COMMENTS ON THE
 CLASS OF '21

What Class, as we come down the years of recollection, has not flown its banner of achievement from the highest pinnacle of the home community. What efforts of the greater life work mean more than the efforts put into school activities? The Class of '21 point with pride to their motto—"You can't saw wood with a hammer," and surely it will meet the requirements of a questioning world. They made the Annual possible and made it the biggest ever.
