Mrs. Howell's had a new stock of millinery goods arrive from San Francisco yesterday. Call and see them.

There was a dance last night at the armory, too late to furnish a real live item, as we went to press before that time.

Senator Mitchell and Congressman Ellis addressed the citizens of The Dalles on political questions Wednesday evening.

M. P. Isenberg moved his family to the ranch recently purchased from Captain Duke, and the latter gentleman has moved into the Isenberg dwelling house.

The semi-annual meeting of the county farmers' alliance will be held at Nansene, commencing Tuesday morning, Nov. 1st, at 10 o'clock. There will be ten delegates from this valley.

Charles Early, went over to Chenoweth yesterday, and will move over soon to make it his home. Charley is a good democrat and intends to hold his residence here until after the election.

Sidney Young, The Dalles jeweler, desires to say that he is still in business and can be found in L. G. Nickelsen's store on Second street, next door to his old stand. Watch repairing a specialty.

Miss Anna Hengst, who has been at her parent's home near Mt. Hood for a week's visit, is again home in the Baker house, where she is prepared to do all kinds of sewing. Suits range in price from \$3 to \$9.

At the U. B. church Sunday morning the theme will be "Value of the word." Baptismal service at the close of the sermon. In the evening the subject will be "Leadership." A welcome to all.

Saturday is grinding day at Harrison Bro's mill until business in that line increases. Near neighbors are all ways ready to give precedence to those from a distance, so they need not go home without their grist.

Messrs. English & Woodward have leased the lot across from Middleton's store building, for five years, and are getting the lumber on the ground preparatory to erecting a two-story business building, work on which will be commenced at once.

Jim Langille has been trying to look after himself in the absence of Mrs. Langille, and Thursday cooked his own breakfast. The first break he made was to get a lot of concentrated lye for lard, and therein fried a hearty feed of potatoes. He said they made a dickens of a fuss, popping and jumping out of the pan, and that they did not taste like Mrs. Langille's cooking, but he ate some of them and tried to imagine they were of fine flavor. If anyone were wanting of Jim's perverseness, this incident furnishes it, for with a half pound of concentrated lye in him, he tells the truth without stuttering, and apparently without serious effort.

Rudolph Hoyting was over from Gilmer, Washington. He tells us the hay crop has been phenomenal and the crop of young Washingtonians at least equal to it. There is a brand new girl at his house and boys at John and Herman Felner's, and Mr. Roberts of Fulda is also in the list. Mrs. Chapman is putting up a dwelling house at Fulda, and the surveyors have been sectionizing a township north of Chenoweth, into which many new settlers are moving.

Frankton Notes.
The celebration of Columbus day by the school here passed off in a happy and pleasant manner. There was a large attendance of parents of the pupils and others from a distance. The school room was very neatly and appropriately decorated. Above each of the ten windows was placed a branch of cedar pinned to the wall by a white star. Three more stars on the decorations in the rear of the platform completed the thirteen. On the teacher's desk and in other parts of the room were handsome bouquets of flowers. On the wall behind the teacher's desk were the letters, in red, white and blue, "Columbus day, Oct. 21, 1892," and the dates 1492 and 1892 on the left and right. The decorations and lettering were the work of Mrs. E. Locke and Miss Muggie Locke. Rev. J. W. Rigby, E. D. Calkins and S. F. Blythe, being the only veterans present, had the honor of raising the flag. Mr. Calkins called for three cheers for the flag, which was responded to with a will by all present. The school then saluted the flag, Rev. Mr. Rigby offered a prayer, Mr. R. S. Andrews, the teacher, read the president's proclamation, the school sang "America," and the scholars and visitors assembled in the school room. The readings, recitations and singing were gone through with in a very acceptable manner, after which Mr. Andrews called upon the visitors for remarks. Mr. Rigby gave an interesting talk on the life of Columbus, which showed that he was well versed in the history of those days. Mrs. M. B. Potter and Mr. E. D. Calkins also made short addresses. The audience was then dismissed, the school marched out, and visitors and school all felt that our celebration had been a success.

Mrs. Keene, who has been visiting relatives on the Sound, returned to Hood River last week. Mr. Keene is running a wood saw in Albina, and the family will reside there this winter. Rev. Mr. Runyan, of Lyle, Washington, is visiting Mr. B. Warren. Mrs. Julia Harn and daughter Emma are visiting friends in the neighborhood.

A tramp entered the house of Con Repp, one day last week, and took his best suit of clothes and a watch. Mr. Repp followed down the river several miles but could not trace the thief. Mr. M. Foley is again sick with another carbuncle on his neck.

The Ditch.
At the water meeting last Saturday the Smith survey was adopted and arrangements made for constructing the ditch on that survey at least as far as the same extended on the east side. New articles of incorporation were found to be necessary to correct an error of the location of the head of the ditch, and these were filed Tuesday. The subscription, or stock books, are now open at J. E. Hanna's store, and several thousand dollars have been subscribed. It is now in order for those who subscribed stock to put their names on the stock books. As soon as one-half the stock is subscribed, which will be \$10,000, an election will be called and directors chosen. This will put the company in condition to begin work, and hence every one who has subscribed should come forward and sign the stock books. This is the beginning of a new era for Hood River, and every citizen should aid in the good work to the utmost of his power.

A Flume Needed.
There are several thousand cords of wood banked along the railroad, but the demand seems to be light. Hood River has the advantage of freight rates in wood to the country east of us over all points except Mosier, but the distance the wood has to be hauled prevents it having the necessary advantage in price. With a flume built up the east side, the farmers could find a market for their timber which is now destroyed in clearing the land, and at the same time wood could be sold at a figure that would give Hood River a monopoly of the trade.

A Medley.
The ladies will give an entertainment at the Armory, Friday evening October 11th. There will be twelve stands presided over by twelve ladies, dressed to represent the months, and at each stand will be sold the entables appropriate to the month represented. There will also be a short literary entertainment, and the guests will be welcomed by Uncle Sam and George and Martha Washington.

DIED.
At The Dalles, Saturday morning, October 23d, Hon. C. N. Thornbury, aged 66 years.

Of Judge Thornbury nothing but good can be said. He was an upright, honest man, and true to his principles and his friends. He was well known through the northwest, and leaves many sincere friends to mourn his loss.

BEATTY'S PIANOS AND ORGANS.
Hon. Daniel F. Beatty, the great Organ and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000, if we average them at \$100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.

The undersigned being located near Hood River, wishes to inform parties who may be desirous of having surveying done, that he is a practical surveyor of many years experience, and that work entrusted to him will be performed with dispatch and correctness. He takes pleasure in referring to Mr. A. S. Blowers, chief surveyor, Washington, for a list of his work, and for whom he did county work as county surveyor, up to his ability. Parties wishing me at Hood will receive prompt attention.

Our trees are frequently in bearing the 2nd year from setting out. Will send references to substantiate this assertion. Apples, Peaches, Plums, Cherries, Quinces and Apricots. Small fruits in variety, ornamental trees and shrubs, and 40 varieties (out of 100 tests) of roses. Specialties, Prunus. Several varieties of New Peaches and Early Teas Blackberries.
