While the base ball game was in progress Tuesday a half dozen Indians were standing back of the catcher, and occasionally giving vent to very faint applause. A gentleman asked one of them whom he was cheering for, and drawing his noble form to its full height, he gathered up the slack of his blanket and ejaculated "Hood River!"

Wm. Laughlin, brother of Mrs. J. F. Armor arrived from Ohio, several weeks ago and is much pleased with Hood River.

Hanna has just received a new and complete line of gents' furnishing goods; you can buy a pair of pants from \$1 to \$4.50, according to your fancy. Come in and see them, whether you want to buy or not. No trouble to show goods.

The brethren of the press were here numerous Tuesday. Editors Michell and Morgan from The Dalles, and Pratt, from Troutdale. The latter made us a very pleasant call, and expressed his delight at the beauties of Hood River.

A ditch company has at last been incorporated that we believe will construct a ditch. Mr. Failing, of Pendleton is, we understand, one of the principal stockholders; and the incorporators are E. L. Smith, F. H. Butten and S. J. LaFrance, of this place.

Wancoma Lodge, of this place, and Pythagoras, of the Cascade Locks, are organizing a lodge of the unimproved rank of the K. of P., and have now a sufficient number of members enrolled. It requires 27 to show up for muster, and there are now 30 on the rolls.

Morrow county against the world. Wm. Bare, of that county was divorced from his wife, tried on two indictments, received his sentence for the same, married, and was inside the state prison walls within six days. Where is the county that can beat this record. —Long Creek Eagle.

Mr. L. D. Brown, who, for a year has tried California and other places, in hopes of getting relief from a troublesome attack of asthma, has been in Hood River for three weeks, and says it is the only place where he has been benefited. He sleeps well, is gaining flesh, and we hope to see him show his appreciation of a good thing by "staying with us."

Mr. and Mrs. L. E. Crowe were here Tuesday, but not together. Mrs. Crowe came down with friends in the morning, intending to remain to the dance, but changed her mind and went home on the Regulator. Mr. Crowe thought he would surprise Mrs. C., and so came down on the evening train, and thus became the surprised party himself.

It has been suggested that Hood River celebrate the coming 4th of July with a picnic and to this end a mass meeting is to be held at Middleton's hall Saturday afternoon next at 1:30 o'clock. It is expected that everybody who can possibly attend, both from the country and town, will do so, to the end that the entire community will be represented.

The Odd Fellows' anniversary came just one day too soon this year, as Wednesday was a delightful and typical spring day. It was as deceptive, however, as a woman's smile, an aggravating bit of the poet's spring, and just enough to make us wish for more. Thursday was St. Kansas' day, bossed by the North American Rainmakers' Association, and a success in that direction.

The school children in District 2 took advantage of their school closing and the magnificent weather Wednesday, to have a picnic. They called it a Mayday picnic, because the weather clerk is out of sorts this year and the chances for sunshine are decidedly slim. Clara Blythe was crowned May Queen, after a pleasant programme, the exercises taking place in the school room.

Wednesday evening a gang of five masked men undertook to hold up the west-bound U. P. passenger train at tunnel 5 about eleven miles south of Union. The train generally slows down at that point, but the engineer saw the men, and said that they were masked, and pulled the throttle of his engine wide open. The robbers were beaten but fired a shot at the engineer to show their good will towards him.

The Third regiment held an election Monday evening at The Dalles to elect a colonel in place of T. A. Condon, who resigned. Major Libens, of Condon, was the lucky man. Lieut. Col. Thompson received 9 votes to Libens' 14. The new colonel is an excellent gentleman, and the only regret about his election is that it will probably take the regimental headquarters away from The Dalles, as well as away from the railroad.

Joe Wilson's mine in Southern Oregon continues to improve, and now there is a vast quantity of ore in sight. Joe is on the road to fortune, and inside of five years, will have six ciphers after the figures in his bank account. There is only one person in the whole wide world we would rather see have the coin than Joe, but as that person owns a country newspaper in a future summer resort, his success financially is also assured.

L. N. Blowers and wife and Captain A. S. Blowers left Monday morning for the east. The captain goes to Minnesota, to New York Mills, his old home, while Lawrence and his wife go direct to Washington, where it is probable he will enter the service of the government in one of the departments. The GLACIER extends its best wishes to them, and ventures the prediction that eventually they will all be back in Hood River.

DIED.

At San Diego, California, Sunday April 24th Ella, wife of J. H. Middleton, of this place.

Although Mrs. Middleton's death was expected almost hourly for the past month, the telegram announcing the end caused a feeling of general sorrow. She was known and loved by all old residents, and their sympathy goes out to the bereaved husband and son. Mrs. Middleton was a victim of consumption, but bore up unflinchingly to the last. The body was brought to Portland where the funeral took place yesterday.

