

Hood River Glacier

HOOD RIVER, OR., JULY 16, 1892

THE MAILS.

The mail arrives from Mt. Hood at 11 o'clock A. M. Wednesday and Saturday; departs the same days at noon. For Chowwoc, leaves at 8 A. M. arrives at P. M. Saturday. For White Salmon, leaves daily at 8 A. M. arrives at one o'clock P. M. From White Salmon leaves for Felda, Gilmer, Trout Lake and Glenwood Mondays, Wednesdays and Fridays.

BRIEF LOCAL MATTERS.

Matting 20 cents at Bartmess'. 2-bit cigars at the Drug Store. A fine line of fresh cigars at the Drug Store. You can suit yourself in a smoke, according to your pile, at the Drug Store. A slight east wind prevailed Thursday.

Does S. B. get there? Well I should smile. S. B.

Pictures framed to order at the furniture store.

All kinds of country produce bought and sold at Harrison's.

Ice for sale, pasture and houses to rent. Enquire of J. H. Gerdes.

Such and doors at Portland prices, at the Hood River Mfg. Co's store.

Best quality of Roche Harbor lime at \$1.40 per barrel. W. E. BARTMESS.

A large supply of handsome wall paper just received by S. E. Bartmess.

We have been appointed agent for the sale of Joseph A. Weston's property.

First-class cedar shingles \$2.55 per one-thousand, at Hood River Mfg. Co's store.

Mrs. J. E. Hanna went to Eugene Wednesday to visit her sister, Mrs. J. E. Hanna.

A \$200 per barrel for Hnatungon lime, the best in the market at the Hood River Mfg. Co's store.

Harvesting is about over and the grain crop is good. The potato crop will not be as good as usual.

A fine lot of home-rendered lard and Oregon hams, shoulders and bacon just received at the meat market.

Mrs. Homer McFarland, of Heppner, is visiting her parents Mr. and Mrs. A. B. Potter, arriving Thursday.

We are glad indeed to state that Col. Ellis is rapidly recovering from his injuries, and will soon be able to be about.

Eld. Jenkins, will preach at the Odd Fellows hall tonight and tomorrow at 11 a. m. At the new armory hall at 3 p. m.

Cord wood is accumulating rapidly alongside of the spur, the Hecoby brothers being the principal cause of this state of affairs.

If you want your house insured, remember that this German American, for which we are agent, is one of the largest and most reliable in the world.

Mr. Geo. H. Himes "the printer", of Portland, attended the meeting of the horticultural society here during the week and reported the meeting for the Oregonian.

Mr. Phelps took his family to his place at Sandy Flat Wednesday. Arkeley Lindsey went with them. They are out on a pleasure trip and are expected home today.

A special train followed the regular east-bound passenger Wednesday, carrying 350 regular soldiers from Vancouver to Wardner, the scene of the recent labor troubles.

Reports from all over the county are to the effect that the wheat crop is not so badly injured as was at first reported. In many sections the crop will be fully up to the average.

The steamer Dalles City made the trip from Portland to the Locks Tuesday, a sort of experimental trip. It is expected regular trips will be made by boats of this line in a couple of weeks.

Julius Baldwin of The Dalles made us a pleasant call Wednesday. In company with Messrs. French and Presser, both typos, he was going to Wind river for a week or two of outdoor recreation.

The Geo-Mathias boat, which was expected to be finished a week ago, is still on the ways, her launching having been delayed by the non-arrival of the propeller and some minor machinery.

Rev. Daniel Staver will preach at the First Congregational church in the valley Sunday, at 11 o'clock a. m., and at the Riverside Congregational church at 8 o'clock p. m. All are invited to attend.

Helen, daughter of George Thompson, formerly clerk of this county, died at Arlington Sunday of diphtheria. It is said to be the only case in that city, and that the disease was contracted in The Dalles.

Those having grain to thresh will take notice that an extra charge will be made for threshing loose grain long straw. This becomes necessary in justice to those who put their grain up in good shape.

