GRANTS PASS — About 50 people attended a Jaycee dinner in Grants Pass recently, which was hosted by the Grants Pass Junior Chamber of Commerce. Honored guests were Mr. and Mrs. Gordon Burns, who just returned from Tel Aviv, Israel. Mr. Burns is International Director for the Oregon Jaycees and was a delegate to the World Congress held in Tel Aviv.

En route, Mr. and Mrs. Burns stopped off in London, Paris, and Rome for tours in those cities. They were gone about three weeks.

"One of the first questions we were asked by everyone on our return was concerning where we were when we heard of President Kennedy's assassination," Mrs. Burns said.

She went on to explain that they were at a banquet at 8 p.m. Friday night when the U. S. delegation was called out and given the news. A memorial service was held the next morning and was conducted by an American chaplain from within the U.S. delegation. Condolences were offered the Americans by other delegations, who all expressed feelings of extreme shock, according to Mrs. Burns.

While in Israel, they toured the holy land and visited the many places of interest. At certain points, they were told not to pass beyond the blockades, and in the distance they could see Arab soldiers, although no incidences occurred.

### Over 100 Attend Siskiyou Historians Christmas Event

YREKA — Approximately 115 members and guests attended the annual Christmas meeting of the Siskiyou County Historical Society Saturday, Dec. 14, at the museum.

A special chorus from the Yreka high school under the direction of Daniel Soares sang several Christmas selections and then the audience joined in community singing of carols led by the group.

The program was entitled "A gift to our Families" and was given by four speakers, Mrs. Carl Franson, Mrs. Morris Prather, Norman Flock, and Mrs. Hazel Pollock. The gift mentioned in the title referred to what these four people had done. Each had compiled facts about the history of their family tree for the family.

Mrs. Franson has two books of facts and pictures. Norman Flock had a very large book with photostatic copy of all credentials and legal papers concerning his family tree. Mrs. Prather had a large picture in a frame with the family tree printed on it and on the different branches photos of the family members, a very interesting exhibit. Mrs. Pollock also has her family tree information in a book.

A question and answer period followed the presentation of the program.

During the meeting a silent prayer was given in memory of Lewis Foulke, program chairman, who recently passed away.

At the close of the meeting, little sacks of candy were distributed and refreshments served by the committee.

# Happy Camp TV Translator Organization Elects Board

By HAZEL DAVIS  
Mail Tribune Correspondent  
HAPPY CAMP — A meeting to discuss the proposed television translator station atop Slater Butte to rebroadcast into the Happy Camp area was held last week. During the meeting a board of representatives of five designated districts were elected in addition to a chairman and secretary-treasurer.

Elected as chairman was Jim Denham, who has headed the proposed program since its beginning. Mrs. Dorothy Berg was elected secretary-treasurer. Mrs. Berg also having been instrumental in the progress to date of the proposed station.

The five man board of directors elected were: Joe Shannon, District 1; Mrs. Bob Tumbler, District 2; Earnen Pence, District 3; Ray Wasson, District 4; and Hank Fowler, District 5. The board is to meet to get plans underway and to draw up papers of incorporation for the non-profit company.

According to Denham, if 300 subscribers put up \$25 each plus a \$5 annual maintenance fee in form of a pledge, this would be enough to set up equipment to rebroadcast two Eureka channels into this area. It would be up to the board of directors however he said to decide how

many subscribers in the area and how much to ask from each.

At present Denham said, there are about 130 cable hook-ups on the present cable system in Happy Camp. Another cable system on Indian Creek has about 30 hook-ups.

An approximate estimate by Pacific Power and Light Co. employees in the area is that there are about 500 electrical

take-offs in the immediate area of Happy Camp, not counting rural areas. The post office here also indicates the same figure not counting out-lying areas.

With the potential of 500 subscribers in the immediate vicinity of Happy Camp in addition to the rural areas of Indian Creek, Clear Creek, Elk Creek, and Cade Mountain, the subscription fee should not be more than \$25 each, Denham said.

The more subscribers, the less amount from each subscriber would be needed. At present the board members are making a survey to see how many might be subscribers in each district in order to arrive at a decision as to how much each subscriber should pledge.

By the time all ground work has been completed, such as obtaining a license to rebroadcast, drawing up papers of in-

corporation, obtaining pledges, and leasing property from the Forest Service, it will probably be spring before the actual work will begin.

About 55 homes in the area were represented at the meeting with only about 10 of these coming from the community of Happy Camp. The other interested persons were from the outlying areas surrounding the town.
