Two PP&L Employes Retire from Service

More than 100 co-workers, guests and retired employes of Pacific Power & Light Company of Medford district honored D. A. Hutchison and J. A. Medley at a dinner announcing the retirement of the two employes recently.

Medley was first employed by the company in 1926 and for several years worked on the major construction projects in the area, and completed his service as an equipment operator in the Medford district, having been continuously employed for 37 years.

Hutchison was employed by the company in 1947 as a lineman and worked for several years in the construction department, transferring to Medford district as a line foreman in 1959, which position he held at the time of his retirement, having completed 16 years of continuous employment.

He had been previously employed by the company for 15 years, but defense work during World War II interrupted his service with the company.

Each of the retiring employes received five shares of common stock and other gifts from the company which were presented by F. C. Bash, Copco division manager, and F. A. Benesh, Medford district manager. They also received gifts from their co-workers, the presentations being made by John R. Pond and Ross M. Conner.

Pensioner Reunited With Tip of Nose

TERMINI IMERESE, Sicily, (UPI) — A sharp-eyed friend today reunited old-age pensioner Giuseppe Rimasti with the tip of his nose.

Rimasti's nose was bitten in a fight but he did not realize the tip was gone until he got to the hospital.

The unidentified friend was sent back to the scene and found the severed tip on the ground then went to the hospital where doctors stitched it on.
