### Many At Garden Show Featuring Dried Flora

**CENTRAL POINT**—More than 300 visitors attended the annual Central Point Garden Club show November 21 and 22 in the Home Extension Auditorium at Jackson County Fairgrounds, Medford.

The theme for the show, "Beauty Is Where You Find It" featured dried materials in floral designs, and was coordinated with the theme of the club for the year, "Beauty for Growing, Sharing and Showing."

A stage setting was arranged by Mrs. John Holmer and Mrs. James Cornutt, which featured a large piece of weathered wood in the form of a crane, bending over a pond filled with water lilies and leaves.

Nearby a large arrangement of weathered wood, yucca leaves and dried local weeds was displayed on a plow disc. The third display was of tealal distorted by chemical sprays, with dried artichoke leaves at the base.

Mrs. Henry Sturgeon, entries chairman, was creator of a design of flowers and leaves which were made from fungi grown on dead trees.

Mrs. Bert Elliott entered wreaths and "trees" made of sorghum sprayed in silver and gold. Another arrangement in which much interest was shown was of candles for which the entrant, Mrs. Henry Grossman, achieved a lacy, delicate effect by pouring hot wax onto crushed ice.

Mrs. Archie Purdy was chairman in charge of the tea table centered by a candelabra with white candles, with contrasting red-sprayed cardona.

Mrs. Ivan Skyrman and Mrs. R. D. Kay, in charge of the education section, displayed samples of plant material preserved by various methods and explained the processes to visitors.
