

Airman Confesses Sabotage Effort

LUBBOCK, Tex. (UPI) — An airman at Reese Air Force Base Friday confessed that he cut landing gear cables on six T38 jet trainers, knocking the planes out of operation.

The Air Force withheld the name of the airman at Reese until an investigation is completed. He was held.

Pope & Talbot Firm Sued For \$150,000

PORTLAND (UPI) — A suit asking \$150,000 in damages from Pope & Talbot, Inc., has been filed in federal court here.

ESTIMATES MARCH COST

WASHINGTON (UPI) — Rep. George Huddleston, D-Ala., said the Aug. 28 civil rights march on Washington cost the taxpayers at least \$805,000.

Mrs. Marian L. McCombs alleges the corporation was negligent in an accident which resulted in the death of her husband, Robert, 38, killed near Corvallis Sept. 5.

Retriever Club Elects
PORTLAND (UPI) — John H. Smith III of Portland has been elected president of the Oregon Retriever Trial Club here.

U.S. Keeps Door Open For Chinese Change Of Heart

SAN FRANCISCO (UPI) — The United States is ready to "keep the door open" to the long-range possibility of more friendly relations with the Chinese government, according to America's top diplomat on Asian affairs.

Assistant Secretary of State Roger Hillsman Friday addressed the Commonwealth Club in what was described as a major China policy speech.

"We are determined to keep the door open to the possibility of change, and not to slam it shut against any development which might advance our national good, serve the free world and benefit the people of China," he said.

But at the same time, Hillsman praised the government of Generalissimo Chiang Kai-shek on Formosa. He said the Republic of China "outside the Communist strait-jacket had made impressive economic growth. He said it might be possible to end U. S. economic aid within a few years, but did not say anything about ending military aid to Chiang.

Hillsman defended the difference in U. S. policy at present between Russian and Red China.

"We maintain a policy of non-recognition and trade embargo of Communist China at a time when we are willing to broaden contacts with the Soviet Union."

While Russia and Red China share the goal of communizing the world, he said, "we see important differences in the thinking and the tactics of the two."

MOSCOW (UPI) — Premier Nikita S. Khrushchev urged Soviet chemists Saturday to prepare a chemical compound which would "burn out bureaucracy from our midst."

Try and Stop Me

By BENNETT CERF

PAUL OSBORNE, distinguished American playwright, is still puzzled by Hollywood producers, although he has sold many of his plays to the film makers. Recently, for instance, a motion picture magnate read a new Osborne script, and called up all the way from Madrid, Spain, to tell the author how delighted he was with it. "Paul," he enthused, "this script is ninety-eight per cent perfect!" But then added, "Of course, you realize it needs an awful lot of work."

When the lighting system in Chief Long Horn's modern temple went on the blink, he summoned a famous Indian named Many Hands from a neighboring reservation to look into the whys and wherefores. Many Hands made the necessary repairs in jig-time, then announced with satisfaction, "Many Hands make light work!"

The man at the box-office for the musical hit "Oliver" received an unusual phone call one morning. "I bought seats G-105, 110, and 112 yesterday for the Saturday matinee," he reported in an agitated voice, "and my cocker spaniel just ate G-110."

Desegregation Is Delayed By Judge

BIRMINGHAM, Ala. (UPI) — The possibility of increased city school desegregation during the second semester here was all but eliminated Friday by the actions of a federal judge.

U.S. District Court Judge Seybourn Lynne took under advisement Negro objections to city school board desegregation plans and said he would rule in 60 days.

His ruling would come after the beginning of the second term.

The admission of Negroes to four Birmingham high schools in the fall touched off a boycott by white students.

The objections were filed just before school opening this year after the school board announced a plan selecting the 12th grade for processing of transfers by Negro students to white schools.

The board said at the time it could not process applications for more than one grade at a time for school opening because of time limits.

High Court Attacks Said Nothing New

PORTLAND (UPI) — The President of the American Bar Association said Friday night the current controversy around the U.S. Supreme Court, and particularly the attacks against chief Justice Earl Warren, are nothing new in court history.

Walter E. Craig, Phoenix, Ariz., said the character of the court's business makes for sharp divisions in the court and involves it in public debate.

He said the judicial body does not choose the cases which come before it, but contended its decisions were predictable from previous action of the court and were consistent with prior rulings.

Fire Destroys Plant North Of Hillsboro

HILLSBORO (UPI) — A fire Friday night destroyed the Service Insulation Co. a mile north of here. Damage was estimated at \$50,000.

Firemen from three companies fought the blaze which was reported about 11:15 p.m. It was still smoldering this morning.

Cause of the blaze was not determined.

3 Oregon Men Are Suspects In Robbery

TWIN FALLS, Idaho (UPI) — Three Oregon men are being held in the county jail here as suspects in the \$4,500 robbery of a Safeway market Thursday night.

James Jacobs, 26, and Donald H. Collins, 25, both of Eugene, are charged specifically with armed robbery. Ernest McCullough, 26, Junction City, is being held on a technical charge.

Police Chief M. Frank Barnett said two men held 10 persons at bay Thursday night and scooped up all the currency in the store. Jacobs and Collins were arrested about two hours later in a Twin Falls restaurant.

McCullough was arrested in a car carrying luggage belonging to the other two. Police said he was trying to leave the state and had never registered as an ex-convict.

About \$400 was found on Jacobs and Collins, Barnett said. A search continued for the remaining \$4,100.

10,000 Were Held For Demonstrating

NEW YORK (UPI) — Approximately 10,000 persons were arrested last summer for participating in civil rights demonstrations, the National Association for the Advancement of Colored People (NAACP) said Friday.

Roy Wilkins, executive secretary for the NAACP, said the organization has contributed \$288,570 in bail money for the demonstrators in 11 cities in seven Southern states.

The NAACP was forced to furnish the funds when authorities refused to accept property bonds, demanding cash instead. The money will be returned on disposition of the cases.

A total of \$154,175, more than half the sum, was sent to Jackson, Miss., where more than 900 persons were arrested during the summer.

Grade School At Eddyville Burns

EDDYVILLE (UPI) — Fire of undetermined cause destroyed the grade school at Eddyville, 25 miles west of Corvallis on U.S. Highway 20, Friday night.

About 100 pupils were without classrooms as result of the blaze that leveled the four-room frame structure. Grades one through five were taught in the building.

A meeting was scheduled this afternoon at the nearby high school to determine how classes were to be continued.

Controversial Play Causes Fist Fights

PARIS (UPI) — Fist fights broke out between police and Catholic youths demonstrating in front of the Athenae Theater Friday night in protest against Rolf Hochhuth's play "The Deputy."

The controversial play implies censure of Pope Pius XII for alleged failure to condemn the Nazi massacre of European Jews. Houselights were kept on during much of the play after insults were shouted from the audience.

Firm Mixes Charity With Citizenship

NORFOLK, Va. (UPI) — A grocery chain president mixed citizenship with charity Friday. Wendell Rosso, president of the Giant Open Air Market, Inc., announced his employees would not receive Christmas bonuses unless they paid their poll taxes and registered as voters.