Mr. E. Cowell of Stillwater, Minnesota, made us a pleasant call Wednesday. He is engaged in the newspaper business and will leave for home Monday. Mrs. Cowell, who has been visiting her sister, Mrs. Bishop, will return with him.

Those who subscribed for Army stock are notified to come forward and settle for the same. The greater portion of the stock subscribed for has been taken and paid for, and as there is a small indebtedness yet, those who have taken their stock relying on the promise of others to do the same feel that they are being treated badly.

Henry McNulty of Mosier was arrested and bound over to appear before the grand jury by Justice Davenport of Mosier, last week, charged with making a criminal assault on Mrs. Annie Grandlund, the wife of a section hand. His bonds, fixed at \$1,000, were furnished by his father, Capt. McNulty. About a week before this occurred a man named Pohlby was bound over on a charge of assaulting Viola G. on near Cats' mill.

We understand the Sunday schools or most of them are planning for an excursion and picnic, on the Regulator to the Locks on July 28. Arrangements have not been fully made yet but doubtless particulars will be published next week.

Smallpox is prevalent in Victoria, and all Puget Sound ports have quarantined against that place. There are no doubt exaggerated rumors as to the number of deaths, but it is quite true that several deaths have been caused by it the past week.

Mr. G. A. Lindsay, Dr. Brosius, stepfather, T. A. Templeton and Ned Gillette, all of Kenosha, Nebraska, are visiting Dr. and Mrs. Brosius. They expect to remain for a few weeks and are all highly pleased with Hood River and its beautiful valley.

Mr. E. C. Miller presented us a box of fine Early Crawford peaches Monday. They were raised on the old Hayes place, which the Miller brothers have leased. The peaches were large and luscious and our thanks for them correspondingly great.

We had expected fully to get the report of the county commissioners from our Dalles contemporaries but got left, as they did not print it. Next court we will arrange for getting the list of bills. If the county has an official paper it should see that the printing is done.

Mr. L. D. Brown and P. J. Cronin of Portland are camping at the East Fork bridge on the Mt. Hood road. Mrs. A. K. Middleton and family and Mrs. and Miss Bone went out from here Thursday to remain at the bridge for a short time, when they will go on to Cloud City.

It is reported that the U. P. steamer, the S. Baker will be put on the route soon, with Captain Wilson in command, and it is said to use the same portage instead of the company's road for transferring her freight. This means a little sharp practice to head off the Regulator.

Tuesday and Wednesday evening there were quite a number of reports of Northern lights, being witnessed by some of our citizens. The first one Wednesday night they were especially fine and about 11 o'clock just as the moon was rising a very bright ray shot up directly behind Mt. Adams, giving it the appearance of a volcano.

The plaintiffs in the case against the Oregon Lumber company for the waters of Phelps creek, having recovered judgment, have turned out all the leaders and hew men employed in violating the right to see that no water is taken from it. The owners in Ditch creek turned out their water from the company's dam into Phelps creek and being refused the right to take it out again.

Captain A. S. Bowers and son Sammy, were over from White Salmon, Friday. The Captain looked in on us for a few minutes, said they were well pleased with their home the only fault they could find being that it was a little too narrow. He is erecting a store building the same size as the one occupied by the P. C. of this place. Lawrence is having the work pushed on his dwelling as rapidly as possible.

The Young Peoples Societies of Christian Endeavor, The Union the First Congregational and the M. E. societies will hold a union at the First Congregational church July 24th at 1:30 p. m. The object of the meeting is to hear the report from the International convention held in New York, and to cultivate a friendly feeling and better acquaintance among the societies. All young people and friends of the Endeavor, are invited to be present.

