Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that
Catarrh of the Stomach caused indigestion
and dyspepsia, but the truth is exactly the
opposite. Indigestion causes catarrh. Re-
peated attacks of indigestion inflames the
mucous membranes lining the stomach and
exposes the glands to secrete mucus instead of
the juices of natural digestion. This is
called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous
membranes lining the stomach, protects the
nerves, and cures bad breath, sour risings,
a sense of fullness after eating, indigestion,
dyspepsia and all stomach troubles.
