Catamity.
"I see they have discovered a new comet," remarked the passenger who is interested in astronomy. "In olden days the people used to regard the appearance of a comet as bad luck."
"And I still regard it as bad luck," replied the Throop street man.
"Why so?"
"Well, the night the comet was discovered we lost our cook."

Atlas Engines
Many prospective purchasers of engines and boilers are under the impression that because the Atlas Throating Engine is of such high grade, and because it is fitted with a balance valve and a main bearing, such as only Corliss engines of other makes contain, it is necessarily of such price that it is quite out of their reach. This is not true. An Atlas engine is no higher in price than any other engine, except, perhaps, one that is made entirely in a foundry.
For your information, therefore, we give for the present an approximate price upon a 12-hp. Throating Atlas Engine, range 43 to 60 Horse Power at \$350.00
This includes engine complete with hand wheel, governor, throttle valve, and all regular trimmings and represents the price delivered f. o. b. cars factory, or, if in stock at our Agencies at any of the following points.

ROOSEVELT'S BIGGEST BEAR.

How the President Risked His Life to Get a Large Grizzly.

It was when ranching that his steadiness with a gun in the face of a charging bear was proved, says McClure's Magazine. It was then that he got his biggest grizzly, whose skin is now prized as one of his best trophies as well as a souvenir of a very exciting incident in his life. He was camping alone in the foothills of the Rockies, and had wandered off with his rifle in search of game. Coming suddenly on a huge grizzly he wounded it, and the bear retreated to cover in a nearby thicket. As Roosevelt was endeavoring to locate the quarry from the open the bear suddenly appeared. He fired, but the bullet did not stop the rush of the maddened animal. Blowing bloody foam from his mouth, the bear charged straight at Roosevelt. "I waited until he came to a fallen tree," wrote the hunter, "raking him as he topped it with a ball which entered his chest and went through the cavity of his body, but he neither averted nor flinched, and at the moment I did not know that I had struck him. He came steadily on, and in another second was almost upon me. I fired for his forehead, but my bullet went low, entering his open mouth, smashing his lower jaw and going into his neck. I leaped to one side almost as I pulled the trigger, and through the hanging smoke the first thing I saw was his paw as he made a vicious side blow at me. The rush of his charge carried him past. As he struck he lurched forward, leaving a pool of bright blood where his muzzle hit the ground; but he recovered himself and made two or three jumps onward, while I hurriedly jammed a couple of cartridges into the magazine—my rifle holding only four, all of which I had fired. Then he tried to pull up, but as he did so his muscles seemed suddenly to give way, his head dropped and he rolled over and over like a shot rabbit. Each of my three bullets had inflicted a mortal wound."

The President has well earned the distinction of being a successful hunter. He has killed every kind of North American big game. And yet there is far more discussion of the habits and characteristics of wild animals in writings than there is record of the killing of game.

On just one occasion when living in the west was Roosevelt in danger of serious molestation. He was threatened when that physical vigor for which he had striven had come in full measure. A big brawler, mistaking him for a tenderfoot, cursed him roundly, and pointing two revolvers at him, ordered him to buy the drinks. Roosevelt, perfectly composed, made as if to comply with the request. But as he got within reach of his tormentor, with a rush born of his cleverness in boxing, he delivered a blow on the man's jaw that stretched him full length on the floor. Meantime, the pistols had gone off, the bullets penetrating the ceiling and doing no harm to anybody. When the brawler opened his eyes he was ready to surrender his guns and to cry for quarter. Wherefore, he it said that true to his laterday preachment, Roosevelt, was never spoiling for a fight but would not suffer an insult. A man of his type is not often insulted.

Facts About Erie Canal.
Some taxpayers still associate the Erie canal with a mule. These erring citizens forget the steam consort, says Leslie's Weekly. It was by steam consort standard, upon which the people of New York State two years ago based their vote sanctioning the expenditure of \$101,000,000 for an improved Erie canal, a practically new canal, known officially as the Erie 100-Ton Barge canal.

