Pirates Trim Glide With Running Game

PHOENIX — Phoenix High was forced to a running game Friday night and it produced a 45-point second half assault and a 72-66 basketball victory over the Glide Wildcats at Glide.

The Pirates broke a final deadlock with 3¼ minutes to play in an up and down ball game to chalk up their third hoop triumph of the season without a loss.

Friday's skirmish was tied up for the last time when Frank Jones of Glide put in two free shots for 62-all. Dale Sauer then sank a jumper for Phoenix and Jon Granby and Danny Beeson followed in kind for 68-62.

Jones netted a set shot and Beeson retaliated with a layup for 70-64. It was Jones again at the charity lane for two points but Beeson duplicated in the final second to record the last two points.

27 in Third

The Pirates went running to combat a Glide sagging man for man defense and at times tactics with one man on John Barker and the other four players zoning. Twenty-seven of the points were in the third quarter as Phoenix fought back from a two-point halftime deficit.

First half saw Glide controlling the boards. Phoenix came back as the third period opened and took control of the game with an 11-point burst in two minutes. This gave the Bucs a 40-33 command.

Both clubs were shooting well. Phoenix shot 28 of 63 for the game from the field for .460 and Glide fired about the same. The 'Cats' Wade Sumpter had 20 points in the second half, 14 in the third quarter.

Dale Sauer and Jim Consbruck led the Phoenix fast break, and Beeson, Barker, Granby and Ron Williams took control of the backboards over the last two periods.

Sumpter Has 23

Quarter scores in the tilt were 12-8 and 29-27 for Glide and 54-51 for Phoenix. Sumpter had 23 points for the game and Jack Rust, also of the Wildcats, 17. Phoenix did not have men so high but had balanced scoring. Sauer put in 15, Barker 11, Granby and Beeson each 10 and Consbruck nine.

Bob Paulsen of Glide and Consbruck traded goals as the fourth quarter began. And, after Sumpter and Sauer did the same the score was 58-55. Then, a pair of Sumpter jumpers put Glide on top 59-58. Beeson free heaves made it 60-59 Phoenix but Mike Radcliffe of Glide tied up the count. Barker put the Pirates back ahead then Jones knotted the game at 62.

Williams contributed five points to the 13-point rush that enabled Phoenix to go to 40-33. Three buckets by Sumpter closed the difference to 40-39, then Sauer's three points and Granby's two made it 45-39. But Sumpter collected eight more points as Glide narrowed to the third quarter difference.

Pressing Crew

Phoenix couldn't catch Glide in the second quarter until in the last seconds. Just before the half Coach Eldon Durham combined Lex Hamilton, Ken Hawkins, Sauer, Consbruck and Paul Diederich in an effort to provide a lead. With 46 seconds left, Phoenix was down 20-26. The Pirates brought the score to 27-all with nine seconds left. Two foul shots by Rust gave Glide its midway edge.

Durham reported that the foregoing group and Williams provide the Bucs with a good pressing crew. He was pleased with the ability of the Pirates to run when they had to, with the balanced scoring and with the scoring from the bench, "which shows the real team desire the kids have."

Glide won the junior varsity battle 63-53 with 18-9, 36-24 and 46-37 quarters. Dale Birkland had 18 points and Lloyd Campbell 17 for Phoenix and Wayne Fortune 19 for Glide.

Harmony Hares Get Reprieve

HARMONY, N. C. (UPI) — The cottontails of North Iredell County got a week's reprieve Saturday when foul weather accomplished what animal lovers couldn't — postponement of the controversial "Sticks and Stones" rabbit hunt.

Local American Legionnaires, after surveying the rain-drenched red clay hills, decided to re-schedule the annual event next Saturday.

A handful of hunters who didn't get the word sloshed and slid along a muddy road only to receive the news from W. B. Norris Jr., the farmer on whose land the event was to be staged.

"It just ain't fittin' to hunt in this kind of weather," said one club-toting hunter. "The humane society fella from Charlotte came by and we invited him back next Saturday."

"He's got a special invitation now," chuckled another.

Still another hunter took the postponement philosophically.

"Oh, well," he said, "I had some work to do around the barn anyway. I ain't got my white-faced heifers in yet."

The hunt, in which rabbits are beaten to death with sticks, clubs and stones, is regarded as a social event in this small northwestern North Carolina community.

Indians Ink Beaver Pact

CLEVELAND, Ohio (UPI) — The Cleveland Indians announced Saturday completion of plans to transfer their working agreement from Jacksonville of the International League to Portland of the Pacific Coast League.

Indians President Gabe Paul said the transfer was made at the request of the commissioner of the Pacific Coast League for the solidification of the minor league structure.

"All players on the Jacksonville roster will be shifted to Portland for the next season," Paul said. St. Louis will move to Jacksonville.

Paul said the Indians "enjoyed the relationship with the people of Jacksonville and now are looking forward with anticipation to a similar relationship with the people of Portland."

