

SECRETLY DATED—Victoria Lynn Blumenfeld, 19-year-old free-lance actress who claims she secretly dated Frank Sinatra Jr., told police she received a threatening note that indicated she would be kidnapped. "You're next after Frankie, kiddo," read the note stuffed into peep-hole of door to her home. Detectives said it appeared to be the work of a prankster. She is shown holding small photo of Frank Sinatra Jr. (UPI)

# Youth Employment Program Reviewed At Rotary Lunch

A youth employment program designed to preserve, protect and develop recreational facilities and accommodations in this area was advocated here Tuesday by Larry Espey, chairman of the Jackson County Parks and Recreation Commission.

Speaking before the Medford Rotary Club at a luncheon meeting at the Rogue Valley Country Club, Espey told of enthusiastic reception and support of this program in many parts of Jackson County. The project, he said, would tend to improve human resources as well as natural resources by teaching skills and work habits to young men working under capable supervision.

Improvement of trails, camps and scenic areas and elimination of fire hazards would be objectives of the youth employment program. While accomplishing this, Espey told Rotarians, young men at least in junior class age would become gainfully employed and would establish a close relationship with outdoor life.

Keep Youths Busy It is not a step toward solving juvenile delinquency, but would keep boys busy during the summer season in wholesome, healthy surroundings and atmosphere, he noted.

The importance of one Jackson County project, the development of Howard Prairie recreational area, was cited by Espey. Last year vacationists spent 213,000 visitor days at the lake and a quarter of them were

from other states. The economic impact locally of this one season exceeded \$1 million. This recreational development is used as an example throughout the country for good planning and education, the speaker said.

Espey has had extensive experience with both national park and forest service work and spent two years in South America with the Rockefeller Foundation.

Tom Ness, who attended the World Boy Scout Jamboree in Greece last year under Medford Rotary Club sponsorship, told of his experiences on the trip which took him to several European countries. More than 12,000 Boy Scouts participated in the worldwide gathering.

Flame Flickers on Kennedy Grave

WASHINGTON (UPI) — The eternal flame on President Kennedy's grave at Arlington National Cemetery flickered out for about one minute Tuesday because of a freakish accident.

A group of children was visiting the grave when the cap came off a bottle of holy water. "A stream of water hit the flame directly, extinguishing it," John Metzler, cemetery superintendent, said. "An attendant relighted the flame immediately. I estimate it was out for only one minute."

Metzler was at a loss to explain how a small amount of water could have extinguished a flame which has continued to burn in heavy rains and high winds.

He said he was not present when the accident happened, but reconstructed the events later.

There were about 20 children from 8 to 11 years old in the group, Metzler said. They were taking turns sprinkling the grave with holy water.
