The democratic papers claim that Portland will go democratic this fall, this result being caused by the determination of the Hebrews to vote for Cleveland. Should all of them do so there can be no doubt of the result, for they are as numerous as forest leaves.

Do not neglect to attend the water meeting to-day. The committee will report, and very likely steps will be taken to employ a surveyor. Be on hand to give the matter all possible encouragement.

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large, wide, paved streets and alleys, good water, pure cold water and shade in profusion, perfect drainage, delightful woodland scenery, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unexcelled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir woods in the Pacific Northwest, and is well situated for the manufacture of lumber, with water, surrounded by well and fertile lands that cannot be exceeded anywhere in the West for agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