What does \$101,000,000 mean? It means that the new Erie canal is to be the most costly artificial waterway in the world. It means that the Erie canal is to cost \$1,000,000 more than the one at Suez. It means that the Erie canal is to cost twenty-five times as much as the Soo—the greatest ship canal on earth in point of tonnage. It means that the Erie canal is to cost more than the Manchester ship canal, which cost a trifle of \$75,000,000. It means that the Erie canal is to cost Barge canal is to cost even more than the world's most colossal engineering feat—the Panama canal. It means that \$52,000,000 spent in the past and \$9,000,000 spent in the last decade must be added to the \$101,000,000, and hence, that the new Erie canal, when finished in 1913, will have cost, old and new, a matter of \$161,000,000, or some \$11,000,000 more than the estimate of the total cost of building Uncle Sam's Panama canal.

The friend of a young physician started for a little western town and promised to telegraph if the settlement appeared to be a good opening in the medical line. Some weeks later the physician received the following message:
"Come at once. All's well."
To which the physician responded:
"What's the use of coming if all's well? I had better locate where they're all sick."

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

RHEUMATISM CAN NOT BE RUBBED AWAY

When the joints are sore and swollen, and the muscles throbbing with the pain of Rheumatism, relief must be had at once, and it is natural to rub the affected parts with liniments, oils, etc. This treatment does good in a way, by temporarily relieving the pain and reducing the inflammation, but has no effect on the disease itself, because Rheumatism is more than skin deep; it is in the blood and cannot be rubbed away. Rheumatism is brought on by indigestion, weak kidneys, poor bowel action, stomach troubles and a general sluggish condition of the system. The refuse and waste matters, which should be carried off through the natural avenues of bodily waste, are left to sour and form uric acid and other irritating poisons which are absorbed by the blood, making it thin, weak and acid. Then instead of nourishing the different nerves, muscles, joints and tissues it fills them with poison to produce the aches, pains and other disagreeable symptoms of the disease. Rheumatism is usually worse in Winter for the reason that cold and dampness are exciting causes. The nerves become excited and sting with pain, the muscles are sore and drawn, the joints swollen and stiff and the sufferer lives in intense agony; and if the disease is not checked it often leaves its victims helpless cripples for life. Rheumatism cannot be rubbed away but it can be driven from the blood by S. S. S. Being a perfect blood purifier this great remedy soon produces a complete change in the entire circulation; the thin, acid blood through the body nourishes and soothes the irritated nerves, eases the throbbing muscles, and dissolves and carries out of the system the irritating particles in the joints which are keeping up the pain and inflammation. S. S. S. cures Rheumatism permanently, and in addition tones up the digestion and stimulates the different members of the body to their full duty so there is no cause for another attack. Do not waste time trying to rub Rheumatism away, but get it out of the blood with S. S. S. so that the cold and dampness of Winter will not keep you in continual pain and agony. Special book on Rheumatism and any medical advice will be given free.

S.S.S. PURELY VEGETABLE.
While at work for the F. C. & P. R. E. in the swampy region, I contracted Rheumatism and was completely helpless for about four months and spent over \$150.00 with doctors, but got worse every day, and finally quit them and began S. S. S. I took a few bottles and was cured sound and well. My health is now splendid, and I weigh 175 pounds. There is a lady living near me who is now taking S. S. S. for acute Rheumatism. For two months she could not turn herself in bed, but since beginning your medicine about three weeks ago has improved rapidly, and is now able to sit up. I can recommend S. S. S. to all suffering from Rheumatism.
Utah, N. C. S. O. LASSITER.

I was severely troubled with Rheumatism. I had it in my knees, legs and ankles, and any one who has ever had Rheumatism knows how excruciating the pain is and how it interferes with one at work. I was truly in bad shape—having been bothered with it for ten years, off and on. A local physician advised me to use S. S. S. I did so. After taking two bottles I noticed the soreness and pain were greatly reduced. I continued the medicine and was thoroughly cured; all pain, soreness and inflammation gone. I recommend S. S. S. to all Rheumatic sufferers.

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that **SYRUP OF FIGS** is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
