What about that Rainler Water and light franchise? Suppose the town council had shown some regard for the petition of the property owners, and had compelled the would be promoters to put up a good bond to prove their responsibility, would not the dirt have been flying before this? Can this council give any rational explanation why they allowed themselves to be magooned as they have? Why did they utter ly disregard the people's petition in a matter of such great importance to the town?

"Consistancy (hou art a jewell." We notice in the last week's Review the proceedings of the City council of Jan. 1st that a bill of \$2,50 was allowed as a fee to city attorney Wright in the case of the Town of Rainier vs. Ed. Miller. The facts in this case are, that Miller was arrested by the City Marshal for disturbing the peace and brought before Police Judge. The prisoner pleaded guilty, all that was then necessary was for the Judge to fine him. But the fittle-citty attorney saw an opening and insisted that, though the prisoner had pleaded guilty, he must be sworn, and thus secure a fee against the city treasurer. How consistant this looks. The ltttle attorney insists that he is making great sacra fice to help Rainier out of her financial difficulties and he and the Deuz-Block council insist that honest labor must betaxed to get money to run the town. then the tax money is squandered in this manner. Great interest in the town, this.
