BRIEF LOCAL MATTERS.

Seed corn at Harrison's. Matting 20 cents at Drug Store. 2-bit cigars at the Bartmess. A fine line of fresh cigars at the Drug Store. You can suit yourself in a smoke, according to your pile, at the Drug Store. Grandma Clarke is said to be seriously ill. A new stock of suits for the boys at Hanna's. Pictures framed to order at the furniture store. M. H. Nicksolen is reported to be improving slowly. All kinds of country produce bought and sold at Harrison's. The first wool of the spring clip has been received at The Dalles. Mr. Andrews has bought George Mathias' place below the plauer. Get a bottle of Kenna's furniture polish at the furniture store. Good number 8 second hand cook stove for sale at Harrison's. Calculating in fresco colors any tint \$2.00 per room and upwards. Mr. D. W. Hodge of Buffalo, N. Y., is visiting his sister, Mrs. Barrett. The busy candidates have just six weeks to get their deadly work in. School closes in district 2 next Wednesday, after a three-months' term. Furniture and wood work made to look like new. Kenna & Emmerson. J. W. Wallace's barn of a few weeks ago is now a neat and comfortable house. Have you seen the \$15.00 antique maple bed room set at the furniture store? Call early and see the latest styles in spring millinery, just received at Mrs. Hunt's. School taxes are now due. County and state taxes become delinquent next Monday. Mrs. Howells has just received a large supply of new goods. Call and see them. A scarf pin, found by Captain Coe, is at this office, where the owner can get it by calling. If present arrangements are carried out, the big hotel in Idlewild will be built this summer. The frost has killed lots of fruit, but it is probable that there is still enough left on most of the trees. It would surprise you to see the new lot of boys' suits at Hanna's, which he is selling cheaper than ever. Get your front room frescoed with gold border \$3.00 to \$5.00. Kenna & Emmerson. A small scrapping match interfered slightly with the base ball game Wednesday. No damage done. Say! let me tell you something. You can get a pair of pants or a shirt cheaper at Hanna than any other man in town. Do you want a good pair of pants for \$1.50? If so, look at Hanna's new stock; they are the best in town for the price. Six strips of ladies' cloth, black, found by Mr. Distrov and left at this office, can be had by the owner calling at this office. California had a full-grown earth-quake the Tuesday morning. Many buildings were wrecked and several persons killed. Tuesday and Wednesday were the warmest days we have had this spring, being a sample of our regular summer weather. We rise to remark that Lew Morse was one of the hardest working delegates in the state convention, and to further state that there are no flies on him.

G. W. Rinehart is the democratic nominee for joint senator for Gilliam, Wasco and Sherman counties. He is from Gilliam county. Senator Mitchell says the Chinese exclusion act will not expire for two years, and this opinion seems to be generally indorsed. It has been suggested that the Odd Fellows change their programme on the 28th, and put all the candidates present next to the band. The theme at the U. B. church on Sunday morning will be "Some things about the U. B. church that some people ought to know." We are pleased to note that Mrs. Aunks was able to take charge of her school Monday morning and that she suffered no serious injury. Col. Frank Wheaton has been appointed to the command of the department of the Columbia and will have his headquarters at Vancouver. Captain Blowers has sold his handsome residence property to O. B. Hartley and Mr. Mercer, giving possession Wednesday. Captain Blowers has moved his family into the Baker house. The class concert given by the members of Mrs. Aylsworth's singing class was not very well attended. Those present, of whom we were not one, seem to have been pleased with the programme. The Third regiment holds an election next Monday for colonel. The present lieutenant colonel, George H. Thompson of The Dalles, will probably be the next commanding officer of that gallant regiment. Mr. and Mrs. Howell returned from Honduras, arriving here Sunday. We have not had an opportunity to interview Mr. Howell on Honduras, but we are told that they have no intention of returning to that place. The Hunt railroad system was sold Tuesday, C. B. Wright being the purchaser. The people of Walla Walla are highly pleased with the result of the sale, as they had feared the roads would be purchased by the Union Pacific. The Easter services last Sunday evening in the U. B. church were very pleasing indeed. The music was good and the songs, recitations and class readings by the Sunday school showed careful training and an apt lot of pupils. Hanna has just received a new and complete line of goods; furnishing goods; you can buy a pair of pants from \$1 to \$4.50, according to your fancy. Come in and see them, whether you want to buy or not. No trouble to show goods. If the weather ever warms up in Portland and the rain ceases falling, Hood River will have a large number of visitors from that point. It is only a question of time, and a short time at that, until this point is the greatest summer resort of Oregon. The salmon ran reached the locks Sunday night, so that it is probable the wheels at The Dalles will commence to catch them tomorrow evening. It takes them generally about a week to make the trip from the Cascades to The Dalles. A big catch is expected this year. The Odd Fellows' celebration on the 28th promises to be a grand affair. Excursion rates will be given by the Union Pacific and a large number of visitors are expected from Portland and way points. The Dalles will also furnish large contingent. All that is required to make the day a perfect success is a good-natured weather clerk; the rest is settled. A force of sixty men are engaged in cutting stone at the Locks, and if another appropriation is made available this summer, an immense amount of work will be done. Mr. Wiley, the superintendent, showed us a piece of wall, made of cut stone and concrete, over 300 feet long and 46 high, that was laid last fall in just thirty days. M. P. Isenberg and Mr. Nein were at Wind river during the week and were much pleased with that section. They will go again shortly, taking Mr. C. J. Hayes, our surveyor, with them for the purpose of extending a section line and getting an idea of the location of the country. There are over a hundred settlers in Wind river, notwithstanding the fact that the country is unsurveyed. The celebration of the discovery of the Columbia river will take place May 11th. Enterprising Astorians took advantage of the programme to have a real estate boom article printed on it, but got left by some other fellow who showed up on the map with a town bigger than Astoria on the north bank of the river. All parties connected with the celebration, boomers and all, are mad at one another. It is now settled that the eastern delegates to the general assembly of the Presbyterian church of the United States, to meet in Portland, May 19th, coming via the Union Pacific railway, will stop over Sunday in Salt Lake City. When they reach The Dalles, the following Wednesday, they will take the steamer for Portland. Those coming over the Northern Pacific will arrive on the evening of Wednesday, May 13th. Rev. F. M. Aunks preached the funeral sermon on the occasion of the burial of the late Velorus Lodge, and those who heard it pronounce it a masterly effort. As is usual in small communities, the people just begin to appreciate a man when they are about to lose him, and Mr. Aunks is no exception to the rule. We are sorry he is to leave us, but glad to know that his departure will cause some one else to regret.

