

Zip Code Asked For Guard Mail

CAMP MURRAY, Wash (UPI)—Washington national guardsmen were ordered to "zip up" their mail today by the guard's top brass.

An information bulletin sent to guardsmen observed that too much correspondence was arriving at headquarters here without the assigned Zip Code number.

"In the future all forms and correspondence addressed to this headquarters will include as an integral part of the address, the assigned zip code number even though the form does not specifically provide for entry of same," the bulletin said.

What is the National Guard's Zip Code number? The directive didn't say.
