

THE BROWN TAG SALE CONTINUES

OUR opening gun, announcing the Great Brown Tag Sale, was heard and the response was generous. That day and every day since, the people have come and bought liberally and been generously loud in their praise of our unusually large assortment of the best quality and styles of merchandise at the smallest prices of any house in the city. The stock, the store, the service, the values—all are at their best at this writing. Our thorough preparedness is as gratifying to us as it is satisfactory to our patrons. From the fashion centers of the earth our buyers have brought the brightest and best in Men's and Boys' Wearables. Backed by unlimited capital and vast purchasing power those (the proprietors) who do the buying, making two trips each year to the eastern markets, have obtained price concessions from the manufacturers denied to smaller stores and those buying from drummers, with the result that our prices are no higher than are charged elsewhere for merchandise of mediocre merit—and fully 25 per cent lower than goods of EQUAL worth can be bought for elsewhere in this city.