A fine lot of home-rendered lard and Oregon hams, shoulders and bacon just received at the meat market. There will be a Gospel Temperance meeting tomorrow evening in the U. B. church at half past seven. We have some fine farm properties for sale and those desiring to purchase in the neighborhood will do well to give us a call. Dr. F. C. Brosius, having succeeded to the medical practice of Dr. E. J. Thomas, can be found at the drug store day or night. Hood River Ore., Dec 18, 1891. The Hood River base-ball club will have their uniforms by the 23th, at which time they will play The Dalles club here. It was Eastern Oregon's inings with the democracy Tuesday, the two principal offices, congressman and supreme judge, being given her. Mr. T. J. Watson came up from Portland Thursday night and we understand will at once have the property purchased from Mr. Coe platted. The Chinese Mode. J. H. McDonough has a couple of photographs in his place in Portland of the decapitation of 800 pirates in China. It is a realistic scene, where the poor wretches are down on their knees, in gangs of fifteen, each with his hands tied and waiting the approach of the bare-armed executioner with his big-bladed sword, who commences at one end of the row and chops the heads off twelve of the fifteen. Each is given the hope that he is to escape, and yet it is only a brief respite, as they are put in with the next batch of fifteen and the end is only put off a few moments. The expression on the faces of the wretches, when studied with a magnifying glass, sends the chills over one. The other picture shows the bodies and heads. These executions take place on the beach of a bay and below high-water mark, so that the tide carries the bodies into the bay, where they are devoured by sharks. It is said the sharks have been fed in this manner until the bay has become filled with them, and on the occasion of an execution they crowd up with the tide, almost getting out of the water for their prey. If you want to have a case of shivers take a look at them when next you are in Portland. Public School Statistics. Superintendent Shelley's annual report places the number of persons in this county, between the ages of four and twenty, at 2,876. Of these the males exceed the females by 28. The number of pupils enrolled in the common schools during the year is 1,347. Although seven school districts were cut out in the strip recently attached to Sherman county, there are only 38 persons less this year than last who draw school money. There are 55 school buildings in the county—31 frame, 3 brick and 2 log. The total value of school property, including buildings, school furniture, apparatus, etc., is estimated at \$53,925.19. The average salary paid to male teachers is \$51.75 per month, and that of female teachers \$42.60. There are 55 school districts in the county, which employed a staff of 62 teachers. The superintendent is now busy making out the county apportionment, which he supposes will be about the same as last year. W. C. T. U. Exercises. The following is the programme of the W. C. T. U. exercises at the U. B. church tomorrow evening at 7:30. Song. Invocation. Scripture reading,.....President Prayer. Song. Essay, Subject, "A plea against selling liquor at the Columbia exposition".....Mrs. E. L. Smith Recitation.....Chester Shutes Song, "Brave and True".....Earl, Melis, Clair Reading.....Miss Right Recitation.....Mrs. E. L. Oiler's residence one block east of the post office. Mrs. L. ARNOLD & Mrs. A. OILER. Oak, fir and pine cordwood. Seasoned stove wood apply to H. C. Coe. Will Be Visited by the Queen. Costebelle, the charming suburb of Hyeres, at which it is announced that the queen will spend the month of March, is delightfully situated on the southern slopes of the lovely Costebelle hills, and is promptly identified by Americans as "the nearest thing in Europe to a south California ranch"—though the tiny little neighboring town, with its orchestra and casino, somewhat upsets the delusion.—London Letter. Exporting Live Geese from Russia. Live geese are exported from Russia to Germany and Austria in very large numbers. An export house of Warsaw intends building special cars for the transportation of geese directly to their places of destination. If the railroad managers will grant them permission to run the cars. The ministry on roads of intercommunication was notified of the proposal of that firm, and its favorable decision is expected. The cars are to be constructed with appliances to change from the broad gauge of the Russian lines to the narrow gauge of the German lines without loss of time.—St. Petersburg Letter.

BEATTY'S PIANOS AND ORGANS.
Hon. Daniel F. Beatty, the great Organ and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000. If we average them at \$100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.