A young gentleman named Lowen of St. Louis, Missouri, while fishing with Mr. Russell of The Dalles, near the Winans place, undertook to climb down the bluff into the west fork, although advised by Russell not to do it. He slipped and fell, tearing his hands badly on the rocks, and finally fell over the perpendicular bluff a distance of forty feet, landing on the rocks. Fortunately no bones were broken, but the victim of inexperience and foolhardiness was badly bruised and lacerated.

The Horticultural Meeting.

The State Horticultural Society meeting here Tuesday and Wednesday was of deep interest. The attendance was not as large as expected, either by members of the society, or Hood River people. At least 75 members of the society were expected, and only about 20 came. The meetings were held in the U. B. church, the first at 1:30 Tuesday afternoon. Hon. E. L. Smith made the address of welcome which was responded to by president of the society, Dr. J. R. Caldwell. Owing to absence of members who were to read papers the program could not be carried out. Mr. Hendershott, of Cove, was down for the first paper but not being present, Mr. Carson, of Grants Pass, read a very interesting paper on the prune. Incidentally the question of planting came up, and this subject, and those of sub-soil and drainage, were thoroughly discussed. Mr. Carson stated his idea to be to plant 20 feet apart, while W. P. Watson, who is really an authority insisted on closer planting, referring to Mr. Baekus orchard here, and to the Denton orchard at The Dalles, which he said was planted six feet one way and six inches the other. We regret that lack of space prevents us giving the papers in full but it is impossible. Every subject taken up was thoroughly discussed, and every meeting was interesting in the extreme. The society voted to adopt the Oregon grape as a state flower. Wednesday morning our visitors were taken for a ride through the valley and were both astonished and pleased at the magnitude of the valley and our soil and climate. Wednesday evening Mrs. Heald and Miss Ann Smith favored the society with some fine music on the piano, and Mr. S. J. La France and Miss Eliot, each with a song. After deciding to hold the next meeting at Newberg, the meeting adjourned. Most of the horticulturalists returned by the Thursday morning passenger to Portland.

The Phelps Creek Water.

The resort to force seems to be the accepted plan of righting all wrongs this summer. The case at Homestead and the nearer one at Cour d'Alene emphasize this statement. Hood River has an example in a small way of the same thing, only in our case it is not probable that there will be any bloodshed. The difficulty arises over the waters of Phelps creek, recently awarded to the riparian owners of said creek by a decision of Judge Bradshaw's in a suit against the Oregon Lumber company. Heretofore more or less of the company's water procured from Ditch creek has been turned down Phelps creek, but this has been stopped, all except 36 inches owned by Mrs. Hutton, M. B. Potter and perhaps others. This 36 inches of water, it is claimed by its owners, is turned into Phelps creek, and Warren and other riparian owners of Phelps creek refuse to allow the water to be taken out. The result is that the ditches have been cut off from the creek by one party only to be repaired and the water turned in again by the other. As the matter stands now, each side has men employed watching their ditches. If both parties would quit quarreling, examine the law on the subject, which is plain, and abide by it, the trouble would be settled without further ill feeling, and substantial justice would be done. The individual rights of the riparian owners of Phelps creek have not yet been adjudicated upon, which complicates matters somewhat, but we believe an amicable settlement could and should be made.

County Court.

In the matter of the petition of L. Swilman and others for a county road, ordered that matter be continued to September term on account of remonstrances.

Ordered that the salary of stock inspector be fixed at \$500 per annum.

Report of viewers and surveyors of Road No. 212 read, also complaint of F. G. Barrett that he would be damaged by said road; viewers appointed and ordered to report at next meeting.

Ordered that A. G. Hall be directed to collect the property of road district No. 1 and report at next term the condition of affairs of said district.

Rebate of \$6 88 allowed F. W. Skible on taxes for 1891.

Report of Troy Shelley, superintendent of schools, read and placed on file.

Resignation of Vernon Roberts, stock inspector, read and accepted. He is directed to report his proceedings during his term of office, on the approval of which his bondsmen will be exonerated.

Henry Hudson, surveyor of district No. 14, allowed 1,000 feet of lumber for bridge, delivered at Boyd for \$14.

