

Lumber Marking Bill Sent To LBJ

WASHINGTON (UPI) — The House Wednesday passed and sent to President Johnson a bill that would require country-of-origin markings on lumber imported into the United States. Canada's ambassador immediately called at the State Department to present a renewed protest.

Canadian officials have made clear they hope Johnson will veto the measure aimed at Canada's \$280 million-a-year soft wood lumber sales to the United States. Canada says the measure would violate international trade agreements.

Canadian Ambassador Charles S. A. Ritchie handed a formal note on the legislation to under-secretary of state George Ball.
