students carrying "Ban the Ban" placards picketed an off-campus hangout Monday to protest its refusal to serve Negroes.

Jacksonville, Fla.: A hearing was scheduled in U.S. District Court Wednesday on a suit to enjoin St. Augustine city officials from interfering with anti-segregation demonstrations.

New York: The Congress of Racial Equality (CORE) said it would stage demonstrations today when five demonstrators jailed five days ago are released. The five had been arrested in demonstrations protesting alleged discrimination in union hiring practices at the Rutgers housing project in Manhattan.

Birmingham: Gov. George C. Wallace denied in a television address Monday night that Birmingham is experiencing economic setbacks because of racial troubles.

Jackson, Miss.: The Mississippi Supreme Court Monday was asked to uphold a lower court order saying that Byron De La Beekwith, accused of slaying of civil rights worker Medgar Evers, is not required to have a mental examination.

## Negro Leader Denounces City's Demand Rejection

BIRMINGHAM, Ala. (UPI)—Negro leader Martin Luther King Jr., bitterly denouncing the city's rejection of his desegregation demands, threatened Monday night to lead demonstrations of "more numbers than any man can count."

"We will demonstrate until they integrate," he told a rally of more than 1,000 Negroes. But he did not say when such segregation protests, which brought around 2,500 arrests last spring, would begin.

King spoke several hours after Mayor Albert Boutwell said that solution of the city's racial problems "will never be done in response to threats or deadlines from anyone." Boutwell referred to a demand by King that the city hire 25 Negro policemen within a two-week period ending next Monday or face new racial demonstrations.

Boutwell's executive assistant, W. C. Hamilton, said city service regulations requiring a six-week clearance check for new employees would make it "impossible" to meet King's deadline without an act of the legislature.

Boutwell said an "intensive and completely impartial survey" was being made to determine the best kind of police force for Birmingham and he would not permit "other interests to intervene or defeat" that study.

## Senate Hearings on Tax Cut Convene With Pressure Charges

WASHINGTON (UPI)—Senate hearings on President Kennedy's tax cut program opened today on a stormy note with one Democratic senator charging pressure tactics had been employed in an effort to force him to support the bill.

An aroused Sen. Albert Gore (D-Tenn.), complained that a seven-page telegram sent by William Keel, director of research for the Democratic National Committee, to Tennessee communities amounted to "political intimidation."

The telegrams urged local Democratic leaders in Tennessee to support the tax program and to advise their senator — Gore — to do likewise.

"So far as I know, this is the beginning of a purge," Gore said as the Senate Finance Committee opened hearings on the tax bill. Gore is opposing the measure.

Agrees With Gore  
 Sen. Herman E. Talmadge (D-Ga.), chimed in that he had seen the telegram and agreed with Gore that it was designed to "bring political pressure and coercion" on the veteran Tennessee senator.

Sen. Russell B. Long (D-La.), No. 2 Democrat on the tax-writing committee, sought to smooth the ruffled feathers. Long said he was sure the wire was not intended to pressure anybody. He acknowledged it was an "undiplomatic act by one individual" but said it should not be blamed on the Democratic Committee as a whole.

Gore suggested that Keel be asked to testify and, if necessary, subpoenaed to appear before the committee to explain the telegram and to say whether the views were endorsed by National Chairman John Bailey.

Chairman Harry F. Byrd (D-Va.) said he felt Gore's suggestion that Keel appear was "reasonable" and added that the matter would be "thoroughly looked into."

Charges Pressure Tactics  
 Contributing to a lively start of the hearing, Byrd remarked in his opening statement that inferences that the committee is delaying a vote on the bill "have characteristics of pressure propaganda."

The Gore complaint and the other statements of members delayed testimony by Treasury Secretary Douglas Dillon, who launched the administration's Senate drive for the House-passed \$11 billion tax cut with

#### DEFORMED TOENAIL

Q. My left toenail is thickened, deformed, and very painful. One doctor wanted to remove the nail. Should this be done?

A. It is usually advisable, as your doctor suggested, to surgically remove distorted, deformed, thickened nails, especially toenails. To simply trim away such nails does little good because they soon grow again in the same distorted manner. When the nail is removed surgically, regrowth can be prevented by treating the nail bed. In many cases, complete removal of the nail and bed is the only way to provide lasting comfort.

#### CONTACT LENSES

Q. Is there greater risk of injury to the eye in the event of an accident when contact lenses rather than ordinary glasses are worn?

A. No, contact lenses do not entail any greater risk than do spectacles in the event of an accident.

### Refinery Blast Victims Improving

MOSES LAKE (UPI)—Officials at Samaritan Hospital here said today all four men hospitalized with burns and injuries suffered in the sugar plant blast which claimed seven lives Sept. 25 have been taken out of the intensive care unit.

Officials say Emmitt Gaither, 44, Grandview, was expected to be released to the hospital in his home town Wednesday.

The other three, Doyle Bryan, 37; Eligio DeLeon, 32, and Erwin Loose, 59, all of Moses Lake, will remain at Samaritan Hospital.

Meanwhile, the Utah-Idaho sugar plant resumed operations Friday morning on a three-shift, around the clock basis.

The plant was rocked by an explosion the afternoon of Sept. 25 and four giant sugar storage silos were reduced to rubble.

It took work crews five days to recover all seven bodies from the debris of twisted steel and concrete slabs.

### Kenny Foundation Agrees To Settlement

MINNEAPOLIS, Minn. (UPI)—The Sister Kenny Foundation Thursday agreed to a \$251,000 settlement in a \$3 million civil suit to recover funds siphoned off by a former Minneapolis mayor and his confederates.

The judgment was against former mayor and onetime executive director of the polio institute, Marvin Kline, publicist Fred Fadell and former Kenny bookkeeper J. George Zimmerman.