Paul said the transfer has been in the works for several weeks.

Woods, Water, Wildlife

By Hank DeVoss

Big game hunters found deer and elk in abundance in most areas of the state and probably wound up the 1963 hunting seasons with as good or better average success than last year, according to the Game Commission. Although final figures of hunter success and take will not be available until completion of the annual hunter questionnaire survey, the good results of the 1963 seasons are borne out by data collected by game biologists in all sections of the state as they checked hunters in the field through the seasons.

BY THE AREA

In Northwestern Oregon, the general deer season was termed average although the hunter take may be down slightly in the mid-Willamette area. The report here indicates that hunter success was average with some areas down a point or two. The unit season opening was termed only fair but improved through the remainder of the season.

Southewestern Oregon hunters also experienced good results as indicated by field checks through the region. Some shift in hunter pressure was noted from the Eden Ridge - Bone Mountain area into the Sixes area. This shift was also reflected in the hunter kill of deer down in the Eden Ridge-Bone Mountain section and up in the Sixes River area.

H. R. PRESSURE LIGHT

Complete reports from central Oregon include those for Hood River, Sherman, Maupin, Grizzly, and Wasco. Paul Ebert, district game agent at The Dalles, reports that in the Hood River area hunting pressure was light during most of the season. Hunter success was also lighter than normal until toward the end of the season when good results were obtained. Generally throughout the central area, hunter success was higher than last year. The Klamath county success was reported up at least 30 per cent over last year.

In the southeast, Ellis Mason, district game biologist at Burns, reports hunter success fair through the season and very high during the last week throughout most of the district. Hunters who worked the roads were reported to have had little success as deer were distributed from high to low elevations and exceptionally wild. There was a general decline in the numbers of hunters throughout Southeastern Oregon.

THE ELK SEASON

The elk season appears to have been a good one as evidenced by field checks in popular elk hunting areas. Bob Jubber, district game biologist in Lane county, reports good results in the Cascade area, with more hunters beginning to find and work the country.

Along the south coast, Harold Sturgis, game agent at Coquille, reports the general season for bull elks comparable to or possibly higher than the best of past seasons. Bull elk numbers taken from the Millicoma area were the highest ever recorded and reports from the Eden Ridge country indicate hunter success and total kill both higher than normal for the area.

Northeastern Oregon kills were from average to excellent, with the Wenaha area giving up a higher percentage of 5-point bulls than in previous years.

SUMMING UP

After a run down on big game seasons like that given above, there certainly is an optimistic note in the Game Commission reports. We can only hope that the statistical survey isn't too much more optimistic. The lack of noise at the close of the deer seasons would seem to indicate that most hunters were able to connect with a deer and aren't too concerned about deer management this year, but the commision would be wise to be conservative for a while yet. Let's hope hunter success stays up and the amateur biologists stay down.

THE OPTIMIST'S CORNER

There are those who reminisce about the good old days when the fish were so thick you could walk across the river on their backs, and yet the fishing has steadily improved over the past twenty years to such an extent that we might hope that someday we can share that walking experience.

GOOD LUCK!

Apples Sent To Pasadena

YAKIMA, Wash. (UPI)—More than one ton of apples will be sent to the University of Washington's Rose Bowl training camp in southern California, the Yakima Monday Morning Quarterback Club, local apple shippers and the State Apple Commission said.

Washington's Rose Bowl football squads of 1960 and 1961 also received apples.

Residents of this apple growing area like to remember that the Huskies defeated Wisconsin and Minnesota in those Rose Bowl games. They imply their traditional health-giving product may have had something to do with the Washington victories.

To make sure the Huskies will have a supply of apples during their flight south today, the Yakima group gave Washington quarterback Bill Douglas a "flight supply" at the Yakima airport last night.

Douglas has been visiting his home in nearby Wapato. He flew to Seattle last night to join his teammates for today's flight to California.

Western Loop Names Committee To Bid For Major Status

SEATTLE (UPI)—The owner-directors of the Western Hockey League Thursday named a relations committee to negotiate for major league status.

The committee will submit proposals regarding the joint affiliation agreement to the National Hockey League in late January.

Named to the committee were league President Al Leader, Harry Glickman, Portland, and either Coley Hall, San Francisco, or James Piggott, Los Angeles.

The WHL executives also voted to award two new trophies this season to the leading goal scorer and the outstanding defenseman.

In the future all league trophies will be named after outstanding players, and will be awarded after a vote by league players, who will not be allowed to vote for members of their own team. All nine trophies carry a $300 cash prize.

The Warriors Friday night for the fourth time this season tried to extend a winning "streak" to three games and for the fourth time this season tried to extend a winning "streak" to three games and for the fourth time failed.

The spoilers this time were the Baltimore Bullets who rallied in the final three minutes to send the game into overtime and then sneaked by San Francisco, 116-114.

In Friday night's only other game, the Boston Celtics overcame a cold first half and coasted to a 111-84 win over the Philadelphia 76ers.
