

Get Rid of Scrofula

Bunches, eruptions, inflammations, soreness of the eyelids and ears, diseases of the bones, rickets, dyspepsia, catarrh, wasting, are only some of the troubles it causes. It is a very active evil, making havoc of the whole system.

Hood's Sarsaparilla

Eradicates it, cures all its manifestations, and builds up the whole system. Accept no substitute.

Dangers in Paper.

It is not a pleasant thought that the brilliant white note paper which your hand rests upon may have in it the fiber from the filthy garment of some Egyptian fellow after it has passed through all the stages of decay until it is saved by the ragpicker from the gutter of an Egyptian town; and yet it is a fact that hundreds of tons of Egyptian rags are exported every year into America to supply our paper mills.

At Mannheim on the Rhine the American importers have their rag-picking houses, where the rags are collected from all over Europe, the disease-infected Levant not excepted. Our best papers are made of these rags, and our common ones of wood pulp.

Lesson for Women.

Jersey Shore, Pa., Sept. 26 (Special).—"Dodd's Kidney Pills have done worlds of good for me." That's what Mrs. C. B. Earnest of this place has to say of the Great American Kidney Remedy.

"I was laid up sick," Mrs. Earnest continues, "and had been out of bed for five weeks. Then I began to use Dodd's Kidney Pills and now I am so I can work and go to town without suffering any. I would not be without Dodd's Kidney Pills. I have good reason to praise them everywhere."

Women who suffer should learn a lesson from this, and that lesson is, "cure the kidneys with Dodd's Kidney Pills and your suffering will cease. Woman's health depends almost entirely on her kidneys. Dodd's Kidney Pills have never yet failed to make healthy kidneys."

A Logical Inference.

Little Bess—Who is that strange lady, mamma?
Mamma—That is Miss Goodwin, the philanthropist, my dear.
Little Bess—What is a philanthropist?
Mamma—It is a word derived from the Greek signifying "a lover of men."

Little Bess—Then I guess all women are philanthropists, aren't they, mamma?

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Works Both Ways.

Author—Truly, this is an unappreciative world. Why, if I had written what McFadd has written I wouldn't be famous like he is.

Critic—I guess that's right. And if McFadd had written the stuff you grind out he wouldn't be famous, either.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903.
Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 23, 1903.
My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STERN.

Kwangtung (9, 3), peninsula widening out to the east. Anglicized into Canton.

The accent in all words is on the last syllable.

Laté Picture of General Cronje.

Here is shown the latest picture of General P. A. Cronje, the famous Boer war hero. Cronje was the leading military figure of the Transvaal war. His daring operations against the British created the greatest admiration in Europe and America, and his subsequent capture by an overwhelming force under Lord Roberts was a matter of keen regret. He came to America at the close of his imprisonment in St. Helena and was recently married in St. Louis. General Cronje is still vigorous and has the sturdy physique of the Boer race. He is a famous horseman.

It is said that over 20,000,000 acres of land in this country are owned by English people.

REAR ADMIRAL HICHBORN

Recommends Pe-ru-na—Other Prominent Men Testify.

REAR ADMIRAL PHILIP HICHBORN, U. S. NAVY, MEMBER OF CONGRESS FROM FLORIDA, WRITES FROM HOUSE OF REPRESENTATIVES, WASHINGTON, D. C., AS FOLLOWS:

"I can cheerfully recommend your remedy, Peruna, as a very effective cure for coughs, colds and catarrh."—Robert W. Davis.

Colds Not Promptly Cured are Sure to Cause Catarrh.

Peruna cures catarrh. That is all that Dr. Hartman claims for it. But catarrh assumes various phases in the human system.

The day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true today of most proprietary medicines. But Peruna has become so justly famous, its merits are known to so many people of high and low stations, that no one hesitates to see his name in print recommending Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving him a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, president of The Hartman Sanitarium, Columbus, O.

Hon. E. H. Fitch, formerly special United States attorney, state of Virginia.

Put His Foot in It.

He came in late, stepped in without ringing, and, striding softly into the parlor, dropped into an arm chair with the easy grace of a young man who is accustomed to the program.

"By Jove!" he said to the figure sitting in the dim obscurity on the sofa. "By Jove! I thought I was never going to see you alone again."

The maternal kangaroo never goes away from the menagerie nowadays, does she, Minnie?

"Well, not amazingly frequent," cheerfully replied the old lady from the sofa. "Minnie's away flirting so much of the time now, I have to stay in."

Under the limes at the end of the old garden the moping cats complained to the moon much in their usual style, the watchdogs never sang more clearly, and the plaintive cry of the locomotive filled the night with poetry; but the young man didn't hear it all the same.

"And, by George!" he said to a friend fifteen minutes later, "if I did not leave my hat and my cane in the hall! Think of 'em! Forget 'em! Bless me if I knew anything. What I wanted was fresh air, and I wanted about thirty acres of it, and mighty quick, too. Phew!"

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1896, A. W. GLEASON, Notary Public.

is, writes from the Census Office building Washington, D. C., as follows:

"People cannot live in the variable climate of the Eastern and Atlantic coast states and escape liability to colds and catarrhal affections. The wide and common prevalence of these ailments is proof enough of the assertion. I have been no exception, but I have found a sure means for combating those greatest objections to this climate, and that is Peruna. Taken as directed, it is a cure for present catarrhal affections and a preventative of future distress of that kind."—E. H. Fitch.

in the Wrong Places.

An angry woman walked into a grocer's shop in an Ayrshire village and banged a piece of some yellow substance on the counter. She spoke Scotch, of course, as Tit-Bits reports, but Americans will understand the words she used, since many an advertisement has made the kind familiar.

"This," she said, "is the soap that does the washin' o' itself; the soap that makes every washin' day a kin' o' glorified feast; the soap that gets a' the linen white as snaw an' as sweet as a hazelnut, and lets the delighted housewife play wi' the children; an' here I've been scrubbin' three mortal hours wi' that lump an' got hair mair lather oot o' it than I could get oot o' a brick."

"I beg your pardon," said the grocer calmly, "but that isn't soap. Your little boy was here yesterday for half a pound of cheese and half a pound of soap. That's the cheese."

"The cheese!" exclaimed the woman. "Then that accounts for the lather thing."

"What other thing?"

"I lay awa'k the hale nicht winner-in' whit made the Welsh rabbit we had fur oor supper taste sae queer."

\$3.50 SHOES FOR MEN.

W. L. Douglas makes and sells more men's \$3.50 shoes than any other manufacturer in the world.

The reason W. L. Douglas \$3.50 shoes are the greatest sellers in the world is because of their excellent style, easy fitting and superior wearing qualities. If I could show you the difference between the shoes made in my factory and those of other makers and the high-grade leathers used, you would understand why W. L. Douglas \$3.50 shoes cost more to make, why they hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.50 shoes on the market to-day, and why the sales for the year ending July 1, 1904, were

\$6,263,040.00.

W. L. Douglas guarantees their value by stamping his name and price on the bottom. Look for it—take no mistake. Sold by shoe dealers everywhere. Fast Color Evident used Exclusively.
