Admiration for Vote Interpreters

WASHINGTON (UPI) — After each election there comes a period of what is known in political circles as "analyzing the returns."

"The ballots we cast don't just speak for themselves, you know. In order for us to understand why we voted the way we did, somebody has got to sit down and figure out what we meant when we voted that way."

I have great admiration for election interpreters, mainly because I have never been able to master that art myself. But I keep on trying just the same.

In the wake of the elections this week, I approached a friend of mine who specializes in interpretations and asked him to give me a few pointers.

Says It's Easy

"It's quite simple really, once you get the hang of it. When issues are involved you analyze the politicians and when politicians are involved you analyze the issues. Got it?"

"I think so," I said. "Would you mind giving me an example?"

"Very well. Take the mayoralty election in Philadelphia. A Democrat named James H. J. Tate defeated a Republican named James T. McDermott. How would you interpret that?"

"Could it mean that a majority of the voters felt that Tate

would be a better mayor than McDermott?"

"Good heavens!" my friend exclaimed. "You do need help!"

"Well, then, maybe it means that Philadelphia voters are prejudiced in favor of candidates with two middle initials."

"You are trying to analyze the politicians," my friend said.

"What this election provides is an opportunity to analyze the political impact of the civil rights issue."

Tries Another

"I think I'm catching on," I said. "Try me on another one."

"All right. In New York City, the voters went on record 3 to 1 in favor of legalizing off-track betting on horse races. Let's see how you analyze that."

"I analyze it to mean that three out of every four New Yorkers are in favor of legalizing off-track betting," I said.

"Now you are trying to analyze the issue," my mentor commented. "This one should be interpreted as a political victory for Mayor Wagner."

I thanked my friend for explaining the system to me and I believe I have it all straightened out now.

According to my analysis of the returns, the odds against a New York horse being elected mayor of Philadelphia on a civil rights platform are 3 to 1, off-track.

Fireman's Ball Set In Jacksonville

JACKSONVILLE — The annual Fireman's ball sponsored by the Jacksonville Volunteer firemen will be held Saturday, Nov. 30, at the Jacksonville Community Hall.

Proceeds from the dance will be used to purchase equipment for the fire department. Firemen earn money from other activities during the year, but the majority of the funds are received each year from the ball.

The dance will be held from 9 p.m. to 1 a.m.

Company Managers Attend Sales Dinner

Managers of the five offices of the Red Arrow Realty attended a sales force dinner recently at the Riverview Cafe in Shady Cove.

Discussion centered on how to better serve the real estate buyers and sellers in Jackson County. Roy H. Maudlin, broker, is owner of the firm.

Those attending were from the Talent, Shady Cove, Jacksonville, Prospect and Medford branches.

Third Continuance Won at Klamath

KLAMATH FALLS (UPI) — Slaying suspect Archie Foster won a third continuance of his case in Klamath County Circuit Court Wednesday.

His attorney, Charles Burt of Salem, requested and received an indefinite delay until the Oregon Supreme Court acts on a writ of mandamus.

Foster, 41, is charged with first degree murder in the slaying of Eunice Biss at Beauty last July.

Eisenhower's Book Published

WASHINGTON (UPI) — "Mandate for Change", the first installment of Dwight D. Eisenhower's memoirs of his White House years, was published today—another landmark in the former president's highly successful literary career.

The 650-page book has been chosen as a selection of the Literary Guild Book Club. Advance installments have appeared serially in a number of major newspapers over the past few weeks. Both of these factors almost insure it will be a best-seller, perhaps on a scale equaling that of his first book, "Crusade in Europe."

It was the enormously popular "Crusade in Europe" that gave Eisenhower a measure of financial independence. The proceeds from that book went toward purchase of his farm at Gettysburg, Pa., the first home he has owned after years of living on Army posts around the world.

Eisenhower deals with the first term of his eight-year (1953-61) administration in the current book. The second term will be covered in another volume planned for publication late next year.

The early critical consensus on "Mandate for Change" appeared to be that while the former president has described the great and momentous events of his first four years in the White House, he just as carefully has omitted all of the colorful details. The meat is there, but the juice is gone.

Los Angeles Man Takes Morning Shower

LOS ANGELES (UPI) — "Well, time for my morning shower," an unidentified man remarked casually. He had changed into Bermuda shorts while customers at a sidewalk coffee stand watched Wednesday.

Then he walked out into the rain, carrying his other clothing in a suitcase he had brought along.
