

Moore Makes Scoffers Take Another Look

GREEN BAY, Wis. (UPI) — As a "replacement" for the most versatile arsenal in professional football, Green Bay Packer halfback Tom Moore is beginning to make the scoffers take a second look.

Moore, who is filling in for suspended Paul Hornung, has been catching passes, throwing passes and running well enough for most fans to forget the Green Bay golden boy, who was banished from the National Football League last April for gambling.

Last Sunday, for instance, Moore ran for 82 yards, tossed a halfback option pass to Boyd Dowler for 49 yards and caught three passes from John Roach and Zeke Bratkowski for 60 yards and two touchdowns.

But the modest graduate of Vanderbilt, who most people felt could never replace Hornung, would rather talk about the team itself than any of his own heroics.

DINNER SPEAKER—Al Akins, above, will be main speaker this evening at the banquet at North's Chuck Wagon honoring St. Mary's High football players. He is head football coach at Southern Oregon College. The dinner is set for 7:30 p.m. and will be attended by parents and friends of players as well as squad members and coaches.

Players' President Maintains Time Not Yet for Playoff Mix Between NFL, AFL Champions

NEW YORK (UPI) — The American Football League is "three to five years" away from reaching a level of performance that would permit it to challenge the National League to a championship playoff game. This opinion was voiced Monday by Pete Retzlaff, president of the NFL Players' Association, who added that the calibre of football in the AFL right now "is inferior to what we play in the NFL."

International Race Captured by Mongo

LAUREL, Md. (UPI)—Racing fans wondered today if Kelso ever would win the \$150,000 Washington D.C. International after the great gelding again was beaten Monday in the turf classic — this time by Mongo. Kelso, America's perennial Thoroughbred champion owned by Mrs. Richard C. DuPont, got his third shot at the elusive prize and once again he ran a great race. But once again another horse ran one just a little bit better.

This time it was Mongo, America's second starter in a race which drew a field of 10 from seven countries. Mongo, a hard-hitting colt at his best over a grass course, beat Kelso by half a length after running the last quarter mile in the mile and one-half race a shade under 24 seconds. Twelve lengths farther back

was the first of the foreign horses. All of them either were hopelessly outrun at the start or outclassed in the stretch as Mongo and Kelso battled for the \$100,000 purse of \$90,000. The furious finish carried Mongo across the finish line in 2:27.5, the second fastest running in the history of the race. Nyrcos of France was third followed by Espresso of England, Misti of France, Ivory Tower II of Russia, Imperial of Hungary, Perumbas of Venezuela, Christmas Island of Ireland and Bryansk, another Russian horse. The sale of Christmas Island for \$90,000 to Earl Scheib of California was announced after the race.

Frank Leahy Speaker For Oregon Banquet

EUGENE (UPI) — Former Notre Dame football Coach Frank Leahy will be the principal speaker at the annual Oregon Club banquet here Nov. 26, it was announced Monday. The banquet, which annually honors University of Oregon football seniors, will be held at the Philadelphia Eagles' veteran end. No Objection. Retzlaff said NFL players "would have no objection" to matching their champion against the AFL champion in a playoff game in the future "because we are interested in anything that would help our pension fund and improve our financial position."

Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

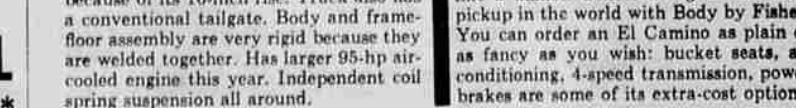

FLEETSIDE. Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck, by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

STEPSIDE. Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payload. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

EL CAMINO. If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

RAMPSIDE. Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.
