Mt. Hood Takes a Smoke.
All day Tuesday a steady column of smoke and steam ascended from Mt. Hood. Parties living only twelve miles from the mountain tell us the column was as plain marked at times as the smoke from a chimney. It is possible the recent eruptions in California have had the underpinning of the old volcano and stirred it up to the erupting point. At any rate, dozens of people living in the valley noticed the steady all-day smoke, and as our informant was almost at the base of the mountain, it is not probable he was mistaken.

At the residence of the bride's sister, Mrs. A. B. Jones, Sunday, May 1st, Joseph W. Morton to Miss Pearl Groshong, both of Hood River. Rev. F. M. Aunks performing the ceremony.
The young couple left for Portland by the evening train, and it was a close call, too, as the train had started to pull out as they reached the depot, but stopped for friends. The best wishes of a host of friends go with them on their bridal trip, and will remain with them on their return.

Mrs. Evans was a member of the Episcopal church, though at the time of her death not a communicant. She was of retiring disposition but numbered as friends all with whom she came in contact. Hon. E. L. Smith delivered an address at the grave which is spoken of by just tribute as being a glowing but just tribute to the deceased.

BEATTY'S PIANOS AND ORGANS.
Hon. Daniel F. Beatty, the great Organ and Piano manufacturer's building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and his indomitable will has worked his way up to sell so far nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have turned any ordinary man forever, he turned to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000, if we average them at \$100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.
