STATE GRANGE PROCEEDINGS.

CONTINUED FROM LAST WEEK.

TAKES ON THE EARNINGS.

A very important piece of Grange legislation, and one which will become a part of legal history of Oregon, was the presentation of a bill by Judge Boise which will be subjected to become initiative and is very likely to become a law of the state. The proposed measure is in the form of a bill, just as it will appear if it becomes a law. It proposes to provide an additional state revenue by taxing express, telephone and telephone companies to the extent of 1 per cent on their gross earnings.

The bill is very sweeping and provides for the annual collection of the tax, same to be paid to the State Treasurer accompanied by a statement of each company or its general manager at the first of each year for the past year. A failure to comply with the law in making reports on payment of taxes requires prosecution by the Attorney General and a collection of the money.

An officer of the companies named being convicted of failure to comply will be subjected to a fine of \$250 to \$1000 or imprisonment of from 30 days to six months, or both, in the discretion of the court.

The law applies to all corporations of the kind named doing business in Oregon, whether incorporated here or elsewhere. The bill is sure to be placed before the voters at the next general election.

MEMORIAL SERVICES HELD.

A special order for 2 o'clock today was memorial services in memory of deceased members who were formerly identified with the State Grange as affiliates or representatives. The list contained seven names well known in Oregon. They are: Mrs. C. E. Shipley, of Oswego; Mrs. M. A. Lent, of Evening Star; Alfred Luelling, of Milwaukie; I. M. Wagner, of Salem; Enoch Skirven, of Clackamas; Moses Parker, of Sand Ridge and C. L. Moor, of Corvallis.

ADDRESS BY VISITING MASTER.

Hon. J. O. Wing, Master of the Washington State Grange, addressed the convention yesterday afternoon and made a few recommendations, which will be adopted. He suggested a federation of all stock and agricultural and kindred associations of the state as a matter of expediency and economy. He also advocated the teaching of agriculture in the public schools, as the State Agricultural College cannot reach every boy and girl, and such subjects should be within the reach of all. Another measure which State Master Wing is making an endeavor to bring about is to create a separate State Grange in Idaho. That state is now in the Oregon jurisdiction, with only a few Granges. Washington was once in such a position, but is now independent, and the work will be pushed into Idaho, so that it may get recognition in and a delegate to the National Grange.

A special order for 3 o'clock yesterday afternoon was the election of a member of the executive committee to succeed G. R. Stephenson. After two ballots C. E. Spence, of Clackamas County, was elected. The evening work consisted of conferring the fifth and sixth degrees on a large class by the officers of the State Grange. The exercises were followed by a banquet, furnished by the Grange and citizens of Forest Grove.

Albany has been chosen as the next meeting place of the Grange. The fourth day's convention of the Oregon State Grange opened with a decreased attendance. Many outside visitors left on the early morning train; also a few delegates.

Last night's decree work brought the climax of attendance and enthusiasm, the degrees having been conferred on 43 members in the fifth degree and 59 in the sixth. The evening closed with a banquet in Liberty Hall, followed by addresses and other exercises. Among

the speakers were Senator Haines, Mrs. Edith Tezler Weathered, Dr. Withycombe, J. J. Johnson and A. T. Buxton.

Four towns were placed in nomination for the place of holding the next annual session. They were Albany, Corvallis, Salem and The Dalles. Albany won out by one vote on the first ballot.

The report of the committee on taxation, W. H. H. Dufur, chairman, was amended so as to read that a board of special assessors only shall have power to lower or raise assessments. A concealment of property will make any person, firm or corporation liable to prosecution for perjury.

Several committees made reports which were amended and adopted. Among them were committees on finance and good of the order. The finance committee reported the accounts of secretary and treasurer to be in accord with each other. The secretary's salary was raised to \$300 a year.

The Grange adopted a resolution authorizing the legislative committee to inquire into the practicality of having the state establish a binding twine factory at the Penitentiary.

Judge W. D. Hare secured the adoption of a resolution which, if carried out in the right spirit, would serve to strengthen the President of the United States in regulating the rates across the business as to prevent competition from outside companies.

The legislative committee presented a measure for a state railway commission, with full power to fix rates on all lines under its jurisdiction. The measure was warmly debated, but was finally adopted.

The Benton County delegation asked that the initiative and referendum be invoked on all laws affecting taxes on farm lands, and for the enactment of more just laws. It was referred to the committee on legislation and finally adopted.

Clackamas County favors the election of road supervisors by precincts; also the power of the people to recall the election of any public officer who does not fulfill his pledges.

An income tax law was recommended upon a resolution from Clackamas County; also another, requiring that the compensation of deputy prosecuting attorneys be fixed by the several County Courts.
