#### SPECIAL FROM RAINIER.

After an absence of one year from Rainier one can hardly realize the change made in that time for the better, and no one is more capable to judge than a newspaper man; so this being the case, Col. Stefelnicht will devote space this week and tell readers of the Register just what dear old, or new, Rainier, is doing, and what the solid business men intend to do in the future.

Rainier has so many diversified industries now being developed that tend to upbuild both town and country that will make it the leading town between Portland and Astoria. The raw material is here and only needs to be turned into commodities of usefulness. The facilities of transportation to market are the best to be had and capital has poured into Rainier in an undisturbed manner and now the era of a steady, healthy boom is on.

This being so, the writer will give the news of a week and incidentally mention progress made upon the several enterprises now in full blast, all of which a live town deserves.

It is with pleasure that we announce the activity in the Howard logging camp and saw mill, located, something like three miles back of Rainier. Mr. Howard has somewhere in the neighborhood of 35 men in his employ and hauls his sawed product to the city, when it goes to all markets by both rail and water. Mr. Howard has the reputation of being a careful business man, prompt in his dealings and produces an A. No. 1 article.

Mr. Rocky is another gentleman who has put many thousands of dollars into circulation in this town by and through his logging camp, also a few miles back of Rainier. Mr. Rocky has been compelled to cut more timber, he having logged off all standing timber in the vicinity of his old camp, and for that purpose has been extending his logging railroad back into more virgin timber. He has secured a vast tract the trees having never been barked, and with his fine facilities can dump all his logs into the Columbia river. His intention is to start up operations in a week and employ about 25 hands.

The Oregon Lumbering company, successors to Messrs Yeon-Pelton, are running their two camps about 7 miles from town full blast. Logs are being dumped into the Columbia river in rapid shape, delivered there on cars hauled by monster locomotives. This firm employs about 150 men at present and has been a factor of no mean importance to the welfare of Rainier.

The Willard-Cass Lumber Company is rushing work in its camp and saw mill and, when in July, the present timber is exhausted, they will move camp nearer town, they employ lots of men and this company is one of the stand-bys to Rainier.

The C. C. Wilson camp is also a beehive of industry and their mill below town is kept busy sawing.

Matt O'Conner, who has purchased the Kinnon logging road, has just finished a mile of new road leading into fair timber. An 23 ton Calumet locomotive has arrived and the track is laid with new steel railing. This is only a mile below town, near the location of the Columbia River Sash and Door Factory.

Last Monday the Campbell Bros. from the Sound received their machinery for a logging camp which is about two miles from town. This firm in-

### One Cold and Another

The season's first cold may be slight--may yield to early treatment, but the next cold will hang on longer; it will be more troublesome, too. Unnecessary to take chances on that second one. Scott's Emulsion is a preventive as well as a cure. Take

when colds abound and you'll have no cold. Take it when the cold is contracted and it checks inflammation, heals the membranes of the throat and lungs and drives the cold out.

tends to commence operations in about two weeks or as soon as their logging road reaches their timber.

The Snyder-Nordby shingle mill employs many hands and ship to all parts of the west. The mill is in close proximity to the sash and door factory and is running full blast.

Never did Rainier do a wiser transaction than when it secured the Columbia River Sash & Door Factory several years ago. This industry never stops only when a relentless fire destroyed it something like four years ago. But through the efforts of Mr. W. D. Pine he reorganized the concern and made it stronger, secured a new site and enlarged its capacity. The products of this factory go both by rail and water to every point of the compass and by and through the channels of the vast number of employees at work, many thousands of dollars are put into circulation in Rainier.

Another money maker for Rainier is the Rainier Mineral Soap Company, of which Dean Blanchard is President, R. A. Preston, Vice-President, L. S. Thomas, Secretary and Parker Stenick, treasurer and general manager. The factory is a building 60 feet square and three stories high, adjoining the Dean Blanchard saw mill on the river front. The sales of this wonderful cleansing soap is rapidly increasing, taking in territory as far east as Chicago and Buffalo. Everything is running smoothly in this establishment and increased facilities will have to be added to supply the output.

#### A Clear Complexion and Bright Eyes.

In most cases a sallow blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes.

The tenth Iowa congressional Republican convention refused to commend President Roosevelt for appointing Mr. Shaw as Secretary of the Treasury. The President and Secretary may settle between themselves which is the victim of the snub.

A good complexion is impossible with the stomach out of order. If pasty sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexions. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc. Sold by PERRY & GRAHAM.

Ohio's state food commissioner has wrought consternation among certain manufacturers of soda water syrups, by announcing that henceforth "fruit flavors" must be flavored with fruits.

#### Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of, 3322 Clinton Street Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by PERRY & GRAHAM.

Some one makes the wholly superficial announcement that Carnegie will provide San Francisco's new libraries. The logic of the situation made any other assumption impossible.

#### Not if as Rich as Rockefeller

If you had all the money of Rockefeller the Standard Oil-magnate, you could not buy a better medicine than Chamberlain's Colic, Cholera, and Diarrhoea Remedy. The most eminent physician cannot prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails and when reduced with water and sweetened it is pleasant to take. Every family should be supplied with it. Sold by PERRY & GRAHAM.