It appearing from the petition of H. A. Leavens and fifty-seven others of Falls precinct that neither of the two constables elected for said precinct have qualified, it is ordered that J. F. Trana be and hereby is appointed constable of Falls precinct.

Ordered that all bills and claims against the county be presented and filed with the county clerk before the meeting of county commissioners on the first day of each regular term, or consideration thereof will be deferred until next following term.

Ordered that the county clerk prepare a full statement of the financial condition of the county up to the adjournment of this term of court and present the same at the next regular term thereof.

The petition of W. H. Dufur, S. A. Roberts, J. H. Jackson, Ed Fitzpatrick, F. M. Thompson, W. N. Wiley and Philip Knowles, applicants for the position of stock inspector, were read and considered, and after due deliberation F. M. Thompson was appointed stock inspector for Wasco county, to hold the office until July 1, 1893. Said Thompson to file a bond in the sum of \$1,000 for the faithful performance of his duties.

To Fruit Grower.

The committee appointed by the State Horticultural society in January last to prepare and make an exhibit of the horticultural products of Oregon at the World's Columbian Exposition, to be held at Chicago in 1893, have just received a shipment of nearly a car load of glass jars in which to put up fruit for the exhibit. These jars are made especially for exhibit purposes, and are without question the finest exhibit jars made. They are of all sizes, from one quart to seven gallons, and when filled with Oregon fruit will certainly make a very elegant exhibit.

The committee are now ready to receive fruits of all kinds with which to fill these jars. It is not only desired that the very best of all kinds that are grown in the state shall be thus secured, but that all parts of the state shall be represented. The name of the grower, with the address, together with the name of the fruit, will be placed upon each jar. All fruit or other material for this exhibit must be sent or delivered to E. W. Allen, 272 1/2 Stark street, Portland.

Fruit should be picked as soon as it has attained its full size and color, the greener the better. It should be handled with great care, so that no bruises shall be on any of it. It should be handled as little as possible. Clip the fruit from the trees with shears and pack in soft paper, and ship by express, as

above. Not less than two quarts or more than eight will be wanted from any one person of any one variety. Fruit clusters on limbs of all kinds will be wanted. The committee reserves the right to reject any fruit that they may deem not worthy.

E. W. ALLEN, Chairman.

A. H. CARSON, Secretary.

Our Strawberries.

The express company's books show that a trifle more than 5,000 crates of strawberries were shipped from this point during the season just closed. These crates averaged 24 pounds each, and the larger portion of them went to Butte and Helena, Montana. Sixty tons of strawberries at an average price of \$250 per ton would give us the net price for the crop here, \$15,000. As a matter of fact, the actual results were somewhat better than this, as the lowest price quoted here was \$2.60 per crate, and the first berries sold as high as \$6.00 per crate, or 40 cents a pound. There is practically no limit to the market for Hood River berries, and it is probable the prices with ten times the yield would drop but little if any. The mistake was made this year of glutting the Helena market, almost the entire crop going there; but even with this bad management the lowest price of Hood River berries netted \$2.90 per crate to the shipper here. The industry will bear extension, and we doubt not the yield next year will be one-half larger than that of 1892.

On account of sickness, I will sell my place three miles from Hood River. I have 45 acres under cultivation and 5 acres pasture, 100 fruit trees just commencing to bear.

M. H. NICKELSEN

Good number 8 second hand cook stove for sale at Harrison's.

That Marvin Rand has the finest brands of cigars, and an excellent stock of choice candies. He will have ice cream every Sunday, and lemonade, soda water etc., every day.

BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell six or nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles hid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000, if we average them at \$100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.

NOTICE FOR PUBLICATION.

Land Office at Vancouver wash, June 23, 1892.

To Donald Cameron and all whom it may concern.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before W. R. Dunbar, Commissioner United States Circuit Court for District of Washington at Goldendale wash, on August 31st 1892, viz:
