

ANOTHER STEP FORWARD IN THE MARCH OF

Progress

. . . OF MEDFORD AND SOUTHERN OREGON

NATURAL GAS IS HERE!

From dream to reality! The coming of abundant Natural Gas to Medford and the Rogue River Valley is a tribute to the vision and courage of a great industry. Natural Gas is like a magic genie of the modern world, sparking progress in industry and in the home. It has become an important contributor to more jobs and added prosperity in every community and area it has reached. The people of this fast-growing, progressive community welcome this new force for productive industry and aid to easy, comfortable living.

Congratulations...

To all who are associated with the California-Pacific Utilities Company, the El Paso Natural Gas Company, and all who had a part in the planning and building of the Natural Gas pipe line from Portland to the Rogue River Valley. They are truly "Partners in Western Progress".
