

14 B
**Three Legislators
 To Give Part of
 Pay To Agencies**

LESBORO (UPI) — Three Republican state representatives from Washington County are going to distribute \$100 monthly of their \$250 a month legislative salaries to county agencies which suffered budget cuts because of the Oct. 15 referendum vote.

In a joint statement, Reps. Victor Atiyeh, Hugh McGilvra and John Mosser said, "Republican efforts during the special session to reduce legislative salaries were repeatedly frustrated by the Democratic majority. We believe our votes for a pay cut should be backed up by voluntary action now."

Greatest Benefit
 "Since Democratic legislators from other counties cannot be expected to cut their pay, we believe the greatest benefit to our constituents will come by reappropriating a portion of our salaries to programs in Washington County that did lose by the tax defeat."

The December grants will go to the Washington County Retarded Children's Center, which is conducting a drive for funds to complete the center at Aloha.

**Georgia-Pacific
 Seeking Building**

PORTLAND (UPI) — Georgia Pacific Corp. has nearly completed negotiations for the purchase of a downtown block here from Paul Gold & Richard See & Associates, according to See.

The block, immediately north of the Multnomah County courthouse, is bounded by SW Taylor and Salmon Streets and 5th and 6th Avenues. Reported selling price is in excess of \$1 million.

According to reports, the giant timber concern plans to construct a 22 to 24 story office building on the site from which to direct its activities, including the administration of 80 distribution centers. G-P sources say the firm is well along in its consideration of a major construction program in the downtown area.

Georgia Pacific is the world's largest producer of plywood and is a leading manufacturer of pulp and paper products. It has substantial timber property in the Northwest as well as in other parts of the country, Canada and the Philippines.

**Maybe Santa Feared
 Threat of Shotgun**

MEMPHIS, Tenn. (UPI) — Santa — or somebody — was threatened with a shotgun on the roof of a Memphis home Christmas Eve.

Sheriff's officers said Mrs. Jeanie Little reported she heard knocks at both the front and back doors of her home shortly after 7:30 p.m. Then she heard someone walking over her roof. She said she yelled she would use her shotgun, and whoever it was left.

Deputies found footprints leading to the chimney of the house.

**Mechanical Sleigh
 Causes Traffic Jam**

OKLAHOMA CITY, Okla. (UPI) — Maurice Woods, an amusement park owner who set up a mechanical sleigh on his front lawn as a free ride for children, was forced to close it because of autos.

Authorities said the popularity of the mechanical sleigh and reindeer created such a traffic problem that they asked him to shut it down.

**Non-Believer Gets
 Stuck in Chimney**

SYLMAR, Calif. (UPI) — Greg White, 10, tried to get inside his home Tuesday by climbing down the chimney because the doors were locked.

The boy got jammed in the chimney and after being rescued by firemen was asked if he was trying to act like Santa Claus.

"I don't believe in Santa Claus," he replied.

**Mental Health Bell
 Is Official Symbol**

NEW YORK (UPI) — The 300-pound mental health bell, official symbol of the national Association for Mental Health, marks its 10th anniversary this year.

The bell was cast at the McShane Bell Foundry in Baltimore in 1953. Each year since then it has been rung on notable occasions, primarily to signal the beginning of Mental Health Week. The metal that went into the bell came from chains and shackles once used as restraints in mental hospitals.