The GLACIER has erected a temporary office between the present situation and the drug store. It is the intention to have a handsome building, for its permanent home, built during the summer, but by another issue we shall probably be in the new temporary quarters.

Mr. Will Sloan, will leave shortly by the cayuse route for Ashland.

Hot coffee and lunch at the bakery. Bread, cakes and pies constantly on hand. Bread six loaves for a quarter.

We have some fine farm properties for sale and those desiring to purchase in the neighborhood will do well to give us a call.

Salmon are running plentifully, but the river is yet too low for the wheels to do much; those caught being taken in nets.

The deed to the lot on which the armory stands was turned over to the company by W. P. and T. J. Watson, Wednesday.

Pythagoras lodge K. of P. initiated ten members in the knight rank, Thursday night. Captain Coe, Geo. Prather and George Coleman of Wancoma lodge went down to assist in the work.

Dr. F. C. Brosius, having succeeded to the medical practice of Dr. E. J. Thomas, can be found at the drug store day or night.

Hood River Ore., Dec 18, 1891.

We are now prepared to do dress-making and plain sewing. Prices reasonable. Please call and see us at Mrs. Mattie A. Oiler's residence one block east of the post office.

MRS. L. ARNOLD & MRS. A. OILER.

There were numerous candidates at the Odd Fellows' picnic Tuesday. Balch and Ward, who are both after the sheriff's office, walked side by side in the procession, and you would never suspect from their friendly actions that either of them would life.

The Product of an Acre.

To show the productiveness of Hood River soil we give below the actual product of one acre of ground last year, the same being cultivated by Mr. D. D. Rogers, who is 78 years of age: Three tons of hay, forty bushels of apples, forty bushels of peaches, 1,000 pounds of carrots, 150 hills of tobacco, 300 pounds of tomatoes, a two horse wagon load of watermelons, 1,000 pounds of prunes, and berries, cherries, grapes and vegetables enough for his family.

A Fine Speaker.

Captain George W. Bell will deliver an address here Saturday, May 21st, at 1:30 p. m. He is a writer on political economy, a fine speaker, and thoroughly posted on the subject of tariff, which will be the subject of his address. A cordial invitation is extended to all, especially the ladies, to attend. We had the pleasure of listening to Captain Bell and can assure our readers that however much they may differ from his views, they will be well repaid for the hour given him, and they will hear the question discussed logically, pleasantly and instructively and we can safely promise that there will be no tiredness about it.

Dime Social.

The Ladies Aid Society are to have a dime social at the residence of Mrs. J. E. Hanna Thursday, May 5th. The nimble dime will purchase a dish of ice cream and a piece of cake and two dimes will purchase twice as much. There is no limit on the number of plates of ice cream, pieces of cake or dimes. There will be games and amusement for all and a general social gathering. Do not forget the time and do not forget to go.

Steve Wood.

Do you want a bargain? If so, take heed to what follows. B. B. Tucker will sell for spot cash 100 cords of wood cut in 16-inch lengths, for \$125. Just think of it! Three hundred ricks of stove wood—100 full cords—for less money than it can be cut for. The wood is first-class and is at Tucker's mill. If you want a bargain get there first.

The Ball Supper.

The supper for the Odd Fellows' dance Tuesday evening was furnished by the Women's Relief Corps, and was a credit to their culinary skill. The tables didn't groan, because Hood River tables never groan when they are full; they simply stood meekly under the load of good things piled upon them. Everything eatable was provided and lots of it. Indeed, after filling over a hundred hungry dancers, the ladies had so much left that a dinner at which fifty were fed, was served Wednesday, and there was enough left to feed a company of soldiers. The ladies worked hard, but have the satisfaction of knowing that everyone was more than gratified with their entertainment and also that the funds of the corps were materially increased.

Death of James Hawkins.

James Hawkins, who has been a resident of this section for several years, died at the residence of Mr. J. T. Delk Sunday morning of cancer of the stomach. He had been ailing for a long time, and, knowing that death was near at hand, showed no fear of its approach. He was an excellent man, honest and upright, and bore his afflictions with heroic fortitude. The unselfish action of Mr. Delk in taking him into his house and caring for him without hope of reward, deserves the highest praise. The funeral was largely attended, the Odd Fellows, of which order he was at one time a member, being well represented. No religious services were conducted at the grave. Mr. Foster making a few brief but well chosen remarks, an appropriate tribute to the dead. This was the first interment in the new Odd Fellows' cemetery.

Why cough, when S. B. will stop it.
BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Oregon and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000, if we average them at \$100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.
