The Family Council

Editor's note: The Family Council consists of a judge, psychiatrist, three clergymen, three editors and a women's editor. Each article is a summary of a family disagreement presented to the Council. The Council deals with problems, major and minor, encountered by guidance counselors and social workers. Edited by Mrs. Alma Henry. (Copyright by General Feature Corp.)

Edgar R. — He'd stop sucking his thumb if she'd agree to tie him up.
Rosalie R. — That seems so cruel. I'm hoping he'll outgrow it.

Edgar R. — I remember as a kid that my mother used to put something that looked like tin cans on my sister's elbows to keep her thumbs out of her mouth. I want Rosalie to use something like that or any new invention to end our son's thumbsucking. He's 7 years old now and, with his second teeth in, it's not cute.

Rosalie R. — Of course I can restrain Howie by bandages or bitter-tasting antiseptic, but that may make him even more nervous than he is. He seemed to be forgetting about his thumb last winter, but then I went to the hospital for an operation and he's back at it worse than ever. He'll stop if our life stays calm.

The Council: That's a big if, Rosalie. And even if it were possible to control your son's environment, he'll be no more equipped for the outside world than is a hothouse flower. No, you and Edgar need a friend, someone to delve with you into the Why of Howie's infantile carry-over. At two, thumbsucking is commonplace, but at 7 it's a sign of trouble. The strong-arm counter-attack advised by Edgar might stop the thumb bit, but the need behind it will be met some other way. (Howie may start to twitch.) He reverted to his thumb to comfort himself when you underwent surgery. Other kids his age might have turned to an old familiar stuffed toy, or a faded crib blanket. But you need counseling to get to the root of Howie's fears. The Child Study Association of America in-
